Hi Elena,

The State Committee's treasurer has performed a comprehensive review of the State Committee's finances. Based on the attached spreadsheet, using a reasonable accounting method, the Senate Committee's treasurer determined that as of 10/7/2013, there was \$154,829.54 available in federally permissible primary and general election funds.

In addition, based on the State Committee accountant's recommendation, when then-Senator Zeldin became a Congressional Candidate on 10/7/2013, the State Committee's practice was to use General Accounting Principles, such as using 3 accounts—(1) Primary; (2) General; and, (3) Non Permissible—just like a QuickBooks program. When a check arrived, the check was designated to a particular account and when a check was issued, it was issued from a particular account.

Lastly, there appear to be four recipients cited in the list you provided that are NOT state or local candidates, political committees, or parties, and therefore cannot be considered to be in connection with any election. They are:

Smithtown Women's Republican Club
Islip Young Republicans
NYS Federation of Republican Women
Suffolk County Young Republicans

Please let me know if you have questions or would like to speak with the State Committee treasurer regarding her calculations.

Jim

James E. Tyrrell III
