RECEIVED
FEDERAL ELECTION COMMISSION
OCTOBER 23, 2020 2:09 PM
OFFICE OF GENERAL COUNSEL

Lisa J. Stevenson
Acting General Counsel
Office of General Counsel
Federal Election Commission
1050 First Street, NE
Washington, DC 20463
EnfComplaint@fec.gov

MUR 7834

October 21, 2020

This is a formal complaint being filed under 52 U.S.C. § 30109(a)(1) of the Federal Election Campaign Act ("FECA") on behalf of Americans for Legal Immigration PAC ("ALIPAC"). Based upon information and belief, as set forth below and in the attached materials, ALIPAC believes that Twitter, Inc. ("Respondent"), Facebook, Inc. ("Respondent"), and Google, Inc. ("Respondent") have violated FECA and the Commission's Regulations by making numerous and systematic corporate in-kind contributions to the Democratic Party and Democratic campaigns for public office (including but not limited to Joe Biden for President), through acts of censorship, abuse, suppression, coercion, intimidation, and unequal treatment of Republicans, conservatives, Christians, and other individuals and groups who oppose the shared political philosophies of these companies and the vast majority of their employees.

I, William Gheen of PO Box 30966, Raleigh, NC, 27622, as both as an individual victim and as a spokesman for the national organization Americans for Legal Immigration PAC (Founded 9/11/2004 FEC ID: C00405878), do hereby swear and affirm under penalty of perjury I am accurately presenting the following evidence attached, which I believe shows the corporations of Google, Facebook, and Twitter are unlawfully using corporate resources and employees to affect the outcome of US elections based on the numerous media and victim reports cited in this document.

While there are numerous reasons to believe multiple Silicon Valley corporations are acting in collusion to influence the outcome of US elections on behalf of the Democratic Party and Democratic Party candidates (including Joe Biden), the most egregious violators appear to be Google, Facebook, and Twitter from the evidence we've gathered.

Paid for by Americans for Legal Immigration

AMERICANS FOR LEGAL IMMIGRATION PAC
Post Office Box 30966, Raleigh, NC 27622-0966
Tel: (919) 787-6009 Toll Free: (866) 703-0864
FEC ID: C00405878

This official complaint focuses on reports of election law violations by employees under the direction and control of:

Google, Inc.

CEO: Sundar Pichai
1600 Amphitheatre Parkway
Mountain View, CA 94043, USA
(650) 253-0000

Facebook, Inc.

CEO: Mark Zuckerberg
Facebook 1 Hacker Way
Menlo Park, CA 94025
1-650-308-7300

Twitter, Inc.

Twitter Headquarters 1355 Market St. Ste. 900
San Francisco, CA 94103
1-415-222-9670

Federal campaign finance law strictly prohibits corporations from making contributions to federal candidates. 52 U.S.C. § 30118(a); 11 C.F.R § 114.2(b). The term "contribution" is defined in relevant part to mean "anything of value made by any person for the purpose of influencing an election," and includes in-kind contributions such as services. 11 C.F.R. §§ 100.52(a) & 100.52(d)(1).

It is proven and accepted that search engines listing prominence, rankings, and visibility and reach on social media platforms of the censored contents, individuals, and organizations documented in this complaint are of value because each day American individuals and companies spend millions of dollars at Google, Facebook, and Twitter to advertise their products, services, campaigns, and policy positions. This fact is also illustrated by the vast amount of campaign expenditures detailed in Federal Election Commission PAC and campaign reports found at FEC.gov where these "things of value" are purchased from Google, Facebook, and Twitter.

The stunning value of having your PAC, campaign, interest group, non-profit, or company's opposition shadow-banned, suppressed, censored, silenced, coerced, intimidated, threatened, or being placed upon an uneven playing field by these partisan companies and employees must surely be astronomical.

Therefore, we believe these companies offer the Democratic Party and Democratic campaigns things of great value by censoring, suppressing, silencing, threatening, punishing and abusing their political opposition and opponents.

