Dear General Counsel's Office:

I have reason to believe that a questionable donation was made in my name. The donation dated July 7, 2016, bears transaction ID SA18.1726862. The subject donation can be found on page 47291 of Schedule A-P Itemized Receipts. It purports to be from a Joint Fundraising Committee ("JFC").

It is questionable for a number of reasons. First, I have no record of making this donation. Second, the information for my employer is incorrect since I was not a member of that firm in 2016, having left in 2012. Third, it references that the donation was made for the Donald Trump primary, but the contribution was purportedly made a mere eleven days before the Republican National Convention which was held on July 18th. This naturally would have occurred long after the primary season ended.

It is also questionable why a such a *de minimis* contribution of \$40 is reportable. Attached is a screenshot of the purported transaction. Based on the foregoing, I would like to have this removed from the supposed donor rolls.

Please do not hesitate to contact me should you have any questions or need any additional information. Thank you for your attention to this matter. In accordance with 52 U.S.C. § 30109(a)(1) and under penalty of perjury, I hereby swear that the foregoing statements are true.
