Subject: Extension Request

Ms. Abellera:

I just was authorized to request an extension to respond to the Commission's reason to believe finding (MUR 5279). As such, Bill Bradley for President, Inc. requests a 30-day extension in order to prepare/complete a response to the Commission's letter.

As we previously discussed, the committee is in a close-down phase and no longer maintains an office organization. This situation has delayed the committee's receipt of mail, as mail is now directed to a post office box that is periodically checked. In addition, this situation has impaired communications among key decision-makers, as all have moved on to other endeavors.

As we discussed last week when we spoke of an extension, the committee's key decision-makers are presently on vacation/traveling. Due to this, the committee has not been able to completely compile and collectively review all the materials that are to be included in the committee's response to the Commission's letter. It is for this reason that the committee asks for an extension of time to respond.

Please advise me at your earliest convenience as to a decision on this request. (In advance of such response, please confirm receipt of this message.)

Should you have any questions/concerns related to this request, please contact me.

Thank you for your consideration in this matter.

Sincerely,
Peter D. Nichols
Assistant Treasurer
Bill Bradley for President, Inc.
