MUR # 7080

OFFICE OF GENERAL  
COUNSEL

May 31, 2016

Federal Election Commission  
999 E Street, N.W.  
Washington, D.C. 20463

**Re: Campaign Finance Violations by Paul Babeu and Paul Babeu for Congress**

Dear Sir or Madam:

On behalf of the Public Integrity Alliance, I call your attention to violations of the Federal Election Campaign Act and regulations promulgated thereunder by Paul Babeu and Paul Babeu for Congress (together, the "Babeu Campaign"). As detailed below, there is reason to believe the Babeu Campaign accepted excessive and unreported in-kind contributions from the Pinal County Sheriff's Office ("PCSO") in the form of coordinated communications and expenditures, in contravention of 52 U.S.C. §§ 30116(a)(1)(A), (a)(7)(B) and (f), 30104(b)(2)(A), and 11 C.F.R. §§ 104.3(a)(2)(i), 110.1(b), 110.9, 109.20 and 109.21.

**FACTUAL BACKGROUND**

Paul Babeu is the Sheriff of Pinal County, Arizona, an elected office he has held since January 2009. On January 31, 2016 Babeu filed with the Commission a Statement of Candidacy indicating his intention to seek the office of United States Representative for the First Congressional District of Arizona,<sup>1</sup> and designated Paul Babeu for Congress (FEC ID No. C00588673) as his principal campaign committee. On or around February 8, 2016 the PCSO distributed to approximately 8,200 registered voter households in Pinal County a mailer (a copy of which is attached hereto as Exhibit A) that favorably recounted ostensible successes of the PCSO under Babeu's leadership.<sup>2</sup> Notably, many of the policy issues and PCSO initiatives lauded in the mailer – including border security, illegal immigration, improved emergency response times, and increased budgetary and operational efficiency in the PCSO – also feature prominently in the Babeu Campaign's messaging. Indeed, the promotional talking points included in the mailer correspond nearly verbatim to some of the Babeu campaign's online promotional literature. At least two photographs of Babeu in the mailer also are posted on the Babeu Campaign's website (screenshots are attached as Exhibit B).

<sup>1</sup> Babeu's initial Statement of Candidacy stated that he would seek office in the Fourth Congressional District of Arizona; the apparent error was corrected in an amended Form 2 filed on February 4, 2016, which identified the First District as the jurisdiction in which Babeu is a candidate.

<sup>2</sup> The full roster of voters to whom the mailer was sent, which was provided by the PCSO to the Complainants pursuant to Arizona public records laws, is attached hereto as Exhibit C.

Information obtained from the PCSO indicates that the mailer was not disseminated to a random cross section of the public or even the voting public; rather, the mailer was disseminated disproportionately to high efficacy Republican voters. Registered Republicans constituted 31.2% of active and inactive voters in Pinal County as of March 1, 2016, while independent or unaffiliated voters comprised approximately 41.4% of the Pinal County electorate.<sup>3</sup> By contrast, the undersigned's analysis of a randomly selected sample of 100 names drawn from the distribution list furnished by the PCSO (see Ex. C)<sup>4</sup> indicates that approximately 85% of the mailer's recipients were eligible to vote in the August 2016 Republican primary election in the First Congressional District (compared to 72.6% of the registered voter population in Pinal County). More strikingly, a full 58.5% of the individuals in the random sample were registered Republicans; nearly all were identified as high efficacy Republicans, i.e., individuals who reliably vote in Republican primary elections. This strongly suggests that the mailer was intended to influence the upcoming Republican primary election and not to neutrally inform the public of current events or governmental programs.

In addition, between January 31 and March 7, 2016, a series of posts to the PCSO Facebook page were published almost simultaneously on the Babeu Campaign's Facebook page; printed screenshots of the postings are attached hereto as Exhibit D.

The Babeu Campaign disclosed in its April 2016 quarterly report to the Commission a \$280 disbursement to Pinal County on February 2, 2016 for "venue" expenses; it has not reported any other financial transactions with or reimbursements to Pinal County.

### FECA VIOLATIONS

#### **I. Payments for the Development and Distribution of the Mailer Represent Excessive In-Kind Contributions from Pinal County to the Babeu Campaign.**

The evidence indicates that Babeu and/or the Babeu Campaign actively coordinated with PCSO in the development, production and distribution of the mailer, thus resulting in an excessive in-kind contribution from the PCSO to the Babeu Campaign. The FECA prohibits any person from making, and any federal candidate committee from accepting, contributions in excess of \$2,700 per election. See 52 U.S.C. § 30116(a)(1). An expenditure by a third party is considered a contribution to a candidate if the disbursement was made "in cooperation, consultation, or concert, with, or at the request or suggestion of, a candidate, his authorized political committees, or their agents, shall be considered to be a contribution to such candidate." *Id.* § 30116(a)(7)(B)(i).

Thus, a *prima facie* claim of coordination is established by evidence of a disbursement that (1) is made by a third party (i.e., not the candidate or his authorized committee), (2) constitutes an "expenditure."

<sup>3</sup> Arizona law permits independent and unaffiliated voters to participate in either the Democratic or Republican primary elections, but not both, see Ariz. Const. art. VII, 10). Voter registration statistics are compiled and published by the Arizona Secretary of State. See <http://apps.azsos.gov/election/voterreg/2016-03-01.pdf>

<sup>4</sup> The undersigned examined recipient names included in the random sample using information drawn from a voter information database.

and (3) was "coordinated" with a candidate or candidate's authorized committee. Each element is discussed below.

### **A. The Mailer Was Paid for by Third Parties**

A coordinated expenditure is by definition one made by a "person" other than the federal candidate, his authorized committee, or an agent of the same. See 52 U.S.C. § 30116(a)(7)(B)(i). The FECA and the Commission define a "person" as "an individual, partnership, committee, association, corporation, labor organization, and any other organization, or group of persons, but does not include the Federal government or any authority of the Federal government." 11 C.F.R. § 100.10; see also 52 U.S.C. § 30101(11). An implicit corollary of the regulatory denotation is that "State governments and municipal corporations are persons under the Act and are subject to its contribution provisions." Advisory Opinion 2000-5 (Oneida Nation of New York); see also Advisory Opinion 1977-32 (American Public Transit Association). Indeed, addressing a set of facts strikingly similar to this complaint, the Commission held that mailers sponsored by the New Mexico Attorney General's Office that promoted its putative achievements could constitute in-kind contributions to the federal campaign of the incumbent Attorney General. See MUR 5815 (In re Madrid for Congress, et al.), Factual & Legal Analysis at 6.

Records obtained from the PCSO establish that approximately \$6,072 in costs incurred for the printing and distribution of the mailer were paid for with monies drawn from Pinal County's so-called Racketeer Influenced and Corrupt Organizations ("RICO") fund. Federal law provides that the United States Attorney General may share federally forfeited property (or proceeds therefrom) with state and local law enforcement agencies that participated in the seizures. See 21 U.S.C. § 881(e)(1)(A), (3).<sup>5</sup> After obtaining their apportioned share of RICO funds from the United States Department of Justice, state and local law enforcement agencies may dispense of the monies in their discretion, subject only to certain general parameters prescribed by federal law. Because specific disbursements from the account result from the autonomous decisions of state and local officials and represent monies over which they exercise plenary control, the RICO funds necessarily are the property of the relevant state or political subdivision.<sup>6</sup>

On January 11, 2016, the PCSO disbursed \$2,148.30 to Casa Grande Valley Newspapers, Inc., apparently for the expense of printing 20,000 copies of the mailer. See Exhibit E. One month later, Babeu personally requested from the Pinal County Attorney a disbursement of \$3,924 from the county's federal RICO fund. See Exhibit F.<sup>7</sup> An email pertaining to the second request indicates that the printing fees paid to Casa Grande Valley Newspapers likewise were drawn from the RICO fund.

<sup>5</sup> Arizona law establishes a parallel fund for proceeds from assets seized by state and local law enforcement agencies pursuant to Arizona's own RICO regime. See Ariz. Rev. Stat. §§ 13-2314, -2314.03.

<sup>6</sup> Indeed, the account in which the federal RICO funds are deposited and maintained is a creature of, and governed by, state law. See Ariz. Rev. Stat. §§ 13-2314.01(C)-(D), -2314.03.

<sup>7</sup> Although the cover letter is dated January 11, 2016, the accompanying application apparently was executed by Babeu on February 11, which suggests the cover letter bears an erroneous date.

See *id.* Although it is unclear specifically who drafted the mailer, it presumably was the product of efforts by paid staffers of the PCSO during regular business hours.

Accordingly, the approximately \$6,072 in direct outlays from the RICO for the mailer, as well as the fair market value of the labor of PCSO staffers in connection with the development and preparation of the mailer, constitute payments by third parties, namely, Pinal County taxpayers and the individuals – many of whom presumably have never been convicted of any crime – from whom the assets underlying the RICO fund were seized.

