RE: MUR 7401

Dear Mr. Posobiec:

As discussed over the phone, we would appreciate your assistance in a matter pending before the Federal Election Commission. You are not the subject of the Commission's investigation and the Commission does not consider you a respondent in this matter, but rather a witness only. We request that you provide a written response to the following questions, and provide any documents you may have in connection with your responses.

Under federal law, all persons are required to keep confidential investigations conducted by the Commission, except with the written consent of the subject of the investigation. *See 52 U.S.C. § 30109(a)(12).* This means that unless you have such written consent, you should not publicly disclose the existence of an ongoing Commission investigation or the fact that the Commission has contacted you in connection with this matter. This restriction, however, does not prevent you from discussing the underlying facts and circumstances with any person, including the subject of the investigation or their counsel.

You may consult with an attorney and have an attorney assist you in the preparation of your response. However, we request that you submit the information by November 20, 2019. If you have any questions, please contact me (202) 694-1628, or by email at nbamman@fec.gov.

Sincerely,

Nicholas Bamman
Attorney
