---

I am preparing the NRA's response to the complainant's additional information in this MUR. Under normal circumstances the response would be due Friday, July 20. I have a witness who is going to provide an affidavit that I will submit with the response. She is traveling from the D.C. area to California on Thursday, July 18, and will not return until after the due date. She will be unable to provide me with a signed and notarized affidavit until early next week. I am requesting a one-week extension, until Friday, July 27, 2018, to provide ample opportunity for the witness to have her affidavit notarized and returned to me in time for filing.

Regards,

Matt Bower  
Assistant General Counsel
