Dear Mr. Jordan:

RE: MUR 5111

In response to your letter dated October 12, 2000, received on October 17, 2000, I am writing as Treasurer of the Citizens for Greenleaf Committee and on behalf of Stewart J. Greenleaf and James H. Shacklett III, Treasurer of the Greenleaf for Congress Committee, who also received your letter, to request a thirty day extension from the stated due date of November 1, 2000 (15 days from our receipt of your letter). If granted, this extension will move the deadline to December 1, 2000.

The complaint requires the Committee to obtain information from Republican Party officials deeply involved in the upcoming elections and with whom it is extremely difficult to correspond at this time. This extension would permit us to completely gather the necessary information, fully prepare our response and deliver it to you in a timely manner.

I greatly appreciate your cooperation in this matter.

Sincerely,

P. Richard Stauffer
