indicates that a staff accountant would be retained to address the campaign committee's filing

Based on its experience and expertise, the Commission has established an Enforcement
Priority System using formal, pre-determined scoring criteria to allocate agency resources and
assess whether particular matters warrant further administrative enforcement proceedings. These
criteria include: (1) the gravity of the alleged violation, taking into account both the type of activity
and the amount in violation; (2) the apparent impact the alleged violation may have had on the
electoral process; (3) the complexity of the legal issues raised in the matter; and (4) recent trends in
potential violations and other developments in the law. This matter is rated as low priority for
Commission action after application of these pre-established criteria. Given that low rating, the
relatively modest amounts at issue, and the Respondent's post-Complaint filing of some reports, we
recommend that the Commission dismiss the Complaint consistent with the Commission's
prosecutorial discretion to determine the proper ordering of its priorities and use of agency
resources. <sup>7</sup> We also recommend that the Commission close the file and send the appropriate letters.

Id. Though Hernandez had filed Statements of Candidacy for the 2018 and 2020 elections, it was not until being notified of the Complaint in this matter that her committee, Sema for Texas, filed its first disclosure reports: a 2017 October Quarterly Report and a 2019 October Quarterly Report. See October 2017 Quarterly Report, <a href="https://docquery.fec.gov/pdf/125/201910159163856125/201910159163856125.pdf">https://docquery.fec.gov/pdf/125/201910159163856125/201910159163856125.pdf</a>; October 2019 Quarterly Report, <a href="https://docquery.fec.gov/pdf/027/201910159164706027/201910159164706027.pdf">https://docquery.fec.gov/pdf/027/201910159164706027/201910159164706027.pdf</a>. The October 2017 Report discloses \$132 in contributions received. The October 2019 Report discloses activity totaling \$14,846. Under the Reports Analysis Division ("RAD") referral standards, given the amount in potential violation and the reports involved, this matter would not be referable to either the Alternative Dispute Resolution Office or the Office of General Counsel. See 2019 RAD Standards, nos. 4 and 11.
