This is in response to a letter sent by Assistant General Counsel, Jeff S. Jordan, to Corliss Burgher, treasurer to my campaign committee. The letter contained additional information from complainant Wim de Vriend. The essence of his complaint seems to be that he believes my campaign received contributions from a foreign entity, Jordan Cove LP. As shown in evidence submitted by Mr. de Vriend himself, Jordan Cove LP is a limited partnership of Delaware, U.S.A. Please let me know if further information is required.