### **B. Payments for the Mailer Were “Expenditures”**

Disbursements fall within the purview of the FECA’s anti-coordination regime only if they constitute “expenditures,” i.e., payments “for the purpose of influencing of influencing any election for Federal Office.” 52 U.S.C. § 30101(9)(A)(i); 11 C.F.R. § 100.111(a). Courts and the Commission have long recognized that disbursements need not directly further the express advocacy of a federal candidate’s election or defeat to qualify as an expenditure. See “Coordinated and Independent Expenditures,” 68 Fed. Reg. 421-01, 425-26 (Jan. 3, 2003) (“One commenter asserted that only express advocacy communication can constitute coordination...The Commission disagrees with the commenter’s assertion because Congress has not so limited the statutory provisions relating to coordination.”); *Fed. Election Comm’n v. Christian Coalition*, 52 F. Supp. 2d 45, 86-87 (D.D.C. 1999) (rejecting as “untenable” the argument that coordination regulations must be confined to express advocacy efforts). Indeed, the framework devised by the Commission for evaluating coordinated “public communications” (including mass mailings, see 11 C.F.R. 100.26, -.27) contemplates that even disbursements for certain messages that merely identify a federal candidate are subject to anti-coordination strictures. See 11 C.F.R. § 109.21(c)(1), (c)(2), (c)(4).<sup>8</sup>

That the mailer’s contents do not align precisely with any of the narrow facets of Section 109.21(c) governing “public communications” does not permit it to evade classification as a coordinated expenditure. While Section 109.21 supplies a workable rubric that is useful in evaluating most variants of a coordination claim, it decidedly does not embody the universe of coordinated expenditures that give rise to in-kind contributions. The directive of Congress is unqualified and capacious: a contribution consists of “*anything* of value made by any person for the purpose of influencing any election for Federal office,” 52 U.S.C. § 30101(8)(A)(i) (emphasis added), and “*all* expenditures placed in cooperation with or with the consent of a candidate” are intrinsically contributions to the benefited candidate. See *Buckley v. Valeo*, 424 U.S. 1, 46 n.53 (1976) (emphasis added). Further, the Commission’s own regulations recognize the expanse of potentially coordinated expenditures beyond only public communications disseminated during the delimited time windows prescribed in Section 109.21. See 11 C.F.R. § 109.20(b) (any coordinated expenditure outside the scope of Section 109.21 is “an in-kind contribution to....the candidate or political party committee with whom or with which it

<sup>8</sup> Specifically, in addition to express advocacy communications, Section 109.21(c) encompasses (1) republished campaign materials; (2) electioneering communications, i.e., a broadcast, cable or satellite communication that is distributed to the relevant electorate within 60 days before a general election or within 30 days before a primary election (see 11 C.F.R. § 100.29); and (3) communications that clearly identify a candidate for the U.S. House of Representatives and distributed in the relevant jurisdiction within the 90 days preceding the candidate’s election. See 11 C.F.R. § 109.21(c)(1), (c)(2), (c)(4)(i).

68041-444407-1

was coordinated"). To hold that, for example, coordinated expenditures for field operations or polling 100 days prior to the election engender an in-kind contribution (as Section 109.20(b) seemingly prescribes) but that a similarly coordinated disbursement on the same date for a widely distributed mailer promoting a candidate eludes any regulatory stricture not only is facially absurd but defies the express intent of Congress. See *Fed. Election Comm'n v. Colorado Republican Fed. Campaign Comm.*, 533 U.S. 431, 438 (2001) (describing FECA's conception of coordination as "functional, not formal").

A straightforward application of the unambiguous language of the FECA – the ultimate lodestar of any coordination analysis – compels the conclusion that disbursements and paid staff time expended by the PCSO in connection with the mailer were "for the purpose of influencing" Babeu's election to the House of Representatives. Yielding to practical realities, the Commission has correctly recognized that not every communication or activity of state and local officeholders who are concomitantly seeking federal office is necessarily an "expenditure." Cf. Advisory Opinion 2009-26 (Coulson) (state legislator's mailing to constituents was not in connection with election in part because "[t]he contents, timing and distribution of the planned mailing will be the same in all material respects as in previous years when Representative Coulson was not a Federal candidate"). The attributes of the mailer and the circumstances attendant to its distribution, however, illuminate its pellucid purpose of promoting Babeu's election to Congress. Disseminated only days after the announcement of his candidacy, the mailer not only echoes talking points employed in the Babeu Campaign's own communications but, upon information and belief, was the first and only such literature published during Babeu's seven-year tenure as Pinal County Sheriff. Compare Advisory Opinion 1999-11 (Byrum) (finding that disbursements from federal candidate's state political committee for publicizing coffee meetings with constituents were not "for the purpose of influencing" her election to federal office in part because "[t]he scope of advertising and the frequency of the events will be unchanged from previous years").

