I. INTRODUCTION

These ten matters relate to joint fundraising conducted through the Hillary Victory Fund (“HVF”), which was comprised of Hillary Clinton’s principal campaign committee, Hillary for America (“HFA”), the DNC Services Corporation/Democratic National Committee (“DNC”), and thirty-eight state party committees (“the SPCs”).¹ The main allegation of the Complaints is that HVF was a “sham” through which millions of dollars in excessive contributions were funneled through the SPCs to the DNC in violation of earmarking and contributions in the name of another provisions, and the DNC then contributed those funds to HFA in excess of federal limits.² Respondents argue that every individual transaction arising out of their joint fundraising activity was legal, thus, there can be no violation.³

We conclude that the available information, including the pattern of transfers of funds raised by HVF, provides reason to believe that the DNC accepted excessive contributions. Further, there is reason to believe that HVF, the DNC and the SPCs inaccurately disclosed receipts and disbursements and that the DNC made excessive contributions to HFA in the form of coordinated expenditures. Accordingly, we recommend that the Commission find reason to believe that:

II. BACKGROUND

A. The Creation of HVF

HFA was the principal campaign committee for Hillary Clinton, the Democratic Party nominee for President for the 2016 general election. In August 2015, HFA and the DNC entered into a Memorandum of Understanding (“MOU”) regarding the creation and operation of a joint fundraising committee, which ultimately became HVF.⁵ On September 10, 2015, HFA and the DNC entered into a written joint fundraising agreement forming HVF to act as their fundraising representative.⁶ Within a week of HVF’s registration, thirty-two SPCs had signed the joint fundraising agreement, and ultimately participation grew to thirty-eight SPCs over the course of the election cycle.⁷

Under the agreement, contributions to HVF were allocated as follows: the first \$2,700 from an individual or \$5,000 from a multicandidate committee (“PAC”) would be designated for HFA and the primary election. The second \$2,700 (individual) or \$5,000 (PAC) would be

⁵ See HVF Resp. at 3 (asserting that the MOU “provided that, in exchange for raising funds for the party through HVF, the DNC would cooperate with HFA on its preparation for the general election, such as on data, technology, research, and communications, which would benefit the party and its candidates as a whole”); *see also* Compl. ¶ 113 (quoting Donna Brazile, *Inside Hillary Clinton’s Secret Takeover of the DNC*, POLITICO MAGAZINE, Nov. 2, 2017, <https://www.politico.com/magazine/story/2017/11/02/clinton-brazile-hacks-2016-215774> (“Brazile Article”) (referring to the MOU as a fundraising agreement)).

⁶ See HVF Resp. at 3; HVF’s Statement of Organization (Sept. 10, 2015) (listing two participating committees: HFA and DNC).

⁷ Not all thirty-eight SPCs participated in the joint fundraising concurrently at all times. The Respondents assert that the joint fundraising agreement was amended whenever an SPC joined or left the fundraising arrangement, though the HVF Response attaches only the initial agreement, HVF Resp. at 3 & n.6, Ex. A (Joint Fundraising Agreement), and the SPC Response attaches no agreement. HVF amended its Statement of Organization three times to add and remove participating entities. See HVF’s Amended Statement of Organization (Sept. 16, 2015) (adding 32 of the SPCs in addition to a party committee from Puerto Rico which is not a Respondent); HVF’s Amended Statement of Organization (Nov. 2, 2015) (removing the Puerto Rico committee); HVF’s Amended Statement of Organization (July 1, 2016) (adding the remaining six SPCs from Delaware, Iowa, Kansas, New Jersey, New Mexico, and South Dakota).

1 designated for HFA and the general election. If the contribution was made after the primary, up
 2 to \$2,700 (individual) or \$5,000 (PAC) would be designated for the general election.⁸ The next
 3 \$33,400 (individual) or \$15,000 (PAC) would be allocated to the DNC. Any additional amounts
 4 received from an individual or PAC would be split equally among the participating SPCs up to
 5 \$10,000 (individual) or \$5,000 (PAC). The written agreement and contribution form state that
 6 this allocation formula could change if a contributor designated his or her contribution for a
 7 particular participant.⁹ In addition, a contribution form supplied by HVF states that participating
 8 committees would determine how such contributions would be used in connection with a federal
 9 election, and the contributions “[would] not be earmarked for any particular candidate.”¹⁰

10 By definition, any individual contribution over \$38,800 before the primaries and \$36,100
 11 for the general election would exceed the combined contribution limits for HFA and the DNC
 12 and result in some money being allocated to the SPCs. Around 1,500 individuals contributed
 13 over \$38,800 to HVF.¹¹ In total, HVF reported transferring over \$112 million to the SPCs from

⁸ See HVF Resp., Ex. B (HVF Contribution Form). The allocation formula in the original agreement between only HFA and the DNC did not account for general election contributions. See HVF Resp., Ex. A (Joint Fundraising Agreement) (allocation formula attached as an exhibit to the agreement). Respondents did not provide the amended joint fundraising agreements that included the SPCs, however, they did provide a contribution form that lists all thirty-eight of the SPCs as participating committees and describes the allocation formula.

