

I am urging the FEC to deny the Minnesota rule change. This is clearly an effort to get around the PAC vs Candidate chinese wall. State funds should never be used for one campaign or another.

On a separate issue, YOU MUST INVESTIGATE the money-laundering fraud apparatus of the so-called ACT BLUE Democrat party campaign funding. Example after example of American's names being used as contributors has been exposed. Why did the FEC allow the Democrats fundraising arm to EXCLUDE the CRV numbers on the back of credit cards? This is a violation of every single campaign finance law.

END THE ACT BLUE MONEY-LAUNDERING MACHING TODAY!!! Thank you.
