---

This is a request for an extension to provide additional time so that a proper response may be prepared regarding a matter numbered MUR 7368.

A letter from your office dated April 24, 2018 was received at my UPS Store Postal Mailbox. I do not collect mail from that mailbox daily as it is a 25-minute drive from where I live. I collected my mail on Saturday, May 5 when I found your envelope.

As it was the weekend, I was unable to begin seeking counsel to assist in the preparation of a proper response. I made several calls yesterday. I have learned that finding counsel will take more time.

Please grant an extension to permit a response by Monday, June 4, 2018. That will be enough time for me to find and designate counsel and assist in the preparation of a response to this matter.

Thank you for your understanding.  
Anthony McMullin