⁹ See HVF Resp., Ex. A (Joint Fundraising Agreement); HVF Resp., Ex. B (HVF Contribution Form).

¹¹ For simplicity, the calculations in this report rely on the higher \$38,800 figure.

donors who had reached their limits for contributions to HFA and the DNC.¹² The crux of the Complaint relates to that \$112 million.

B. Complaint and Referrals

The Complaint in MUR 7304¹³ alleges that “virtually every single disbursement from HVF to a state party resulted in an immediate transfer of the same amount of funds from the state party to the DNC.”¹⁴ According to the Complaint, over \$80 million dollars in HVF transfers were “funneled” through the SPCs to the DNC in this manner.¹⁵ The Complaint identifies 427 transactions between October 1, 2015, and November 8, 2016, that followed a pattern of near-simultaneous transfers in and out of the SPCs.¹⁶

As an example, the Complaint states that on November 2, 2015, HVF reported transferring a total of \$505,000 to seventeen of the SPCs and that those SPCs reported receiving transfers “in the identical amounts of funds from HVF on the very same day.”¹⁷ Each of those SPCs reported “contributing the same amount of money they received from HVF to the DNC on

¹² See HVF’s Amended 2016 Year-End Report of Receipts & Disbursements (Sept. 6, 2017); HVF’s Amended 2016 30-Day Post-General Election Report of Receipts & Disbursements (Aug. 30, 2017); HVF’s Amended 2016 12-Day Pre-General Election Report of Receipts & Disbursements (Aug. 31, 2017); HVF’s Amended 2016 October Quarterly Report of Receipts & Disbursements (Aug. 31, 2017); HVF’s Amended 2016 July Quarterly Report of Receipts & Disbursements (Nov. 15, 2017); HVF’s Amended 2016 April Quarterly Report of Receipts & Disbursements (Oct. 3, 2016); HVF’s Amended 2015 Year-End Report of Receipts & Disbursements (Aug. 30, 2017); HVF’s 2015 October Quarterly Report of Receipts & Disbursements (Oct. 10, 2015).

¹³ The Complaint in MUR 7331 raises the same legal theory as the Complaint in MUR 7304, namely that HVF funds were routed through the SPCS to the DNC and to HFA. For purposes of this report, we refer solely to the Complaint in MUR 7304 because it includes detailed allegations regarding the Respondents’ joint fundraising activity, and the MUR 7331 Complaint contains no information not already presented in MUR 7304. *See supra* note 2.

the very same day (or occasionally the next day).”¹⁸ The DNC generally reported receiving the funds on the same day.¹⁹

Further, a review of the SPCs’ disclosure reports shows that fourteen of the SPCs²⁰ transferred the equivalent of 99% or more of their HVF allocations to the DNC.²¹ And four of the SPCs described the purpose of the transfers to the DNC on their disclosure reports in a way that suggests they understood they should immediately transfer their HVF-allocated funds directly to the DNC:

- “Hillary Victory Fund,”²²
- “Transfer from HVF,”²³
- “Hillary Victory Fund Transfer Out,”²⁴ and

Democratic Party, (12) Utah State Democratic Comm., (13) WV State Democratic Exec. Comm., and (14) Democratic Party of Wis.

²¹ The SPCs in battleground states were excepted from the general pattern of transfers because they kept a large percentage of the funds they received from HVF. *See* Brazile Article, *supra* note 5 (“Money in the battleground states usually stayed in that state, but all the other states funneled that money directly to the DNC which quickly transferred the money to Brooklyn [HFA headquarters].”). Only one of the fourteen SPCs that transferred 99% or more of its HVF funds was in a battleground state (Democratic Party of Wis.); of the five SPCs that kept more than half of their HVF funds, all were battleground states (Democratic Exec. Comm. of Fla., Iowa Democratic Party, N.C. Democratic Party-Fed., Ohio Democratic Party, and Pa. Democratic Party).

