Dear FEC,

The Patriot Party is no longer used, due to inadequate fundraiser knowledge. Dr. Resnik / Resnick , is aware of this. Notice his filing for an EIN , does not constitute legal authorization to use intellectual property through the Department of Treasury. As a legal officer you should be familiar with EIN. His sole intent is to make money off of an already established platform which started in the 1960s. Well before his attempt to resurrect a "company" called Patriot Party. I would like to remind him, i do not own any websites, media outlets or merchandising associated with Patriot Party. Amendments have been filed. PATRIOT PARTY, DJT FUNDRAISER C00767095 is no longer active. I filed 4 days after he filed , so there would have been no way of officially knowing he had established. Dr. Resnik / Resnick is also being investigated by the FBI , Charlotte Office, by SAG . He is also being investigated by federal charitable office for his dealing with vansforvets.org. I make you aware of this because I am not at fault. His harassment of myself and my family has been unwanted. This is an attempt , very un legal , to make money of something that was done before his steps with the IRS.

Respectfully Signed ,

Michael J. Gaul
