Subject Conversation with Jim Bender this morning.

Dear Ms. Hampton,

Referencing our conversation of a few minutes ago, please let me confirm that my response to the FEC regarding the complaint made by Mr. Peter Fullerton and Swift Currents, was on behalf of myself, Mr. Mancl, and the campaign.

As you know, I forwarded to you all of the court correspondence, and it should be obvious, especially as it pertains to the FEC, that this was a false and fraudulent complaint.

This is a trade dispute, not an FEC matter. Swift Currents did not perform their duties to the campaign and that is the reason that we have not paid the invoice. They know full well that the charge that they made to the FEC is false.

If you have any other questions, please feel free to call me.

Sincerely,

James C. Bender