- “Final Transfer to DNC for Hillary Victory Fund.”²⁵

The Complaint alleges that the timing, uniformity, regularity, and size of these transactions indicates one of two possible explanations. One explanation is that the SPCs “had an understanding or agreement [that] they would automatically funnel funds they received through HVF to the DNC.”²⁶ Under this scenario, the Complaint alleges that (1) all of the Respondents violated the earmarking provisions because the contributions to HVF were earmarked to be transferred through the SPCs to the DNC and then to HFA;²⁷ (2) the DNC accepted contributions in the name of another because contributions to HVF were not contributions to the participating SPCs but rather contributions to the DNC;²⁸ and (3) the DNC accepted excessive contributions.²⁹

The second possible explanation is that “the alleged transfers of HVF’s funds to state parties never actually occurred, and all of the funds at issue were actually transferred directly from HVF to the DNC, rendering all FEC reports concerning these alleged transactions fraudulent.”³⁰ In support, the Complaint cites to a *Politico* article that states:

While state party officials were made aware that Clinton’s campaign would control the movement of the funds between participating committees, one operative who has relationships with multiple state parties said that some of their officials have complained that they weren’t notified of the transfers into and out of their accounts until

after the fact. That's despite their stipulations in the banking documents that their affirmative consent was required before such transfers could be made from their accounts. But the operative said that the state party officials are reluctant to complain to the DNC about the arrangement out of fear of financial retribution.³¹

Even if the funds were transferred into the SPCs' accounts, the Complaint asserts that they would be "shell transactions" if HVF or HFA retained control over the transferred funds.³²

The Complaint alleges that, as a consequence, many of the SPCs failed to report distributions received from HVF or transfers made to the DNC, though HVF reported making the disbursements and the DNC reported receiving transfers from the SPCs.³³ For example, the Complaint notes that HVF reported transferring \$900,000 to the Kansas Democratic Party on October 6, 2016, but the Kansas Democratic Party did not report receiving any funds from HVF on that date.³⁴ Further, the DNC reported receiving \$900,000 from the Kansas Democratic Party on October 6, 2016, but the Kansas Democratic Party did not report making this transfer to the DNC.³⁵ As another example, the Complaint notes that HVF reported transferring \$1,530,000 to the Nevada State Democratic Party on November 3, 2016, but the Nevada State Democratic Party did not report receiving this transfer until about fourteen months later and after the Complaint was filed.³⁶ And the DNC reported receiving \$1,530,000 from the Nevada State

Democratic Party on November 3, 2016, but the Nevada State Democratic Party failed to disclose making the transfer in its original report.³⁷ In total, the Complaint alleges forty-nine reporting errors by fourteen of the thirty-eight SPCs involving over \$5 million in receipts and over \$4.5 million in disbursements.³⁸ The Complaint also alleges that the errors involved transfers from the SPCs to the DNC that the DNC and the SPCs did not report consistently.³⁹

Separately, the Commission's Reports Analysis Division ("RAD") referred eight of the SPCs to OGC for potential enforcement action, chiefly because they misreported their joint fundraising receipts from HVF and transfers to the DNC.⁴⁰ Specifically, RAD referred the following eight SPCs for failing to report certain transactions on their original reports as described below:⁴¹

- The Texas Democratic Party failed to disclose an \$800,000 receipt from HVF and an \$800,000 transfer to the DNC;
- The Democratic Party of South Carolina failed to disclose receipts totaling \$1,050,000 from HVF and \$1,050,000 in transfers to the DNC;
- The Mississippi Democratic Party failed to disclose a \$200,000 receipt from HVF and a \$200,000 transfer to the DNC;

In addition to these eight referrals, we transferred RR 17L-10 (Democratic Party of N.M.) to the Alternative Dispute Resolution Office ("ADRO") on July 18, 2017, which involved similar misreporting arising from HVF activity. The parties later settled. *See* Negotiated Settlement, ADR 832/RR 17L-10 (Democratic Party of N.M.) (Dec. 13, 2017).

16 In addition to the above allegations, the Complaint further alleges that the DNC used the
17 funds transferred from the SPCs to make coordinated expenditures with HFA in excess of the
18 \$22,816,531.38 in coordinated party expenditures reported by the DNC.⁴⁵ According to the
19 Complaint, the DNC “gave direction, oversight, and control of its funds, including funds that

⁴² This matter also included a referral for reporting related to missing information on disbursements disclosed for Federal Election Activity (“FEA”). After OGC’s review of the activity, as well as a discussion with RAD, OGC determined that the FEA reporting issue would not ordinarily be referred to OGC before giving the Committee one more opportunity to resolve it. Accordingly, OGC returned the FEA reporting issue to RAD to work with the Committee to obtain the missing information.

