RESPONSE TO ANALYSIS OF FEC AND REQUEST FOR CONCILIATION

Deborah Turner acknowledges receipt of the legal and factual analysis of the FEC concerning campaign contribution to Walt Roberts. Deborah Turner agrees that she made the contribution listed in the factual analysis. At no time did Gene Stipe or any member of the Stipe Law Firm request that she make the donation or to her knowledge provide any funds to do the same. Deborah Turner was an employee of the Stipe Law Firm at the time she made the contribution. Deborah Turner received the money from Charlene Spears, another employee of the Stipe Law firm and in turn made the donation at the request of Charlene Spears. Deborah Turner received cash and then made a donation. At the time of the donation, Deborah Turner was unaware it specifically violated any campaign laws. Deborah Turner now knows this was an improper donation. Deborah Turner requests pre-probable cause conciliation as per the letter of October 13, 1999.

Dated this 9th day of December, 1999,
