***RE: MUR 7946***

To Whom It May Concern,

Complaint MUR7946 purports to be filed against me, Paul Repak, in my individual and professional capacity as Financial Director of the EAC. I respectfully request that this Complaint be dismissed against me altogether. No action is alleged against me throughout the Complaint. I am not mentioned in any itemized fact. My name is raised once, under Item No. 28, Page 8, where I am simply identified, with no mention of any "action" I have taken. This one reference to me is clearly copied and pasted from the EAC website. It is akin to a reference that would otherwise fall in the "Parties" section of a Complaint. The Complaint is devoid of any mention of any action I have ever taken whatsoever.

Even if this Complaint survives initial examination, at the very least I respectfully request dismissal of this Complaint against me in my personal capacity. I have been inappropriately and concernedly sued individually. Nothing points to any action I have taken in any capacity, and certainly none that could be remotely construed as outside of my scope of service to the EAC.

I greatly appreciate your attention this. Thank you for your consideration.

Sincerely,

*Paul W Repak*
