Hi! Wanted to reach out regarding any concerns about my donations this past election

My 6/1/2022 donation of \$5800 was designated for both the Primary election and General election - \$2900 each. Unfortunately, both were submitted to FEC incorrectly as General election contributions by Kumar for Congress.

Additionally, the refund of \$2900 on 10/15/2022 sent to me by Kumar for Congress was also missed in their FEC submission.

The campaign team is filing an amendment that will correct these errors and also properly credit the \$2900 refund. That should reflect my adherence to the campaign contribution limit.

Please email me if you have any questions!

Best,
Rishub
