II. RELEVANT STATUTE:

52 U.S.C. §30104(g)
11 CFR §104.4(b) and (c)

III. BACKGROUND:

Failure to Provide Supporting Schedules (Failure to File 48 and 24-Hour Reports)

Worker's Voice ("the Committee") failed to file fourteen (14) 48-Hour Reports totaling \$92,044.23 to support four hundred fifty-seven (457) independent expenditures disclosed on the Amended 2012 October Quarterly Report, received January 31, 2013, and failed to file ninety-four (94) 48-Hour Reports totaling \$400,555.82 to support one thousand four hundred forty-four (1,444) independent expenditures disclosed on the Amended 2012 12 Day Pre-General Report, received January 31, 2013, made up to and including the 20th day before the 2012 General Election. In addition, the Committee failed to file ten (10) 24-Hour Reports totaling \$35,390.05 to support twenty-one (21) independent expenditures disclosed on the Amended 2012 30 Day Post-General Report, received January 31, 2013, made after the 20th day, but more than 24 hours before the 2012 General Election (Attachment 2).

2012 October Quarterly Report

On October 15, 2012, the Committee filed its 2012 October Quarterly Report covering the period from July 1, 2012 through September 30, 2012, which included a

18044441063

Schedule E (Itemized Independent Expenditures) disclosing one thousand nine hundred ninety-eight (1,998) independent expenditures totaling \$1,099,365.71, made in support of, or in opposition to, sixty-four (64) federal candidates (Images 12972653767-12972654765).

On January 16, 2013, the Committee filed an Amended 2012 October Quarterly Report, which included a Schedule E disclosing one thousand nine hundred ninety-seven (1,997) independent expenditures totaling \$1,098,165.11, made in support of, or in opposition to, sixty-four (64) federal candidates (Images 13960349093-13960350091).

On January 31, 2013, the Committee filed an Amended 2012 October Quarterly Report which disclosed no changes on Schedule E from the previous amendment (Images 13960659197-13960660195).

On May 10, 2013, a Request for Additional Information (RFAI) was sent to the Committee referencing the Amended 2012 October Quarterly Report, received January 31, 2013. The RFAI noted the Committee may have failed to file one (1) or more 48-Hour Report(s) for the independent expenditures disclosed on Schedule E. A chart was included with the RFAI identifying the four hundred fifty-seven (457) independent expenditures, totaling \$92,044.23, for which a 48-Hour Report had not been filed (Images 13330031627-13330031651).

On May 28, 2013, the Committee filed an Amended 2012 October Quarterly Report, which included a Schedule E disclosing one thousand nine hundred ninety-six (1,996) independent expenditures totaling \$1,097,610.05 made in support of, or in opposition to, sixty-four (64) federal candidates (Images 13962708817-13962709814).

On June 14, 2013, the Committee submitted a Miscellaneous Electronic Submission ("Form 99") in response to the RFAI referencing the Amended 2012 October Quarterly Report, received January 31, 2013, which stated,

"We are responding to the letter dated May 10, 2013, which asks about the timeliness of reports of independent expenditures reflected on Workers Voices amended October 2012 Quarterly Report that comprise 8.4% of the total amount of independent expenditures reported by Workers Voice for that period.

Workers Voice submitted 48-hour reports almost every day from August 25 through September 30, 2012 (and then 48-hour or 24-hour reports every day from October 1 to November 5, 2012). Specifically with respect to the July-September quarter covered by the amended October Quarterly Report, the Workers Voice independent expenditures that are itemized in the attachment to your letter were incurred entirely in connection with door-to-door canvassing in five states (Florida, Nevada, Ohio, Pennsylvania and Wisconsin). This canvassing was carried out on behalf of Workers Voice by a combination of volunteers and individuals who were employed by other organizations. The paid time and associated expenses of the employed

13804441094

individuals were provided to Workers Voice as in-kind contributions from numerous federal political committees, nonfederal political organizations and labor organizations.