Most salient, however, is the targeting of the mailer overwhelmingly to high efficacy Republican voters in Pinal County. As discussed above, the undersigned's random sample analysis indicates that Republican voters constituted more than 58% of the mailer's audience – nearly double their 31.2% share of the overall electorate in Pinal County. Extrapolations from the random sample further suggest that some 85% of the mailer's recipients are eligible to vote in the August 2016 Republican primary election, compared to only about 72% of the county's total population. These divergences are not plausibly attributable to natural statistical variations; they bespeak an intentional effort to direct the mailers to a disproportionately Republican audience in the hope of improving Babeu's electoral fortunes in the Republican primary election for the First Congressional District seat. At the very least, they supply ample reason to believe that disbursements associated with the mailer were made for the purpose of influencing Babeu's election to Congress, and thus are "expenditures" within the meaning of the FECA. See *Cao v. Fed. Election Comm'n*, 688 F. Supp. 2d 498, 537 (E.D. La. 2010) (rejecting argument that only "unambiguously campaign related" communications may be subject to coordination rules, noting that "the Supreme Court has never applied a limiting 'line' to coordinated campaign expenditures"), *aff'd* 619 F.3d 410 (5th Cir. 2010).

### **C. Expenditures for the Mailer Were Coordinated with Babeu**

An expenditure is "coordinated" if it is made "in cooperation, consultation, or concert, with, or at the request or suggestion of, a candidate, his authorized political committees, or their agents, shall be considered to be a contribution to such candidate." 52 U.S.C. § 30116(a)(7)(B)(i). As an initial matter,

the mailer – which contains a purported message from Babeu personally and which was created and distributed under the auspices of his authority as Pinal County Sheriff – was presumptively prepared with his material involvement and express consent. See MUR 5815 (In re Madrid for Congress, et al.), Factual & Legal Analysis at 6 (“[T]here is a basis to investigate whether the conduct prong has been met because there is no dispute that the Attorney General’s Office, of which Ms. Madrid was the top official, disseminated the mailer. As the top official, Ms. Madrid may have requested or suggested that the communication be created, produced or distributed, or may have been materially involved in decisions regarding, or had substantial discussions about, pertinent aspects of the communication.”); see also MUR 6037 (In re Merkely for Oregon, et al.), First General Counsel’s Report at 8 (“The Commission has determined that a federal candidate’s appearance in a communication creates the presumption that the federal candidate was “materially involved” in the content of the communication”).

Further, the available evidence conclusively confirms Babeu’s direct involvement in the mailer’s financing and distribution, if not also the development of its contents. Babeu himself prepared and signed the PCSO’s application for the RICO funds that would subsidize the mailer, and also was copied on at least one email discussing the transaction. See Ex. F. Such unequivocal evidence of Babeu’s overt personal participation in the mailer is *per se* sufficient to satisfy the requisite conduct element of a coordination claim, and at the very least warrants a referral for further investigation. Cf. MUR 5815 (In re Madrid for Congress, et al.), General Counsel’s Report #2 (Commission investigation revealed that Attorney General had no direct knowledge of or involvement with mailers sponsored by her office).

**II. There Is Reason to Believe the PCSO Provided In-Kind Contributions to the Babeu Campaign in the Form of Internet Communications**

Recognizing the democratizing potentialities of the Internet and its capacity to facilitate the mass dissemination of information by individuals at low cost, the Commission has spared many forms of Internet communication from regulatory encumbrances. See generally “Internet Communications,” 71 Fed. Reg. 18589-01, 18589-90 (Apr. 12, 2006) (“Whereas the general public can communicate through television or radio broadcasts and most other forms of mass communication only by paying substantial advertising fees, the vast majority of the general public who choose to communicate through the Internet can afford to do so.”). Importantly, however, the Commission has emphasized that its “rules exempt only those Internet services for which an individual does not receive any compensation.” *Id.* at 18604. Conversely, Internet communications rendered in consideration of payment may constitute contributions or expenditures, and are subject to the same anti-coordination limitations that govern such transactions. See 11 C.F.R. 100.94, 100.155, 109.20.

On January 31, February 1, February 12, February 20, and February 22, a total of seven substantially identical posts were published to the Facebook pages of both the PCSO and the Babeu Campaign; almost all of posts were issued by both pages nearly simultaneously. See Ex. D. All the posts presented Babeu and/or the activities of his office in a favorable light.

There is reason to believe that costs associated with the preparation and distribution of the Facebook posts – in the form of compensation paid by the PCSO to the staff members who presumably authored the communications – represent in-kind contributions to the Babeu Campaign. As an initial matter, because the Facebook posts are not “public communications,” see 11 C.F.R. § 100.26, Section 109.20

provides the relevant analytical touchstone. That the Babeu Campaign prominently displayed the duplicative posts on its own Facebook page presumptively establishes that their contents had the "purpose of influencing" Babeu's election. See 52 U.S.C. § 30101(9)(A)(i); 11 C.F.R. §§ 100.111(a), 100.155. Further, the drafting and publication of the posts by the office he oversees engenders at least a presumption that Babeu was materially involved in their creation. See MUR 5815 (In re Madrid for Congress, et al.), Factual & Legal Analysis at 6. In the same vein, the contemporaneous releases of the posts on both the PCSO and Babeu Campaign's Facebook pages suggests that paid PCSO personnel may have been directly publishing the material on the campaign's Facebook or actively collaborating with campaign staff or volunteers. The value of such PCSO employee time in connection with the preparation and distribution of the Facebook posts represents an in-kind contribution to the Babeu Campaign that, either standing alone or when aggregated with the costs of the mailer discussed *supra* Section I, may exceed the contribution limits imposed by the FECA.