Please accept and review the following compilation of evidence which is being submitted to the FEC both electronically and in hard copy.

Upon the request of the commission, we can provide hundreds of additional sworn-affidavits from victims of similar political censorship and abuse by Facebook, Google, and Twitter.

While each company can cite some examples of left-leaning groups they have censored, we believe our list shows an overwhelming impact on Americans who oppose the left-wing views, policies, and candidates favored by the owners, managers, CEOs, and employees who dominate Google, Facebook, and Twitter.

We urge the commission to act quickly and decisively as new victims are being added to the tracking list each week. American elections and citizens must be protected from this new form of electronic totalitarianism and abuse of power in the information age.

We believe that this extensive list of evidence makes it clear that Facebook, Twitter, and Google employees are using their company power and resources to affect the outcome of legislation, policies, and elections by silencing or diminishing those who would oppose their political and campaign and elections goals.

Direct Impact

As you can see in our Oct 2, 2018 report to Congress which is now in the Congressional Record housed in the Library of Congress (first link below for ALIPAC), we have numerous reasons to believe these three companies have cut website traffic to our website and archives at ALIPAC.us and our videos on Youtube for political reasons.

Google: This company has taken us from page 1 search results on our most important search term "illegal immigration" to not being listed in the top 100 pages. We also believe allowed someone at their company to hack and destroy our Youtube channel and when we rebuilt it they demonetized us, removed and censored videos, and block us from placing ads or being able to live stream. We are certain that if our PAC supported Google's political agenda on immigration matters, these problems would not be present. ALIPAC's positions on immigration issues shared by most Republicans are being censored, blocked, and sandbagged by Google while similar organizations who support the Democrat and Google favored positions prosper on their platform.

Facebook: We believe Facebook has applied hidden restraints on our pages to limit our growth and reach. We have caught Facebook censoring search results for our events and playing favorites in support of online trolls attacking our attempts to assemble in favor of our issues. Facebook has locked us out of our main pages just prior to national events we organized without explanation. In August of 2018, Facebook admitted they wrongfully removed political content and banned me from the platform and promised they would restore the censored posts and my access. While my ban was lifted, they never restored the post they censored.

Twitter: Twitter refuses to certify my account despite numerous requests and refuses to allow us to run ads or promote content. In November of 2017, Shortly after a Twitter employee briefly deactivated President Donald Trump's account, Twitter rejected our ad to encourage Americans to call Congress

against Amnesty legislation falsely labeling our ad as "hateful content." Our ad was an image of a woman shouting into her phone and simply read, "CALL CONGRESS TO STOP AMNESTY NOW!"

Over Christmas of 2017, my account was suspended for 7 days over posts that did not violate Twitter TOS but was our celebration over defeating Dream Act Amnesty legislation before the break. Twitter called it "hateful content" and banned us for 7 days and took away our ability to ever place ads again. (Screen Shots and documentation in source links below)

Indirect Impact

We have included a total of 148 examples with documentation of Facebook, Google, and Twitter censoring, suppressing, and abusing other opponents of the political left in America to show there is clear cause to believe these violations of American laws and civil rights are extensive, systematic, and intentional. The evidence we are providing the FEC gives your regulatory agency proof and documentation of what is already a widely held belief that conservatives are being targeted.

While these Silicon Valley companies and their backing left-leaning political non-profit groups will often claim they are censoring content that is somehow "racist" or "hateful", closer inspection on a case by case basis finds there is often no evidence to support their claims and that such explanations are being offered to conceal their political bias and skullduggery.

At the time of this complaint, our tracking list currently contains 148 examples of conservatives and varied opponents of the left who have been banned, censored, abused, or oppressed by these platforms and can be accessed online at:

ALIPAC's List of Conservatives Censored by Silicon Valley companies Facebook, Google, Twitter
<https://www.alipac.us/f31/list-conservatives-censored-silicon-valley-companies-facebook-google-twitter-363125/>

Specific examples offered as evidence for our beliefs and concerns:
