Subject MUR 6442: Need for more time to reply

Dear Ms. Hampton,

My name is Craig Schley and my reference number is: MUR 6442.

We spoke at the close of last week regarding my request for an extension of time to explain why there should be no action taken against me in the above reference matter.

Here's why: The FEC letter to me is stamped Dec. 20, 2010 and its envelop is stamped Dec. 21, 2010.

However, given the normal time of 3 to 7 days it takes for mail to be delivered, my being on vacation during the holiday season, and the time that lapsed between receipt of your letter and our conversation, I could not responded within the required 15 days.

Considering the sequence of events and the date that I actually acquired your letter, I am requesting an extension of time to have an opportunity to formally demonstrate why no action should be taken against me.

Should you have any questions, please do not hesitate to reach me at the below contact information.

Until then, I eagerly await your reply, and I thank you for your time, patience, and consideration.

Very Truly Yours,

Craig Schley

New York, NY 10027