In order to comply with the Commissions rules and guidance with respect to reporting in-kind contributions received and independent expenditures made, every such in-kind contribution received was matched with a corresponding Workers Voice expenditure, which was often, but not always, an independent expenditure that usually, but not always, was required to be included on a 48-hour or 24-hour report. When it was so included it was reflected as an expenditure to its in-kind source, so that the Workers Voice Form 3X would balance as required. Workers Voice timely reported every independent expenditure about which it then had information with respect to the receipt of an in-kind contribution and its corresponding expenditure. Workers Voice attributed to particular independent-expenditure communications the value of the in-kind resources that were used for that expenditure, using the figures provided to Workers Voice by the in-kind contributors of the personnel and other resources that were deployed. Workers Voice credited these in-kind amounts to the respective dates when they were deployed to disseminate Workers Voices independent-expenditure communication.

Workers Voice devised an internal system to account for these in-kind receipts and to associate them with Workers Voice independent expenditures and other activities, and it worked closely with each of its in-kind contributors to amass the requisite in-kind contribution information from them in a timely manner. This system, and Workers Voices overall method of operation, which entailed the absorption of considerable in-kind resources in multiple states and races, sometimes experienced the provision by an in-kind contributor and the receipt by Workers Voice of information about the nature, value and timing of in-kind resources that were received and deployed that was too late to include in the appropriate 48-hour or 24-hour report. When Workers Voice received such late information, it either or both amended the relevant 48-hour (or 24-hour) report and included the information on its regularly scheduled Form 3X that covered the period at issue. The October Quarterly Report was amended three times, including since we received your letter, in order to conform it to late-received information.

The only independent expenditures on the attachment to your letter that were not included in the in-kind contributions and expenditures described above were expenditures to three vendors: Lexicon (design), Colleen O Neill (proofreading) and Mosaic (printing). These were reported on the October Quarterly Report but not on 48-hour reports due to late billing by the vendors of the associated charges and, so, late attribution of specific portions of the bills to particular independent expenditures.

1804444-1005

We understand from a subsequent telephone conversation with you that your office does not request that Workers Voice further amend its 48-hour or 24-hour reports that were submitted during 2012, although we are prepared to do so upon request" (Images 13940783617-8).

2012 12 Day Pre-General Report

On October 25, 2012, the Committee filed its 2012 12 Day Pre-General Report covering the period from October 1, 2012 through October 17, 2012, which included a Schedule E (Itemized Independent Expenditures) disclosing three thousand eight hundred twenty-one (3,821) independent expenditures totaling \$1,842,353.07, made in support of, or in opposition to, forty-seven (47) federal candidates (Images 12940453609-12940455519).

On January 31, 2013, the Committee filed an Amended 2012 12 Day Pre-General Report, which included a Schedule E disclosing three thousand eight hundred twenty-two (3,822) independent expenditures totaling \$1,855,703.39, made in support of, or in opposition to, forty-eight (48) federal candidates (Images 13960665499-13960667409).

On May 24, 2013, a Request for Additional Information (RFAI) was sent to the Committee referencing the Amended 2012 12 Day Pre-General Report, received January 31, 2013. Among other items, the RFAI noted the Committee may have failed to file one or more 48-Hour Reports for the independent expenditures disclosed on Schedule E. A chart was included with the RFAI identifying the one thousand four hundred forty-four (1,444) independent expenditures, totaling \$400,555.82, for which a 48-Hour Report had not been filed (Images 13330032291-13330032372).

On May 28, 2013, the Committee filed an Amended 2012 12 Day Pre-General Report, which included a Schedule E disclosing three thousand eight hundred twenty-five (3,825) independent expenditures totaling \$1,859,889.53, made in support of, or in opposition to, forty-eight (48) federal candidates (Images 13962709893-13962711805).

