Hello,

We received the copy of the complaint against One Tallahassee.

One Tallahassee is a registered political committee in the State of Florida with a primary purpose of electioneering for local and regional candidates.

We do not have a major purpose of electing federal candidates and the inclusions cited are incidental and will be reported as an Independent Expenditure based on the dollar amount on the Form 5 due October 15th.

Let me know if you have any other questions,

Jeremy Matlow
chairman, One Tallahassee
