The Complaint alleges that Marcus J. Molinaro, former County Executive for Dutchess County, New York, and 2022 candidate for the U.S. House of Representatives in New York’s Nineteenth District, as well as Marc for US Inc. and Lisa Lisker in her official capacity as treasurer (the “Federal Committee”), Molinaro’s principal campaign committee, and Molinaro for Dutchess (the “State Committee”), Molinaro’s committee for election as county executive, violated the Federal Election Campaign Act of 1971, as amended (the “Act”), by making and accepting prohibited transfers from the State Committee to the Federal Committee totaling \$2,000, which the Federal Committee partially misreported, and by making, accepting, and failing to report prohibited in-kind contributions totaling \$2,604.70 from the State Committee to the Federal Committee.<sup>2</sup> According to the Complaint, the State Committee made two prohibited \$1,000 transfers to the

1 Federal Committee on October 1, 2021, and March 4, 2022.<sup>3</sup> While the State Committee disclosed  
2 both transfers on its disclosure reports filed with the New York Board of Elections,<sup>4</sup> the Federal  
3 Committee reported only a \$1,000 contribution from Molinaro individually dated September 30,  
4 2021, and reported the second transfer from the State Committee with a date of March 31, 2022,  
5 and a memo entry stating “nonfederal — permissible funds.”<sup>5</sup> In addition, the Complaint alleges  
6 that the State Committee made impermissible in-kind contributions to the Federal Committee in the  
7 form of \$2,604.70 in various expenditures made for the Federal Committee’s benefit, including  
8 disbursements to MailChimp, Branding Pros, Constant Contact, Horizon Messaging Group, and  
9 Facebook for “Campaign Literature,” and to Hudson Valley Press for “Print Ads.”<sup>6</sup> The Complaint  
10 alleges that, because the next election for county executive was over two years away, “there is no  
11 logical reason” for the State Committee to have made these payments for its own benefit and that it  
12 is “more likely” that the payments were made to benefit the Federal Committee.<sup>7</sup>

13 Molinaro, the Federal Committee, and the State Committee submitted a joint Response,  
14 supported by the sworn statements of Molinaro and the Federal Committee’s former treasurer,

The Complaint surmises that the September 30, 2021 contribution from Molinaro of \$1,000 is likely a misreporting of the October 1, 2021 transfer from the State Committee to the Federal Committee of \$1,000, rather than a separate contribution from Molinaro individually. Compl. at 4 (“The close proximity of the State Committee’s \$1,000 contribution and the \$1,000 contribution that the Federal Committee reports as coming from Mr. Molinaro’s personal funds suggests that the Federal Committee misreported the contribution on its FEC reports.”).

1 which addresses each of the allegations in the Complaint.<sup>8</sup> First, with respect to the initial \$1,000  
2 transfer from the State Committee to the Federal Committee, the Response states and Molinaro  
3 attests that he intended to make an individual contribution to the Federal Committee with his own  
4 funds, but that the online contribution form automatically populated with the information associated  
5 with the State Committee’s debit card, and that the Federal Committee mistakenly accepted the  
6 transfer from the State Committee believing that it had come from Molinaro individually.<sup>9</sup> Second,  
7 regarding the subsequent transfer of \$1,000 from the State Committee to the Federal Committee, the  
8 Response states only that the Federal Committee “accepted it in error.”<sup>10</sup> On June 8, 2023, the  
9 Federal Committee refunded \$2,000 to the State Committee.<sup>11</sup> The Federal Committee has not  
10 amended its disclosure reports filed with the Commission regarding the source of the initial \$1,000  
11 contribution or the date<sup>12</sup> and memo entry associated with the second \$1,000 contribution.

12 Third, regarding the alleged in-kind contributions by the State Committee to the Federal  
13 Committee, the Federal Committee states and the former treasurer attests that, with the exception of  
14 the total \$721.20 paid to MailChimp (of which \$223.82 was referenced in the Complaint), each of  
15 the disbursements enumerated in the Complaint were for *bona fide* state expenses associated with  
16 Molinaro’s role as a state officeholder and his active committee for reelection to that office.<sup>13</sup> With  
17 respect to the MailChimp expenditures initially paid by the State Committee, the former treasurer  
18 avers that the Federal Committee “did make limited use of a MailChimp account belonging to [the

3           Based on its experience and expertise, the Commission has established an Enforcement  
4 Priority System using formal, pre-determined scoring criteria to allocate agency resources and  
5 assess whether particular matters warrant further administrative enforcement proceedings. These  
6 criteria include (1) the gravity of the alleged violation, taking into account both the type of activity  
7 and the amount in violation; (2) the apparent impact the alleged violation may have had on the  
8 electoral process; (3) the complexity of the legal issues raised in the matter; and (4) recent trends in  
9 potential violations and other developments in the law. This matter is rated as low priority for  
10 Commission action after application of these pre-established criteria. Given that low rating, and the
