VIGOP response to MURs 7546/7547/7548

The Federal Election Commission has ascertained information in the normal course of carrying out its supervisory responsibilities that indicate the committee may have violated the Federal Election Campaign Act of 1971, as amended. This is the committee’s response to the issue raised by the Commission’s review.

There seems to be confusion regarding the way the committee has reported 48-Hour Reports; their amendments; and the associated itemized Independent Expenditures. Most of the IEs reported by VIGOP are mailings supporting or opposing a clearly identified federal candidate. The committee hired ForthRight Strategy, Inc. (FRS), a direct mail firm to manage and provide the creative work on these mailings.

When an IE mailing is scheduled, an employee of FRS contacts the Treasurer and provides the proposed mail date; the candidate(s) supported or opposed; the number of pieces scheduled to be mailed; and the budgeted cost per thousand. Within 48hrs of the mail date, the Treasurer files a Form 24 allocating the budgeted cost (# of pieces/1000 X cost/1000) to FRS. Later, when the invoices are collected from the various vendors and tallied; the Treasurer amends the original 48-Hour Report and allocates the costs to each of the vendors involved as demonstrated below.

There were thirty-two (32) itemized independent expenditures totaling \$130,792.70 reported on the September Monthly Report. The dissemination and disbursement dates are both identified as 8/31/2016 (see Attachment “F”) and this is incorrect. The dates need to be broken out to correctly identify when these expenditures were disseminated and paid.

The claim that the Committee failed to disclose debt totaling \$160,338.65 is incorrect as the report disclosed twice that amount in debt from the vendors engaged in the IE mailings.

SUMMARY

The committee has demonstrated that 48-Hour Reports were timely filed and has explained why the initial filings attributed all independent expenditures to the direct mail firm, ForthRight Strategy, Inc. There is no failure to timely file 48-Hour Reports as suggested by the Commission. Likewise, it has been alleged that the committee failed to disclose debt on Schedule D for independent expenditures that were publicly disseminated prior to payment. Again, this is not the case as the committee has reported all debt, both IE expenditures and non-IE expenditures.

RR 18L-04

The Committee stands by the explanation previously filed that stated the following:

The Federal Election Commission's Reports Analysis Division has reviewed the May Disclosure Report for VIGOP (C00553560) covering the period: April 1 – April 30, 2017 and has expressed concerns regarding the Debts and Obligations reported. When the committee is preparing its reports, it makes a copy of its FECfile along the way, as it works toward the final report. On May 20, 2017 the committee electronically filed its report, however about a week later, the Treasurer noticed a problem.

It appears that rather than filing the final FECfile, one of the preliminary copies was accidentally filed. The report filed on May 20th did not include the Debts & Obligations incurred during the reporting period, nor were the payments for the period included on Line 10. These discrepancies were corrected, and an amended report was filed on May 30th.

Because of the amendment, the committee's Debts & Obligations figure increased by an amount of \$161,240.14 over the original filing. The Regulations at 11 CFR § 104.3 state in part:

Each report filed under 11 CFR 104.1 shall, on Schedule C or D, as appropriate, disclose the amount and nature of outstanding debts and obligations owed by or to the reporting committee.

Further, the Federal Election Commission website under Filing Amendments states:

The committee must file an amended report if it discovers that an earlier report contained erroneous information.

Based on the committee's actions and response to the issue raised by the Commission, it is the position of VIGOP that the committee has acted in good faith and used best efforts to comply with the Act and Federal Regulations and that no further action should be taken by the Commission.

RR 18L-17

The Committee received information about IE mailings from its direct mail vendor, ForthRight Strategy, Inc. well after the 48-hour period for timely reporting an independent expenditure. The Committee previously stated that as soon as the Treasurer became aware of the situation, he contacted RAD; filed miscellaneous reports for each mailing; and amended its reports to disclose the IEs on Schedule E. The Committee argued then and still maintains that the error was inadvertent and corrected immediately upon discovery and requests that the Commission take no further action.
