GENERAL COUNSEL'S REPORT

Under the Enforcement Priority System, matters that are low-rated

are forwarded to the Commission with a recommendation for dismissal. The

Commission has determined that pursuing low-rated matters compared to other higher rated matters on the Enforcement docket warrants the exercise of its prosecutorial discretion to dismiss these cases.

The Office of General Counsel scored MUR 5839 as a low-rated matter. In this case, the complainant George Burke, on behalf of Friends of Carolyn McCarthy, alleges that Blessinger for Congress ("the Committee") failed to report initial campaign expenses exceeding the \$5,000 threshold as required under C.F.R. § 100.3(a)(1-4). Specifically, as of August 31, 2006, the Committee failed to report over \$42,000 in campaign expenses and in-kind contributions, including over 200 light box advertisements, campaign bumper stickers, large billboard advertisements, and the construction and maintenance of a campaign website.

The Committee responded by claiming that it did not exceed the \$5,000 reporting threshold until July 17, 2006. Thereafter, the Committee reported its July activity on its 2006 October Quarterly Report, which covered the reporting period from July 1, 2006 through

1 September 30, 2006 Additionally, the candidate noted in a supplemental response, that his
2 committee paid the fair market value (i.e., a total of \$12,076) for the light box
3 advertisements, which were reported on the Committee's 2006 October and Post General
4 Reports

5 Although it is possible that the Committee may have been obligated to file disclosure
6 reports at an earlier point in the election cycle, it appears from the public record that the
7 Committee accurately reflected its total financial activity at the first opportunity the expenses
8 could be reported Thus, in reviewing the start-up activity of the Committee and the merits
9 of MUR 5839, in furtherance of the Commission's priorities and resources, relative to other
10 matters pending on the Enforcement docket, the Office of General Counsel believes that the
11 Commission should exercise its prosecutorial discretion and dismiss the matter *See Heckler*

13 **RECOMMENDATION**

14 The Office of General Counsel recommends that the Commission dismiss MUR
15 5839, close the file effective two weeks from the date of the Commission vote, and approve
16 the appropriate letters Closing the case as of this date will allow CELA and General Law
17 and Advice the necessary time to prepare the closing letters and the case file for the public
