Based on my analysis of publicly available campaign contribution information, I believe numerous illegal campaign contributions have been made to John Edward Swallow, candidate for the Utah 2nd Congressional District. All data were found on the above date on the internet web site: www.opensecrets.org

Therefore, I hereby file this complaint.

The apparent and suspected violations include:

- Annual individual contributions in excess of \$1,000
- Contributions made in the name of children in order mislead and circumvent individual contribution limits.
