THIS IS THE BEGINNING OF MUR # 552

73040152100

FEDERAL ELECTION COMMISSION

1125 K STREET NW
WASHINGTON, DC 20463

April 4, 1978

Mr. Robert J. Luellen
1521 Castle Hills Drive
New Castle, Indiana 47362

Re: MUR 552(78)

Dear Mr. Luellen:

The Federal Election Commission has reviewed the allegations of your complaint dated March 10, 1978, and determined that on the basis of the information provided in your complaint, there is no reason to believe that a violation of the Federal Election Campaign Act of 1971, as amended, ("The Act") has occurred.

Accordingly, upon my recommendation, the Commission has decided to close its file in this matter and in the absence of any apparent violation, to make no referral to the Department of Justice.

Title 18, Section 595, which you cite throughout your complaint, is under the jurisdiction of the Department of Justice. Should you wish that Department to consider whether any violation under this section has occurred, you are free to redirect your complaint to the Public Integrity Section of the Justice Department for appropriate attention.

Should additional information come to your attention which you believe establishes a violation of the Act, please contact me. The file reference number for this matter is MUR 552(78).

Sincerely,

William C. Oldaker
General Counsel

FIRST GENERAL COUNSEL'S REPORT

DATE AND TIME OF TRANSMITTAL MAY 29 1978
BY OGC TO THE COMMISSION _____

MUR NO. 552
DATE COMPLAINT RECEIVED _____
BY OGC 3/17/78
STAFF _____
MEMBER Seyfarth

COMPLAINANT'S NAME: Robert J. Luellen

RESPONDENT'S NAME: Judge David Hayes

RELEVANT STATUTE: 18 U.S. C. §595

INTERNAL REPORTS CHECKED: None

FEDERAL AGENCIES CHECKED: None

SUMMARY OF ALLEGATIONS

Luellen was a Republican Congressional candidate in the 1976 primary and has filed as a candidate for 1978. He alleges that Judge David Hayes of the Henry County Superior Court, slandered him in May, 1976, in violation of 18 U.S.C. §595. He alleges that in a hallway of the courthouse, Judge Hayes stated that he, Luellen, was not the man for the Congressional office.

Referring to our letter to him in MUR 542, where we suggested that he redirect his complaint in that matter to the Department of Justice (also a 18 U.S.C. §595 allegation), Luellen now asks that this matter be referred to the Justice Department by us.

LEGAL ANALYSIS

Slander is not covered by the Act and 18 U.S.C. §595 is not within the Commission's jurisdiction. Finally, under 2 U.S.C. §437d(a)(10), the Commission may refer "apparent" violations to appropriate law enforcement authorities. No apparent violation of any laws is stated by complainant.

RECOMMENDATION

Find no reason to believe that the Act has been violated; send attached letter advising him of this and of the Commission decision not to refer the matter to the Department of Justice, and suggesting that he write to the Justice Department.

EXTRA LONG SOFA and love seat. Ex. cond. Can be seen at...

Now is a good time to use the Want Ads to help you sell items that other people want and you no longer need. Call 529-1111 between 8 a.m. and 2 p.m. to get your ad in the following day's paper.

and Palestinian guerrillas and Tyre. But the shooting had died down from previous days.

Seven days ago Israel launched an air, land and sea attack to clear Palestinian guerrillas from the area along its northern border. The operation followed a Palestinian terrorist attack in Israel which killed 35 Israelis.

The Israeli announcement came as Prime Minister Menachem Begin was meeting with President Carter in Washington and as the United Nations tried to work out details of a U.N. peacekeeping force to go into southern Lebanon.

There was no immediate indication if Israel had taken a unilateral action in announcing the cease-fire and whether the Palestine Liberation Organization would go along with an end to hostilities.

The Israeli army claimed to control all of southern Lebanon up to the Litani River, except for a small area around the port city of Tyre.

A token U.N. peacekeeping force was waiting to move in when fighting stopped, but U.N. officials in New York said it could be "weeks or months" before Israel heeded the Security Council's demand to withdraw its troops from Lebanese territory.

The Israeli army reported shelling guerrilla positions and the level of fighting had dropped.