\*\*\*

In sum, there is reason to believe the Babeu Campaign accepted excessive and unreported in-kind contributions from Pinal County in violation of 52 U.S.C. §§ 30116(a)(1)(A), (a)(7)(B) and (f), 30104(b)(2)(A), and 11 C.F.R. §§ 104.3(a)(2)(i), 110.1(b), 110.9, 109.20 and 109.21. Accordingly, we respectfully request that the Commission refer this matter for further investigation and assess all necessary and appropriate fines and penalties.

# Exhibit A

Keeping you, your family and  
our communities safe

### Smuggling Interdiction

Our Sheriff's Office Anti-Smuggling Unit partners with the U.S. Border Patrol and Homeland Security Investigations on the West Desert Task Force and Silverbell Initiative, both of which are task forces targeting smuggling activities in and through Pinal County.

The unit was critical in the arrest of 19 drug cartel scouts in Pinal County. The scouts were living on hilltops overlooking drug smuggling routes, warning smugglers of law enforcement presence. All of the scouts were convicted and sentenced to prison.

The Anti-Smuggling Unit works in partnership with the narcotics task force on enforcement actions involving large scale smuggling operations. ASU also targets criminal groups involved in human and drug smuggling in Pinal County.

### Volunteers

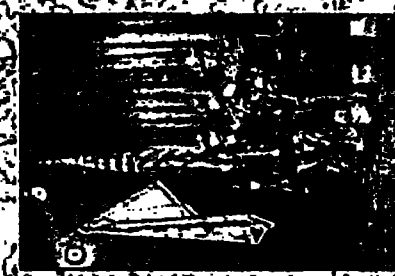

Without our 300+ volunteers, we would not be able to provide the top shelf service our residents expect and deserve. Pinal County is the fastest growing county in Arizona and is the second fastest growing county in America with nearly 420,000 residents. Our Sheriff's Office provides primary law enforcement service to the majority of residents. Such growth naturally leads to increased calls and needs for service. This is why each of our volunteers are vital to the excellent service we provide. Please consider joining our team. To find out more about volunteer opportunities visit: [www.pinaljobs.com](http://www.pinaljobs.com)

### Your Sheriff's Office Works for You

I am honored to lead our 600+ full time staff and 300+ volunteers who are dedicated to protect and serve you. The sheriff's office serves over 420,000 people in communities from the cities of Maricopa and Casa Grande, to Saddlebrook and Oracle, to San Tan Valley and Apache Junction.

Sheriff Paul Babeu

- Reduced operating budget by 8%
- 1100+ inmate, nationally accredited jail.
- Fast emergency response times.
- Improved staff training and professionalism
- Low crime rates and safe communities.

THIS PUBLICATION IS PAID FOR BY SEIZED CRIMINAL MONEY.

### PCSO in the National Spotlight

Sheriff Paul Babeu recently testified before the U.S. House of Representatives, House Judiciary Committee about the adequacy and enforcement of our nation's immigration laws. During his testimony, he told the committee nearly half of the illegals entering America have entered through Arizona. The U.S./Mexico border remains unsecured and that the illegal immigration is out-of-control.

According to U.S. Border Patrol, in recent years they have apprehended anywhere from 87,015 to 123,285 illegals in the Tucson border sector alone, which is one of the busiest and deadliest of any of the nine sectors along the southwest border.

The committee heard of our deputies busting the largest drug smuggling operation in the history of Arizona (\$3 billion) along with the arrest and prosecution of 19 Mexican drug cartel members working as scouts in the hills overlooking one of the most active drug and human smuggling corridors in all of America.

Later in the year, Presidential candidate Dr. Ben Carson brought the issues of human and drug smuggling to center-stage in Pinal County when he rode along with Sheriff Paul Babeu on our helicopter to show the cartels' scout locations and drug smuggling corridors in Pinal County, some 70 miles north of the border.

### Search and Rescue

Hikers lost or dehydrated, families four wheeling on remote trails get injured winter visitors enjoying our mountains and desert forget how to return to their vehicles. These are just some of the calls we often receive throughout the year.

State law requires the Sheriff to coordinate search and rescue operations and we have five full-time deputies and nearly 30 volunteers that are highly trained, disciplined and physically fit to respond immediately.

We are responding to an increased number of search and rescue calls coming into our 9-1-1 Communications Center. Just this year, from January to March, the number of rescue calls over last year represents an increase of over 161 percent and this trend has been seen since 2010.

Our Aviation Unit provides invaluable support to our Search and Rescue teams and continually proves to be a lifesaving tool for our residents and those visiting Pinal County.