⁴³ RAD assessed the Kansas Democratic Committee a total of 48 audit points and referred it for an audit of the 2015-2016 election cycle. AR 17-08R (Kan. Democratic Party). Instead of auditing the Committee, the Audit Division recommended that the Committee should be referred directly to OGC, *see* 2015-2016 RAD Audit Referrals – Unauthorized Committees, Audit Memorandum to Commission at 1 (Sept. 7, 2017), and the Commission did so, *see* Certification ¶ 1 (Nov. 8, 2017). The Audit Referral also identified other non-HVF related reporting errors that are being addressed separately in AR 18-03R (Kansas Democratic Party).

originated with HVF, to HFA and Clinton.”⁴⁶ Public statements by then-DNC Chair Donna Brazile indicate that Clinton and HFA exercised control over certain parts of the DNC’s operations.⁴⁷ According to Brazile, the MOU between HFA and the DNC “specified that in exchange for raising money and investing in the DNC, Hillary would control the party’s finances, strategy, and all the money raised.”⁴⁸ The MOU also reportedly gave HFA significant influence over DNC staffing decisions and party communications.⁴⁹

Respondents deny all of the allegations regarding earmarking, contributions in the name of another, and excessive contributions. Rather, Respondents contend that they engaged in a series of independent, lawful transactions, and that “separate, legally permissible transactions” cannot be combined into an independent violation.⁵⁰ They further argue that the reporting violations were inadvertent and are better handled through RAD or the Alternative Dispute Resolution Office.

III. LEGAL ANALYSIS

A. There is Reason to Believe Respondents Violated the Joint Fundraising Regulations and the Act’s Contribution Limits and Reporting Requirements

The Act and Commission regulations permit candidates and political committees to engage in joint fundraising activities by establishing a separate political committee to act as their

1 joint fundraising representative.⁵¹ Participants must enter into a written agreement that identifies
 2 this representative and states the formula for the allocation of fundraising proceeds and
 3 expenses.⁵² Commission regulations also require that the representative establish a separate
 4 depository account to be used solely for the receipt and disbursement of joint fundraising
 5 proceeds and deposit those proceeds in this account within ten days of receipt.⁵³

6 All solicitations in connection with a joint fundraising effort must include a notice that
 7 identifies all participating committees, describes the allocation formula, informs contributors that
 8 they may choose to designate their contributions for a particular committee, and states that the
 9 allocation formula may change if a contributor makes a contribution that is excessive relative to
 10 any participant.⁵⁴ A contributor may make a contribution to the joint fundraising committee that
 11 “represents the total amount that the contributor could contribute to all of the participants under
 12 the applicable [contribution] limits.”⁵⁵ For the 2015-2016 election cycle, individuals were
 13 permitted to contribute no more than \$2,700 per election to a federal candidate committee,
 14 \$10,000 per calendar year to a state political party committee, and \$33,400 per calendar year to a

national political party committee.⁵⁶ In total, an individual could contribute up to \$772,200 to HVF over the election cycle, which represents the combined limits for each participant.⁵⁷

Candidates and political committees are prohibited from knowingly accepting contributions in excess of these limits.⁵⁸ In the context of joint fundraising, the representative is responsible for screening all contributions to ensure they comply with the Act's source prohibitions and amount limitations, collecting contributions, paying fundraising costs, and distributing net proceeds to each participant.⁵⁹ If application of the joint fundraising committee's allocation formula results in a violation of the contribution limits, the joint fundraising committee may reallocate the excess funds to the other participant committees.⁶⁰

In *McCutcheon v. FEC*, a challenge to the aggregate contribution limits for individuals, several dissenting Justices expressed concern that, in the absence of the aggregate limits, donors, candidates, and political parties could use the joint fundraising mechanism and intraparty transfer rules to circumvent federal contribution limits.⁶¹ Although the Court found these arguments insufficient to justify upholding the aggregate limits, the plurality stated "[a] joint fundraising committee is simply a mechanism for individual committees to raise funds collectively, not to

circumvent base limits or earmarking rules.”⁶² The Court has recognized that the government has an interest in preventing circumvention of the contribution limits because “circumvention is a valid theory of corruption.”⁶³

A joint fundraising representative must report all funds received in the reporting period they are received and all disbursements in the reporting period they are made.⁶⁴ Similarly, the date a contribution is received by the joint fundraising representative is the date that the participating political committee must report as the date the contribution was received, even if it is disbursed by the joint fundraising representative at a later date and even though the participating political committee is only required to report the proceeds once the funds have been received from the fundraising representative.⁶⁵ After the joint fundraising representative distributes the net proceeds, the participating committee must report its share received as a transfer-in from the fundraising representative and also file a memo entry on Schedule A itemizing its share of gross receipts as contributions from original contributors as required by 11 C.F.R. § 104.3(a).⁶⁶

1 1. Respondents Used HVF to Direct Excessive Contributions to the DNC

2
 3 The facts of this case appear to present the scenario that troubled numerous Justices in

4 *McCutcheon*: a pre-arranged plan to circumvent the contribution limits via joint fundraising.