Independent observers in Lebanon said the south was comparatively quiet after intensive Israeli bombardment of Tyre and other guerrilla fallback positions north and south of the Litani on Monday night.

Shakun

He, his wife, Gloria, and their three sons will be moving soon to New Castle.

Lincoln Day Dinner Reset

A Lincoln Day dinner scheduled for Wednesday evening by Henry County Republicans has been postponed until April 26 due to the energy crisis.

There have been no changes in the program. John K. Snyder, former state treasurer and a candidate for that office, will be the speaker.

General chairman for the event is Mrs. Judith S. Robbins, assisted by Mrs. Marylee Pope and Mrs. Ruth Hayworth. Dinner will be at 6:30 p.m. at Smith Building, Memorial Park. Tickets are available from all Republican precinct committeemen and GOP office holders.

Mrs. Robbins said that the dinner will not be postponed a second time even if it has to be held in candlelight and everyone attending has to wear a coat.

Impact of Severe Winter

ailments, home economic, business and vocational education classes were most directly affected because of their use of electric heat. For a time, classes went to the gym and utilized facilities with alternate power sources. With the easing of curtailments to a 40 percent level and with conservation-minded scheduling, the classes are not suffering from restrictions.

This was not the first winter of fuel shortages and sky-rocketing fuel prices. In speaking of fuel predicaments, past and present, Dr. Borders cited as an example gasoline costs in the system have risen 340 percent since 1970.

Conservation and fuel flexibility are the prescriptions for the system's operations. Dr. Borders feels a 25 percent reduction in electrical usage will remain a way of life in the aftermath of winter 1978. Although he did not feel immediate savings would be realized because of the cost-adjustment factor expected in utility bills for the curtailment period, he hoped savings would be realized by cutbacks as utility costs continue to rise.

Flexibility is seen in the two elementary buildings under construction which have power source possibilities

being built into them. The buildings can be operated by electricity, fuel oil or natural gas and in the future could be adapted to solar heating by the addition of collecting panels and condensation tanks. Should a fuel source become scarce, an alternative could be used.

In the snowiest winter of Indiana's weather-recorded history, New Castle schools missed an unheard of 12 full and two half days due to ice and snow conditions.

An elaborate network of people plays a part in the superintendent's decision to close school because of weather. The sheriff's office, state police, national weather advisors at Indianapolis International Airport, county officials, director of transportation and maintenance personnel all are consulted. The director of transportation is out checking roads by 2:30 a.m., and when school is a possibility, the building and grounds director has personnel clearing parking lots and walkways by 3:30 a.m.

Severe cold and wind chill factor, in addition to road conditions and weather predictions, have to be considered. Because the New Castle system does not transport all students attending, walking

as well as driving conditions, are viewed. A seemingly good contingency of operating on a one or two-hour delay was not as desirable as it appears, according to Dr. Borders, and for many reasons.

First, he asked, "How do you second guess the weather? How much of a delay? How long will the fog last? When will the snow or ice melt in roadways?" Also, many parents work and children could be home for an hour or so unattended. Third, traffic patterns are a major concern. Some children walk to school and traffic flow can change dramatically in an hour or two creating hazards.

In addition bus drivers often have other jobs and cannot work on delayed schedules, leaving substitutes not as used to routes or the bus driving in less than desirable circumstances. Finally, how do you notify all the staff, faculty, personnel, and students affected by such a delay, Dr. Borders asked. Three of the four groups have to be contacted individually. Obviously there are many problems.

The past two winters make it clear that fuel costs and weather have to be a major consideration in school planning. What

FEDERAL ELECTION COMMISSION

Re: MUR 552(78)

Dear Mr. Luellen:

This is to acknowledge receipt of your complaint of March 10, 1978, alleging violations of the Federal Election Campaign Laws. A staff member has been assigned to analyze your allegations and a recommendation to the Federal Election Commission as to how this matter should be handled will be made shortly. You will be notified as soon as the Commission determines what action should be taken. For your information, we have attached a brief description of the Commission's preliminary procedures for the handling of complaints.

Sincerely,

A handwritten signature in dark ink, appearing to read "W. C. Oldaker", is written over the word "Sincerely,".
