Dear Ms. Ross:

We have been engaged as legal counsel to represent Unite the Country (“UTC”) in the above-captioned matter. (We understand Designations of Counsel have been delivered electronically to you.) This letter seeks a 20-day extension of time to prepare and submit a response demonstrating that no action should be taken against our client in this matter.

A copy of the complaint initiating this matter was forwarded to UTC on June 29, 2020. Vacation schedules and pre-existing professional obligations do not leave sufficient time for us to prepare an adequate written response within fifteen days (*i.e.*, by July 14). An additional 20 days would extend the response date to August 3, 2020.

Please let us know if you have any questions concerning this request.

Sincerely,

*William Farah*

William J. Farah