5 Rather than participating in HVF to raise funds for themselves, the available information
 6 supports the conclusion that the SPCs primarily participated as a mechanism to pass additional
 7 contributions to the DNC, including contributions that exceeded the DNC's individual
 8 contributor limits.

9 *First*, over the course of the 2016 election cycle, the SPCs collectively transferred nearly
 10 80% of their HVF receipts to the DNC,⁶⁷ and some transferred as much as 99% of their HVF
 11 receipts to the DNC.⁶⁸ Included in the transfers from the SPCs was more than \$80 million from
 12 over 1,500 individual contributors who had already reached their limits for direct contributions to
 13 the DNC.⁶⁹

14 *Second*, a significant amount of the SPCs' transfers to the DNC occurred nearly
 15 contemporaneously with HVF's distribution of the funds to the SPCs.⁷⁰ Disclosure reports
 16 reveal over 400 instances where HVF disbursed funds to the SPCs, and within a day or two the

⁶⁷ The SPCs reported HVF receipts totaling \$104,220,860.21 and disbursements to the DNC totaling \$84,517,558.86 ($\$84,517,558.86 \div \$104,220,860.21 \times 100 = 81.1\%$). HVF reported transferring a total of \$112,361,370.81 to the SPCs, and the DNC reported receiving \$88,234,400 from the SPCs ($\$88,234,400 \div \$112,361,370.81 \times 100 = 78.6\%$).

⁶⁸ *See supra* note 20. For example, the Rhode Island Democratic State Committee reported total receipts of \$3,486,712.56 and reported transfers from HVF in the amount of \$3,024,100, making HVF funds nearly 91% of its federal receipts for the 2016 election cycle. The Rhode Island Democratic State Committee reported transferring \$3,002,980 to the DNC, which is the equivalent of 99.3% of its HVF allocated funds.

SPCs transferred the same amounts to the DNC.⁷¹ That SPCs across the country would independently decide each time they received a transfer from HVF to transfer their HVF proceeds to the DNC within a day or two strains credibility. Rather, the immediate transfers indicate that the SPCs served as vehicles to route excessive contributions to the DNC.⁷²

Third, the SPCs began passing significant amounts of their allocated share of HVF contributions to the DNC under the purported authority of the intraparty transfer rules as soon as they began receiving disbursements from HVF. For instance, HVF first disbursed funds to the SPCs on October 1, 2015, transferring \$228,000 to twelve of them.⁷³ Each received a transfer in the amount of \$24,000 on October 1 or 2,⁷⁴ and within a day of receipt, each of them transferred

⁷¹ *See id.*

⁷² It appears that five SPCs from the battleground states retained the equivalent of more than half of their HVF funds, a pattern that appears to be an exception to the more prevalent pattern of immediate transfers. *See supra* note 21.

1 the same amount to the DNC for a total of \$228,000.⁷⁵ This suggests that there was a
 2 predetermined plan for the SPCs to transfer the funds right to the DNC even before they started
 3 receiving them.

4 *Fourth*, the reporting of some of the transactions connected to the joint fundraising
 5 activity supports the conclusion that the funds ultimately given to the DNC were never intended
 6 to stay in the accounts of the SPCs. At least fourteen of the SPCs failed to report either the
 7 receipt of their allocated shares from HVF or the corresponding transfers out to the DNC, even
 8 though both HVF and the DNC reported their side of the same transactions.⁷⁶ One SPC argued
 9 that its failure to report multiple transactions totaling over a million dollars was an “oversight”
 10 even though the transactions were among the largest flowing through its accounts.⁷⁷ And there is
 11 information in the record to indicate that some of the SPCs may not have reported the receipt in
 12 and transfers out because they were not even aware of them. The *Politico* article reported that
 13 some SPC officials “complained that they weren’t notified of the transfers into and out of their
 14 accounts.”⁷⁸

15 Further, four of the SPCs reported these transactions in a way that suggests that they
 16 understood that these funds were always intended for the DNC, not them. These SPCs described

the purpose of their transfers to the DNC as “Hillary Victory Fund,”⁷⁹ “Transfer from HVF,”⁸⁰
 “Hillary Victory Fund Transfer Out,”⁸¹ and “Final Transfer to DNC for Hillary Victory Fund.”⁸²

These facts, taken together, support the conclusion that the SPCs largely participated in
 HVF as a means to pass their contributions through to the DNC. As noted above, included in the
 transfers from the SPCs to the DNC was more than \$80 million from more than 1,500 individual
 contributors who had already reached their limits for direct contributions to the DNC. Thus, the
 DNC accepted excessive contributions from these individuals as a result of the transfers.