On June 28, 2013, the Committee submitted a Miscellaneous Electronic Submission ("Form 99") in response to the RFAI referencing the Amended 2012 12 Day Pre-General Report, received January 31, 2013, which stated in part

"We are responding to the letter dated May 24, 2013, which asks about Workers Voices amended 12-Day Pre-General Report filed on January 31, 2013. The numbers below correspond to the numbered segments of your letter.

1. Workers Voice submitted 48-hour reports every day from October 1 through October 17, 2012 (and then 24-hour reports every day until November 5, 2012). Specifically with respect to the 19 days covered by the amended Pre-General Report, the Workers Voice independent expenditures that are itemized in the attachment to your letter were incurred entirely in connection with door-to-door canvassing. This canvassing was carried out

13940783617-8

on behalf of Workers Voice by a combination of volunteers and individuals who were employed by other organizations. The paid time and associated expenses of the employed individuals were provided to Workers Voice as in-kind contributions from numerous federal political committees, nonfederal political organizations and labor organizations.

In order to comply with the Commissions rules and guidance with respect to reporting in-kind contributions received and independent expenditures made, every such in-kind contribution received was matched with a corresponding Workers Voice expenditure, which was often, but not always, an independent expenditure that usually, but not always, was required to be included on a 48-hour or 24-hour report. When it was so included it was reflected as an expenditure to its in-kind source, so that the Workers Voice Form 3X would balance as required. Workers Voice timely reported every independent expenditure about which it then had information with respect to the receipt of an in-kind contribution and its corresponding expenditure. Workers Voice attributed to particular independent-expenditure communications the value of the in-kind resources that were used for that expenditure, using the figures provided to Workers Voice by the in-kind contributors of the personnel and other resources that were deployed. Workers Voice credited these in-kind amounts to the respective dates when they were deployed to disseminate Workers Voices independent-expenditure communication.

Workers Voice devised an internal system to account for these in-kind receipts and to associate them with Workers Voice independent expenditures and other activities, and it worked closely with each of its in-kind contributors to amass the requisite in-kind contribution information from them in a timely manner. This system, and Workers Voices overall method of operation, which entailed the absorption of considerable in-kind resources in multiple states and races, sometimes experienced the provision by an in-kind contributor and the receipt by Workers Voice of information about the nature, value and timing of in-kind resources that were received and deployed that was too late to include in the appropriate 48-hour or 24-hour report. When Workers Voice received such late information, it either or both amended the relevant 48-hour (or 24-hour) report and included the information on its regularly scheduled Form 3X that covered the period at issue. The Pre-General Report was amended twice, including since we received your letter, in order to conform it to late-received information.

The only independent expenditures on the attachment to your letter that were not included in the in-kind contributions and expenditures described above were expenditures to three vendors: Lexicon (design), Colleen O'Neill (proofreading) and Mosaic (printing). These were reported on the Pre-General Report but not on 48-hour reports due to late billing by the vendors of the associated charges and, so, late attribution of specific portions of the bills to particular independent expenditures.

18044441097

We understand from a subsequent telephone conversation with you that your office does not request that Workers Voice further amend its 48-hour or 24-hour reports that were submitted during 2012, although we are prepared to do so upon request" (Images 13940950652-3).

2012 30 Day Post-General Report

On December 6, 2012, the Committee filed its 2012 30 Day Post-General Report covering the period from October 18, 2012 through November 26, 2012, which included a Schedule E (Itemized Independent Expenditures) disclosing four thousand three hundred eighty-two (4,382) independent expenditures totaling \$3,396,433.40, made in support of, or in opposition to, forty-eight (48) federal candidates (Images 12962982373-12962984563).

On January 31, 2013, the Committee filed an Amended 2012 30 Day Post-General Report, which included a Schedule E disclosing four thousand four hundred nineteen (4,419) independent expenditures totaling \$3,379,729.58, made in support of, or in opposition to, fifty-two (52) federal candidates (Images 13960713586-13960715795).

