Hello,

Our names are Brian and Allison Stefanich. We are writing in response to the false allegations made against us (MUR 8137).

These are very serious accusations, which we categorically deny. At no time did we violate any finance laws or regulations.

The complainant states that we are "of Maryland". We live in Michigan, at the address she subsequently provided.

There is not one shred of evidence in these "documents" that ties us to any of these horrible accusations. If an investigation follows, we intend to fully cooperate.