Respondents maintain that they engaged in a series of independent, lawful transactions,
 and that “separate, legally permissible transactions” cannot be combined into a violation.⁸³ The
 Commission, however, is not required to evaluate each transaction separately and in a vacuum,
 and one court has expressly cautioned against doing so when interpreting the Act.⁸⁴ While the
 existence of intraparty transfer rules “reflects a judgment that party committee units are to be

1 relatively free to fund each other's efforts,"⁸⁵ such efforts to use these rules to evade the limits
 2 under the Act are impermissible.⁸⁶ To apply the intraparty transfer provisions as urged by
 3 Respondents would effectively nullify the individual contribution limitations for a national party
 4 committee. The Commission should construe statutes and regulations to harmonize and give
 5 effect to all of their provisions.⁸⁷

6 The SPCs also specifically note that they received their allocations from HVF, controlled
 7 how such funds were spent, and were permitted to make unlimited transfers of their federal funds
 8 to the DNC.⁸⁸ The facts, however, indicate that the SPCs' assertion that they controlled how the
 9 funds were spent is not credible. Rather, the facts, fairly construed, show that the funds
 10 transferred to the SPCs pursuant to the allocation formula were intended at the outset for the
 11 DNC. Thus, it appears that the allocation formula was a pretext to redirect funds through the
 12 SPCs to the DNC that could not have been directly contributed to the DNC because the funds

1 were from individual contributors who had already reached their limits for contributions to the
2 DNC.

3 In sum, we conclude that Respondents, through their series of joint fundraising
4 transactions, used HVF as a means to circumvent the DNC's contribution limits by using the
5 SPCs to direct additional funds to the DNC in excess of the individual contributor's limits.
6 Accordingly, we recommend that the Commission find reason to believe that HVF, HFA, the
7 DNC, and the thirty-eight SPCs each violated 11 C.F.R. § 102.17(c)(1) and (2), by soliciting and
8 raising funds under a false joint fundraising agreement, and the DNC violated 52 U.S.C.
9 § 30116(f) by accepting excessive contributions.

10 At this time, we have no information that any donor contributed to HVF with knowledge
11 that their contributions to the SPCs would be routed to the DNC. As such, we make no
12 recommendation at this time that any donor knowingly made an excessive contribution.⁸⁹
13 Similarly, there is no information that Hillary Clinton, in her individual capacity, violated the
14 Act with regard to the joint fundraising, and therefore we recommend that the Commission take
15 no action at this time as to her.

16 2. Respondents Failed to Properly Report Receipts and Disbursements from the Joint
17 Fundraising Committee
18

19 Having concluded that the SPCs were not legitimate participants in the joint fundraising
20 committee because they were largely used as a mere pass through for contributions to the DNC,
21 it necessarily follows that Respondents' reports did not accurately reflect the real disposition of
22 funds raised through HVF.

⁸⁹ See First Gen. Counsel's Rpt. at 9-10, MUR 5430 (Buchanan for President) (not making any recommendation as to contributors who made excessive contributions because of the possibility that they relied on the committee's assurances that their contributions were legal).

1 Because most of the proceeds allocated by HVF to the SPCs were in reality contributions
2 to the DNC, HVF improperly reported the disbursements of these funds as transfers to the SPCs,
3 rather than transfers to the DNC, and the SPCs improperly reported these funds as transfers from
4 HVF and contributions from the individual donors. Similarly, the DNC also improperly reported
5 the funds it received through the SPCs as transfers from the SPCs rather than as transfers from
6 HVF and contributions from the individual donors to HVF.⁹⁰ Thus, it appears that HVF, the
7 SPCs, and the DNC violated the reporting obligations of the Act. Accordingly, we recommend
8 that the Commission find reason to believe that HVF, the SPCs, and the DNC violated 52 U.S.C.
9 § 30104(a) and (b), and 11 C.F.R. § 104.3(a) and (b).

10 Separately, each of the eight SPCs that is the subject of the referrals from RAD also
11 violated reporting requirements in connection with reporting specific transfers from HVF and to
12 the DNC. Six of the eight SPCs, the Texas Democratic Party, the Democratic Party of South
13 Carolina, the Mississippi Democratic Party, the Idaho State Democratic Party, the Nevada State
14 Democratic Party, and the Utah State Democratic Committee failed to initially report receipts
15 from HVF and transfers to the DNC in reports filed with the Commission.⁹¹ The Massachusetts
16 Democratic State Committee failed to initially report a receipt from HVF, and the Kansas
17 Democratic Party failed to report itemized receipts in connection with a transfer from HVF.⁹²
18 We recommend that the Commission open MURs for each of the RAD referrals, merge them
19 with MUR 7304, and find reason to believe that the Texas Democratic Party, the Mississippi

⁹⁰ HVF could not have transferred these funds directly to the DNC, nor could the DNC accept these funds as contributions.