On May 24, 2013, a Request for Additional Information (RFAI) was sent to the Committee referencing the Amended 2012 30 Day Post-General Report, received January 31, 2013. Among other items, the RFAI noted the Committee may have failed to file one (1) or more 24-Hour Report(s) regarding "last minute" independent expenditures. A chart was included with the RFAI identifying the twenty-one (21) independent expenditures, totaling \$35,390.05, for which a 24-Hour Report had not been filed (Images 13330032373-6).

On May 28, 2013, the Committee filed an Amended 2012 30 Day Post-General Report, which disclosed no changes in independent expenditures on Schedule E from the previous amendment (Images 13962714886- 13962717095).

On May 30, 2013, Kimberly Farrell, the PAC administrator, called the Reports Analysis Division (RAD) Analyst. Ms. Farrell requested that the attachments from the RFAI be converted to Microsoft Excel format and sent to her via email. The Analyst responded that Ms. Farrell's request would not be possible. Ms. Farrell also wanted to make sure she understood the RFAI correctly regarding the missing 24- and 48-Hour Reports, beginning with the 2012 October Quarterly Report. The Analyst explained to Ms. Farrell that it appeared the Committee filed 24- and 48-Hour Reports beginning only with the independent expenditures which crossed the aggregate reporting threshold. The Committee however failed to file 24- and 48-Hour Reports for the independent expenditures disseminated prior to the expenditures which crossed the 24- and 48-Hour reporting threshold, which were also required. Ms. Farrell said the Committee would file the missing 24- and 48-Hour Reports; however, after the Analyst spoke with RAD Management it was concluded that it would be easier for the Committee to file a Miscellaneous Electronic Submission ("Form 99") to provide an explanation regarding why the 24- and 48-Hour Reports were not originally filed (Attachment 3).

1804441098

On June 28, 2013, the Committee submitted a Form 99 in response to the RFAI referencing the Amended 2012 30 Day Post-General Report, received January 31, 2013, which stated in part:

"We are responding to the letter dated May 24, 2013, which asks about Workers Voices amended Post-General Report filed on January 31, 2013. The numbers below correspond to the numbered segments of your letter.

1. Workers Voice submitted 24-hour reports every day from October 18 through November 5, 2012. Specifically with respect to the 19 days covered by the amended Post-General Report, the Workers Voice independent expenditures that are itemized in the attachment to your letter were incurred entirely in connection with door-to-door canvassing. This canvassing was carried out on behalf of Workers Voice by a combination of volunteers and individuals who were employed by other organizations. The paid time and associated expenses of the employed individuals were provided to Workers Voice as in-kind contributions from numerous federal political committees, nonfederal political organizations and labor organizations.

This system, and Workers Voices overall method of operation, which entailed the absorption of considerable in-kind resources in multiple states and races, sometimes experienced the provision by an in-kind contributor and the receipt by Workers Voice of information

about the nature, value and timing of in-kind resources that were received and deployed that was too late to include in the appropriate 48-hour or 24-hour report. When Workers Voice received such late information, it either or both amended the relevant 48-hour (or 24-hour) report and included the information on its regularly scheduled Form 3X that covered the period at issue. The Post-General Report was amended twice, including since we received your letter, in order to conform it to late-received information.

We understand from a subsequent telephone conversation with you that your office does not request that Workers Voice further amend its 24-hour reports that were submitted during 2012, although we are prepared to do so upon request" (Images 13940950654-5).

On July 25, 2013, the RAD Analyst called Ms. Farrell to inform her that the Committee is being referred for additional action for matters addressed in the RFAs referencing the Amended 2012 October Quarterly, Amended 2012 12 Day Pre-General, and Amended 2012 30 Day Post-General Reports. The Analyst told Ms. Farrell that the Committee has already responded to the issues, but at this time the Committee could provide additional information regarding the matter if they chose to do so. Ms. Farrell wanted to know which division would be handling the matter to which the Analyst responded that the appropriate division would contact the Committee once the referral moves forward (Attachment 3).

To date, no further communication has been received from the Committee regarding these matters.
