Re: Response to MUR 6800

Dear Mr. Jordan:

As counsel for Mr. Kesari, I have reviewed Complaint MUR#6800. The Complaint contains inadequate information for Mr. Kesari to respond.

The Complaint contains one conclusory allegation that Mr. Kesari was aware of or participated in activities in violation of the FEC rules; however, there are no specific factual allegations in the Complaint to which Mr. Kesari can respond. Furthermore, the attachments consist of two news articles and one page of a report from an Iowa State Senate ethics investigation.

Mr. Kesari cannot adequately or properly respond to the Complaint when he cannot ascertain the specific nature of his supposed actions or the charges from the Complaint.

Please contact me if you would like to discuss this matter further.

Very truly yours,

Jesse R. Binnall  
Louise T. Gitcheva