⁹² *See id.* at 4, 7.

Democratic Party, the Idaho State Democratic Party, the Nevada State Democratic Party, the Utah State Democratic Committee, the Democratic Party of South Carolina, the Massachusetts Democratic State Committee, and the Kansas Democratic Party violated 52 U.S.C. § 30104(a) and (b) and 11 C.F.R. § 104.3(a) and (b).

B. There is Reason to Believe that the DNC Made and HFA Accepted Excessive Contributions in the Form of Coordinated Expenditures

The Complaint alleges that because the DNC allowed HFA to exercise direction, oversight, and control over the DNC's funds, including those funds the DNC received through HVF, all expenditures made by the DNC in connection with the presidential election should count as contributions to, and coordinated expenditures on behalf of, HFA, resulting in the DNC exceeding the federal limits on those contributions.⁹³

The Act prohibits any person from making, and any candidate or committee from accepting or receiving, excessive or prohibited contributions.⁹⁴ The term "contribution" includes anything of value made for the purpose of influencing a federal election.⁹⁵ Further, any expenditure made by a person "in cooperation, consultation, or concert, with, or at the request or suggestion of, a candidate," or the candidate's authorized political committee is considered an in-kind contribution to that candidate.⁹⁶ These "coordinated" expenditures are treated as

1 contributions to the candidate and must be reported as expenditures made by the candidate's
 2 authorized committee.⁹⁷

3 Notwithstanding the general limits on contributions to candidates, the national committee
 4 of a political party may make coordinated party expenditures in connection with the presidential
 5 general election, subject to the limits established by the Act and Commission regulations.⁹⁸
 6 Coordinated party expenditures include disbursements for communications that are coordinated
 7 with the candidate.⁹⁹ For the 2016 general election, national party committees were limited to
 8 making \$23,821,100 in coordinated party expenditures with presidential candidates,¹⁰⁰ and the
 9 DNC made coordinated expenditures of \$23,371,432,¹⁰¹ leaving a balance of \$449,668.

10 While the Complaint does not identify any specific communications that the DNC
 11 coordinated with HFA or specific expenditures not already reported that should count toward the
 12 DNC's party coordinated expenditures, the MOU and statements by then-DNC Chair Donna
 13 Brazile provide a reasonable basis to conclude that the DNC may have coordinated with HFA to
 14 make additional expenditures. The MOU reportedly provided that HFA would have joint
 15 authority over DNC decisions involving "staffing, budget, expenditures, and general election

related communications, data, technology, analytics, and research.”¹⁰² Brazile also stated that she “couldn’t write a press release without passing it by” HFA.¹⁰³ Taken together, the MOU and Brazile’s statements indicate that the DNC was acting “in cooperation, consultation, or concert, with, or at the request or suggestion of” HFA by allowing HFA authority over its expenditures for communications, staffing, and other operational expenses.

While the amount of expenditures that the DNC coordinated with HFA is not known at this time, the extent of HFA’s role supports a reasonable inference that the amount likely exceeds \$449,668. Accordingly, we recommend that the Commission find reason to believe that the DNC made excessive in-kind contributions to HFA in violation of 52 U.S.C. § 30116(a) and 11 C.F.R. §§ 109.20(a) and 109.32, and HFA accepted excessive in-kind contributions from the DNC in violation of 52 U.S.C. § 30116(f) and 11 C.F.R. §§ 109.20(a) and 109.32.

We do not have enough information at this time to make a recommendation as to the Complaint’s broader allegation that HFA effectively controlled the DNC, thus resulting in excessive contributions to HFA. An investigation into the expenditures the DNC coordinated with HFA may yield additional information as to the relationship between HFA and the DNC necessary to allow us to determine the extent of HFA’s purported control over the DNC’s operations and the joint fundraising proceeds.

