OFFICE OF
GENERAL COUNSEL**RE: MUR 7512 - Complaint – Election Contributions by foreign nationals**

Dear Mr. Jordan:

This is in response to your letter dated October 19, confirming receipt of my complaint of October 12 regarding the above matter. You asked me to send any additional information I might receive, which I had done in a letter of October 23, to Kathryn Ross. But in my inexperience I had attached the wrong kind of notary endorsement to that October 23 letter, and also to the one bearing the same date which you must have received just before this one. I would be grateful if, to avoid confusion, you would destroy both of the letters dated October 23, while saving the 4 attachments and adding them to this letter.

The 4 attachments shed additional light on the foreign nature of the entity making the election contributions, and on its continuing campaign contributions.

Attachment 1 is a bundle of 6 documents (most printed double-sided) from the Oregon Secretary of State's Corporation Division, regarding the corporate status of Jordan Cove. As the first of these document shows, all these go by the name "Jordan Cove", but with slightly different corporate natures added, like L.L.C. and L.P. But as the bundle's other documents show, all describe themselves as "foreign".

Attachment 2 is an updated list of campaign contributions by Jordan Cove LNG which shows, among other things, that Jordan Cove's contributions to John Sweet's re-election campaign have risen to a total of \$50,000. But Jordan Cove has also contributed to other campaigns and to entities that could serve as pass-through campaign contributors, like the ChamberPAC.

Attachment 3 is a list of both contributions to and expenditures by ChamberPAC, in one column, which makes it a little confusing to read. It shows 2 contributions by Jordan Cove to ChamberPAC totaling \$70,000, which the latter passed on to various candidates, although of course the exact destination of these funds might be difficult to determine, since Jordan Cove was not the only contributor to ChamberPac, although it was the

The Jordan Cove Project will safely transport clean natural gas, creating jobs and protecting our natural resources.

Clean fuel. An unmatched record of safety.

Natural gas is a clean, reliable energy source that powers homes and businesses throughout North America and around the world.

Pembina has been providing safe, reliable pipeline infrastructure services for over 60 years, and is proud to maintain an industry-leading commitment to safety. The Jordan Cove Project will undergo rigorous review by federal, state and local regulators and utilize safe underground pipelines to transport natural gas to our terminal in Coos County.

Protecting Oregon's natural beauty.

To minimize the impacts to major waterways like rivers, Pembina will employ safe, proven, trenchless construction techniques. The Jordan Cove Project is engaging natural resource authorities, Tribes and landowners in a meaningful way to minimize environmental and visual impacts.

Creating jobs and economic development.

The Jordan Cove Project is an approximately \$10 billion private investment in Southern Oregon and the South Coast. The Project will create good construction jobs and thousands of jobs in supporting businesses—from restaurants and retail to grocery stores—and will revitalize the Port of Coos Bay's position as a leading regional shipping hub.

More than just jobs and investment, Pembina is committed to being a good neighbor to Southern Oregon and South Coast communities, partnering with residents to support libraries, firehouses and other community institutions. That's the Pembina way.
