Dear FEC,

Concerning your letter to me of May 3, 2022, MUR 7993 please be informed that the complaint lodged by Mr. Frank Smith is pure nonsense and false.

He confuses Dr. Carlos A. Joly with me-- Carlos Joly (Carlos Federico Joly). He does not realize that Carlos A Joly, a professor of biology in Brazil is not Carlos Joly, Fellow, Cambridge University, graduate of Harvard GSAS. Two different people with slightly different names.

I am a US Citizen, Therefore fully in my right to contribute to US political campaigns, including the campaign of Doyle Canning for Congress.

Mr. Smith is a nuisance, who has lodged several complaints against me. Kindly disregard him. He pesters me and the candidates I contribute to, obviously simply because he is against what they stand for. He is a waste of your time.

Best regards,
Carlos Federico Joly
