RE: MUR 7284

Dear Marc:

On April 25, 2019, the Federal Election Commission (“Commission”) notified you, as counsel for American Bridge 21st Century and Rodell Mollineau in his official capacity as treasurer (the “Committee”) and in your capacity as counsel for Correct the Record PAC and Elizabeth Cohen in her official capacity as treasurer (“CTR”), that it had found reason to believe that your clients violated provisions of the Federal Election Campaign Act of 1971, as amended (“the Act”). Both notifications included questions and document requests relating to information the Commission requires in order to complete its investigation. We granted an extension of time to respond to allow your clients to gather the requested information.

We have reviewed your June 14, 2019 response which provides information about the specific unreported transfer of an email list described in the Factual and Legal Analysis. The response, however, does not answer the Commission’s questions as to whether there were other transactions that went unreported as a result of the reconciliation of transfers between your clients. We renew our request for answers to the Commission’s questions and the production of the relevant documents. We ask that you provide us with the information, or at least a schedule for the time needed to produce the required information, by no later than Friday, June 28, 2019.

We believe that this matter can be resolved if your clients provide the required information on a voluntary basis. If the information is not forthcoming, however, we will recommend that the Commission issue compulsory process to obtain information as to whether there were other transactions that went unreported due to your clients’ reconciliation process.

Please feel free to contact myself or Kimberly Hart, the assigned staff attorney at (202) 694-1590 or (202) 694-1618.

Sincerely,

Mark Shonkwiler
