Re: MUR 7308 (Nana Yoshioka)
Response to Complaint

Dear Ms. Rawls:

On behalf of Nana Yoshioka ("Yoshioka"), we request that the above-referenced Complaint be dismissed since it alleges no new facts supporting its claims other than those alleged in previously dismissed MUR 7005. Both Complaints allege that Yoshioka acted as a straw donor or conduit for the payment of donations. See MUR 7005 Complaint, ¶¶ 25, 28-32. The Commission dismissed all claims against Yoshioka in MUR 7005. See August 11, 2017 conciliation agreement and public disposition:

... The Commission dismissed the allegations with respect to respondents who were conduits of the contributions in the name of another, as the available information indicated they had participated in the illegal activity at the direction of Adam Victor and the record does not suggest that they recruited others into the scheme or that they served as elected officials, which have been factors in other matters in which the Commission did pursue conduits....

Since MUR 7308 alleges no new facts supporting this action against Yoshioka, we respectfully request that the Commission dismiss the Complaint as to Yoshioka.

Respectfully,

Nicholas Kaizer