### Helpful Units

Emergency 9-1-1  
Non-emergency (520) 866-5111  
Pinal County SO Jobs: [www.pinaljobs.com](http://www.pinaljobs.com)  
Public Records: [pinalcosoaz.fioaview.com](http://pinalcosoaz.fioaview.com)

### Public Safety Resources

Well trained and disciplined deputies ensure the best outcomes for criminal investigations and improved safety for our Pinal families. We have focused on improving investigations, report writing, witness and suspect interviews, forensic evidence collection and processing, use of force, defensive tactics, active shooter training, Constitutional law and legal updates.

With a tough economy and a 8% budget cut, we have aggressively pursued grants and successfully been awarded over \$7 Million in funding and equipment every year! This has allowed us to expand training, purchase every deputy an AR-15 semi-auto rifle to ensure we are not out-gunned by criminals and drug cartels, purchase new computers for patrol cars and even upgraded radios.

In fact, even though Pinal County is larger than the state of Connecticut and PCSO averages only 24-27 Deputies on duty at any given time, it took just over 7 minutes, on average in 2014, for a Deputy to arrive on-scene for the most serious calls. In San Tan Valley (dense population near 95,000 residents) we are able to arrive in less than 3 minutes.

### Burglary Prevention

In Pinal County, 9 out of 10 residential and vehicle burglaries are due to unlocked doors. Burglars are waiting, climbing or crawling into homes through unlocked doors or open garages. So do your part to prevent crime.

If you see something suspicious, call the sheriff's office. You are the eyes and ears for your neighborhood. The simple act of locking your doors will prevent most burglaries. Don't leave valuables in your vehicle where they will tempt a thief. Consider adding security lighting with motion sensors outside your house to deter criminals.

## Decorated Lawman - Iraq War Veteran - Corruption Fighter

Sheriff Paul Babeu is America's 2011 "Sheriff of the Year," as selected by his colleagues in the National Sheriff's Association. He proudly leads a department of 550 full time employees and nearly 300 volunteers.

Sheriff Babeu won his first term in 2008, in a landslide victory over the incumbent. In so doing, he became the first Republican elected in the history of Pinal County (founded in 1875).

Immediately upon taking office, Sheriff Babeu launched a full reorganization. While cutting his own budget, he replaced the entire command leadership, implemented high employee standards, improved training, reduced emergency response times (by 40%) and has aggressively sought and been awarded nearly \$7 million in grants. He instantly honored a campaign promise to remove speed cameras from the county, insisting that he ran for Sheriff to protect the public-not to be the tax collector for the state.

## Leader on Border Security

Pinal County is the number one pass through county in all of America for drug and human smuggling, ground zero in the fallout over America's unsecured Southern border.

Pinal County contains an estimated 75 - 100 drug cartel cells and listening posts/observation posts, used to facilitate the illegal transportation of people and narcotics into the United States. There have been cartel murders on residential streets, cold blooded executions, and attacks on law enforcement.

Sheriff Babeu has acted decisively to disrupt, dismantle and destroy cartel activities. He also assisted Senator McCain and Kyl with the "10-Point Border Security Plan."

Sheriff Babeu has emerged as a national leader on border security, and an outspoken critic of the Federal government's failure to fulfill their most solemn obligation-to keep us safe.

## Cleaning Up Public Corruption

Sheriff Babeu has also been fearless in his pursuit of those who abuse the public trust. This includes busting a drug smuggling and identify theft ring run from the County Recorder's Office and arresting Court personnel for soliciting bribes to fix cases.

ISSUES

FOREIGN POLICY

HOMELAND SECURITY AND BORDER CONTROL

Our borders are NOT secure, as evidenced by hundreds of thousands of illegal immigrants pouring across our southern borders and Mexican Drug Cartels continuing to push billions of dollars in drugs across America through Arizona. Worse yet, if illegal immigrants and cartel members can easily walk across our border, it stands to reason that possible terrorists with military training, deliberate plans and lots of money can cross the border while more easily evading detection.

We literally have no idea who is coming into Arizona through our now-unsecured southwest border. Our Sheriff's office has led the fight against the drug cartels and illegal immigration and has constantly pushed for increased border security. Our Sheriff's Office led the largest drug bust in Arizona history - \$3 BILLION dollars - smashing the Sinaloa Cartel's drug smuggling operation arresting 76 cartel members, seizing 108 weapons including scoped rifles, AK47's and two guns from Eric Holder's failed "Fast & Furious" program.

I served as the Army's Commanding Officer in Yuma, leading 700 active duty soldiers and airmen to support the U.S. Border Patrol in securing the Yuma sector. During my Command, we reduced illegal immigration and drug smuggling by 94%- proving that with will and effort the border CAN be secured. Imagine having a Congressman who can share firsthand the experience and solutions needed to end human and drug smuggling along our border. I will be the strongest leader for securing our border and putting America's security FIRST.

