FEDERAL ELECTION  
COMMISSION  
OFFICE OF GENERAL  
COUNSEL

2006 JUL 10 A 10:34

MUR 5666

I recently received a packet from the commission informing me of my contribution to Virgil Goode. I read the entire enclosures that was sent to me. I did make the contribution after my husband and I talked about it. I never had any dealings with Mr. Wade except to be introduced to him after my husband started working for MZM. Mr. Wade never implied, asked or forced me to make any contribution of any kind. I had no idea of the actions reported in the statements sent to me until after I received your packet.
