FIRST STREET, NE, WASHINGTON, DC 20463, October 28, 2022

2nd Supplement to M.U.R. 8065, October 28, 2022

My name is Cris Ericson, candidate for U.S. Senator 2022 in Vermont and I am submitting this second supplement to my complaint M.U.R. 8065 because I believe that U.S. Congressman Peter Welch, Democrat, and Gerald Malloy, Republican, have been in a continuing conspiracy with other entities against me to exclude me from political candidate debates, for possible wrongful debate exclusion, which might also be unreported in-kind campaign contributions to them.

I was excluded from the October 26, 2022 U.S. Senate candidate debate on WCAX and they did not respond to my email asking for their debate exclusion criteria for excluding me.

I also believe that U.S. Congressman Peter Welch, Democrat and Gerald Malloy, Republican, are in conspiracy with the Democrat Party at the state and federal level and the Republican party at the state and federal level to exclude me, and I believe that based on the fact that they have willingly participated in three debates which excluded me. I also believe that WCAX is in conspiracy with the Democrat and Republican political parties to exclude me.

I believe that the United States of America and our citizens suffer because of minor party and independent candidate debate exclusion which creates a much greater divide in our country than if the political pie was more divided between a greater presence of candidates. Just glaring black and white without the shades of gray creates a starker reality.

I believe that the Democrat party and Republican party at the state and nation level promote the lie that if you don't vote for one of them, you are wasting your vote. You are not wasting your vote by voting for a minor party or third party candidate in the elections for U.S. Senator and Representative to U.S.

Congress because the election is won by a plurality of votes and not a

that you are wasting your vote if you don't vote for them, then they are in conspiracy to defraud the citizens who vote.

My name is Cris Ericson and I have been on the official election ballot every two years for various political offices in Vermont by the choice of the voters who sign petitions to put my name on the ballot. I always have to submit just as many political petition registered voter signatures as the Democrat and Republican candidate. WCAX has excluded me from every debate from 2002 through and including 2022.

I have never won an election. I keep running for political office because voters want me to raise valid issues of importance to them that they don't hear other candidates talking about. There has never been a fair election in Vermont in the twenty years I have been a perennial candidate, every two years from 2002 through 2022. I have been excluded from the majority of debates and forums during that time period.

In 2020 facebook.com "permanently" banned me from their platform in October 2020 before the November 2020 election. I am listed as an "interested party" in Trump v. Meta but the Miami Judge wouldn't let me create a sub-class. I was not a Republican and I was excluded long before former President Trump and the problem at the U.S. Capitol.