Deputy Joey Hogan was awarded Deputy of the Year by the San Manuel Elk's last night before 150 local residents of the tri-community area of San Manuel, Oracle and Marmoth. Deputy Hogan has 16 years in law enforcement and has earned a great reputation as dedicated, professional and kind. One woman told me last night that "Deputy Hogan is firm, yet he always shows concern and compassion for local residents - he lives here and we trust him." Deputy Hogan's family, friends and community was on hand to appreciate him. Please join me in congratulating Deputy Joey Hogan for his great service and this award.

Paul Babeu for Congress

February 1

Visited with Hugo Hernandez and Denise Erickson, administrators with the Florence Unified School District and presented them a check (seized criminal money) for their Positive Behavioral Intervention Systems. This program is designed to train students to do right by following the rules in K-8.

**Pinal County Sheriff's Office at Vista Grande High School.**  
February 12 · 📍

Sheriff Paul Babeu spoke to members of the Vista Grande High School Marine Corps JROTC program in Casa Grande. We're so proud of these students and their program, focusing on discipline, responsibility, leadership and citizenship. Sheriff Paul spoke about American Exceptionalism and their individual responsibility as citizens in our republic. The Sheriff was sure to tell these students how proud & supportive our community is of their service in JROTC and that we have great expectations for their future. They asked the Sheriff several questions about his 20 years of military and law enforcement service, as well as the Sheriff's recent encounter with President Obama at the CNN Town Hall. Great job by the Command Sergeant Major and Gunnery Sergeant for their leadership of such an outstanding program!

Zach Schabacker Civil forfeiture or from actual criminal activity???

February 20 at 8:06am

Paul Babeu for Congress Yes, almost exclusively from drug, cash and vehicle seizures from the Sinaloa Drug Cartel. We arrest them, seize their assets, prosecute them through courts and courts determine if their assets are derived from their criminal activity. We then proudly use some of this criminal money for approved youth activity groups & victims organizations.

February 20 at 10:32am · View more replies

Melissa Torres The money is going to the kids. Does it matter?

