Good afternoon,

I received all the information about MUR7985. I made an error in making my donation and overpaid by \$900. When I reached out to the candidate's team, they acknowledged the overpayment. They offered a refund, but I asked that the overpayment be donated to the candidate's General Election Fund with the understanding that it will be refunded should the candidate lose in the primary.

I apologize for the error, and the work required to respond to the complaint. It was done accidentally.

Please let me know if I need to do anything further to address this complaint or situation.

God bless America, Thank you,

Christopher Henning
