Christal, our OKGOP Treasurer John Elliott sent in a response previously. Is that sufficient or do you need a response from me?

Here is what happened if you need a statement from me (all of which I believe has been relayed by Treasurer Elliott):

Treasurer Elliott sent our donation spreadsheet to our representative at RedCurve as they handle our compliance reporting.

While working on the spreadsheet the RedCurve employee accidentally selected a donation of \$500 & dragged down the column overwriting the existing donation amounts & changing them to \$500.01, \$500.02, etc.

The error was discovered & an amended report was filed.

Joe Vaden noticed the error in the original report but did not contact Treasurer Elliott, myself, or RedCurve; instead he filed a false report along with Vice Chair Wayne Hill claiming straw donations were being made.

We received notice that the complaint had been made.

Treasurer Elliott submitted the above information to you all along with information from RedCurve admitting it was their error that caused the initial error in the report.

Please let me know if that is sufficient or you need further information from me. As this was an error that was quickly corrected, we hope to resolve it through your process quickly in whatever manner we need to get it resolved.

For the People,
Nathan Dahm