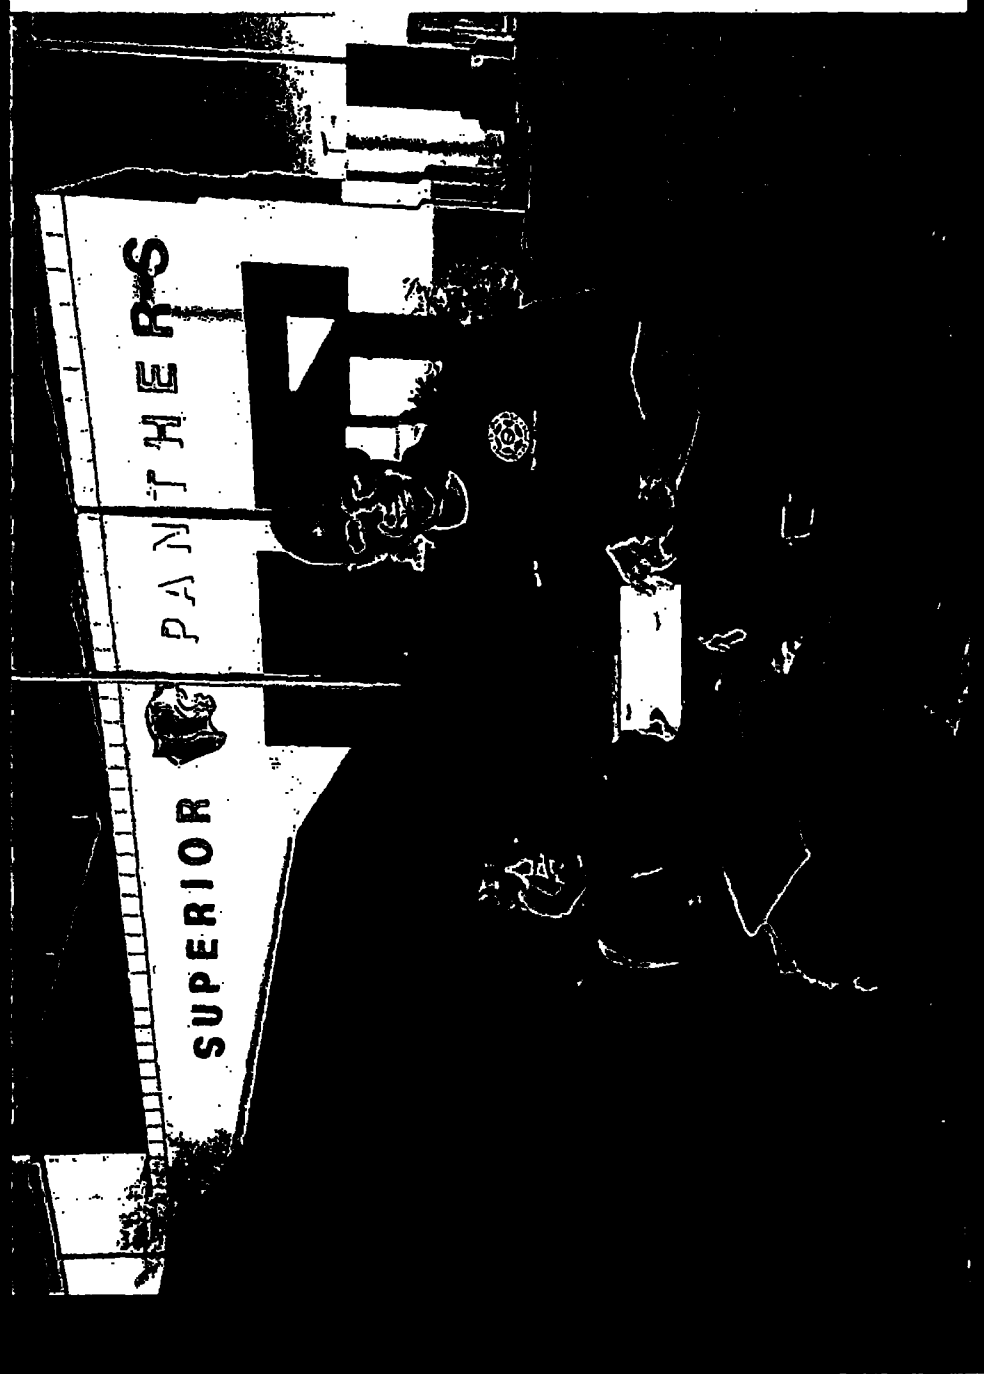

February 20 at 10:29am

Jimmy McBride Im always glad to Law enforcement working with organized community Groups for the better.

Presented \$2k check (seized criminal money) to Michelle Gonzales of the Hayden Booster Club in Kearney this morning. With past contributions the Booster Club has been able to purchase sport equipment & uniforms, summer basketball camp and back to school splash party. We thank Michelle Gonzales, Maribel Perez, Merinda Cabrera, Thelma Casillas and other volunteers who support our student athletes.

Met with VetIT today to present leader Julia Gusse a check for \$2k (seized criminal money) to support our local military veterans. We were joined by City of Maricopa Mayor Christian Price, Ralph Schneider, Eric Lacz, Jim Shoat and Gabriela & Leon Potter. VetIT supports veterans dealing with daily issues of employment, food, utility assistance, referrals and transportation. GOD BLESS VetIT and their team for supporting and caring for our military veterans!

Just finished a budget meeting with my Chief Deputy Steve Henry and Finance Director Teresa Eierdam to review spending, financial projections and to make additional decisions on cost saving measures. The Sheriff's Office budget was reduced another 4% this current fiscal year (all county offices and departments were cut 4% in addition to the previous 2% mid year budget cut (which equates to another 4%). Earlier in 2015, I ordered freezing many positions as they become vacant due to retirements, others job opportunities or termination.

To put this in real dollars: 4% equals \$1 million dollars, just in uniformed patrol and law enforcement: We are on track to spend within our overall approved budget. Good work by all county departments and offices that have reduced their budgets during this economic downturn and reduced revenue.

**Maui Diver** Thank goodness for the volunteers that help the PCSO and the paid staff who continue to do there jobs despite budget restraints. Takes good management to keep both these motivated and you guys are doing a great job of that. Thank you

**Budget Meeting:** Chief Deputy Steve Henry briefed Sheriff Paul Babau this afternoon on monthly financial numbers for the Sheriff's Office \$44 million dollar budget. The Sheriff's Office budget was reduced 4% this current fiscal year (all county offices and departments were cut 4%) in addition to the previous 2% mid year budget cut (which equates to another 4%). Earlier in 2015, Sheriff Babau ordered freezing full-time positions as they become vacant due to retirements, others job opportunities or termination. Currently, PCSO maintains over 35 full-time vacancies in order to make budget and avoid layoffs.

To put this in real dollars: 4% equals \$1 million dollars, just in uniformed patrol and law enforcement. We are on track to spend within our overall approved budget. The Board of Supervisors is planning yet another 3% budget cut July 1st, requiring an additional \$1,105,542 in budget cuts. This 9% total budget reduction within 2 years will certainly have an impact on services.

Debbie,

Can you please do a RICO request letter similar to the one you did for the printing of the newsletter so that we can reimburse for postage? There were a total of 8,175 sent out via mail and the postage was .48 cents per piece. Please do the RICO request for \$3,924. Once complete can you email me a copy for my records. Thanks, Tim

Respectfully,

Tim Gaffney