C. The Commission Should Take No Action as to the Earmarking and Contribution in The Name of Another Allegations

Finally, the Complaint alleges that the transfers from the HVF to the DNC via the SPCs show that HVF donors directly or indirectly earmarked their contributions to the DNC, and the

DNC knowingly accepted contributions in the name of another by reporting that it received contributions from the SPCs rather than the actual source of the funds, the individual contributors.¹⁰⁴ The Respondents, however, contend that both of these claims fail because there is no evidence that any HVF donor earmarked his or her contribution to HVF for the DNC.¹⁰⁵

The Act and Commission regulations prohibit persons from using intermediaries to circumvent the contribution limits.¹⁰⁶ This prohibition includes making a contribution in the name of another, knowingly permitting his or her name to be used to effect such a contribution, or knowingly accepting such a contribution.¹⁰⁷ For purposes of the Act, “all contributions made by a person, either directly or indirectly, on behalf of a particular candidate, including contributions which are in any way earmarked or otherwise directed through an intermediary or conduit to such candidate, shall be treated as contributions from such person to such candidate.”¹⁰⁸ Commission regulations define the term “earmarked” as “a designation, instruction, or encumbrance, whether direct or indirect, express or implied, oral or written, which results in all or any part of a contribution or expenditure being made to, or expended on behalf of, a clearly identified candidate or a candidate’s authorized committee.”¹⁰⁹ The intermediary must report the original source and the intended recipient of an earmarked contribution to both

the Commission and the intended recipient.¹¹⁰ Commission regulations also, however, clarify that a fundraising representative conducting joint fundraising activities pursuant to 11 C.F.R. § 102.17 is not a conduit or intermediary.¹¹¹

In the past, the Commission has found that contributions were earmarked where there was “clear documented evidence” of a designation or instruction by the donor to the recipient committee.¹¹² The Commission has rejected earmarking allegations where the complaints provided no information beyond alleged similarities in contribution amounts and timing, and where credible information suggested that the similar contributions were not earmarked.¹¹³ More recently, however, a plurality of the Supreme Court observed in *McCutcheon* that the Commission’s earmarking regulations “define earmarking broadly”¹¹⁴ and apply to “implicit agreements” as well as explicit ones.¹¹⁵ The plurality noted that if many state parties “would

¹¹³ See Factual & Legal Analysis at 6-7, MUR 6985 (Lee Zeldin, *et al.*) (finding no reason to believe where alleged reciprocal contributions were not closely linked in timing and amount, respondents denied the allegations, and there was no information indicating that any of the contributions were earmarked or encumbered by “express or implied instructions to the recipient committees”); Factual & Legal Analysis at 5-7, 5 n.4, MUR 5732 (Matt Brown for U.S. Senate, *et al.*); First Gen. 1 willingly participate in a scheme to funnel money to another State's candidates," an agreement to
 2 act as intermediaries for the contributors would trigger the earmarking provision.¹¹⁶

3 Respondents point to an earmarking disclaimer that states contributions "will not be
 4 earmarked for any particular candidate" in the sample HVF contribution form as support for their
 5 argument that donors could not earmark their contributions to a particular HVF participant
 6 simply by contributing.¹¹⁷ A disclaimer alone, however, does not immunize HVF donors and
 7 participants from an earmarking violation. The Commission has previously determined that a
 8 "written disclaimer of earmarking cannot negate the presence of circumstances which constitute
 9 earmarking or a scheme to make contributions in the name of another."¹¹⁸

10 As discussed below, we lack enough information at this time to adequately assess these
 11 claims.¹¹⁹ The record is void of information necessary to determine whether HVF contributors
 12 earmarked their contributions to the DNC for the benefit of Hillary Clinton or HFA. The
 13 Complaint makes general allegations without identifying any particular contributions to HVF
 14 that were purportedly earmarked or any explicit indicia of earmarking regarding these
 15 contributions.¹²⁰ Despite our conclusion that HVF was used to funnel excessive contributions to
 16 the DNC through the SPCs, we have no information that the donors knew about this plan.

¹¹⁷ *See* HVF Resp. at 11, Ex. B (HVF Contribution Form).

¹¹⁸ Factual & Legal Analysis at 36 n.18, MUR 4633 (Triad Mgmt. Servs., *et al.*).

¹¹⁹ Respondents also argue that donors lacked "actual knowledge" of how the SPCs would use their contributions and therefore cannot be in violation of 11 C.F.R. § 110.1(h). *See* HVF Resp. at 8, 11; SPCs Resp. at 3-4. We agree that there is no information in the Complaint that indicates that HVF donors had actual knowledge of how the SPCs would use their contributions.

¹²⁰ *See* Compl. at 8 & ¶¶ 116, 123-30. Even under the Supreme Court's broader interpretation of the earmarking regulations, there is no information that HVF donors "telegraphed" their intent to support a particular candidate. *See McCutcheon*, 134 S. Ct. at 1455.

1 However, evidence of donor knowledge may be discovered in the course of our proposed
2 investigation of the Respondents' joint fundraising activities. Accordingly, we recommend that
3 the Commission take no action at this time on the alleged violations of 52 U.S.C. § 30116(a)(8)
4 and 52 U.S.C. § 30122.
