SUBJECT: MUR 7271 (DNC, *et al.*)

RE: Withdrawal of Memorandum Recommending That the Commission Deny the
DNC's Motion to Quash and Approve Discovery Documents

This Office is withdrawing the Memorandum, circulated June 29, 2020, which requested that the Commission deny a Motion to Quash by the Democratic National Committee ("DNC") and approve Subpoenas and Orders directed to three former DNC officials. Given the impending expiration of the statute of limitations in this matter and the materials we obtained from other sources that relate to the actions of the DNC and DNC officials, we have determined to complete the investigation without pursuing further discovery.
