Alternative Dispute Resolution Program

These thresholds include criteria for referring matters to the Commission's Alternative Dispute Resolution (ADR) program. The criteria for referring matters to ADR are in addition to the criteria for referring matters to the Office of General Counsel (OGC) and are aimed at efficiently resolving certain violations arising from audits.

In certain instances, a concurrent MUR or Pre-MUR may be a factor for excluding a finding from referral to ADR. MURS and Pre-MURs must be reviewed to identify the issues involved and how close the MUR is to resolution. After discussions with the Audit Manager, a determination will be made about proposing a referral to ADR.

If any of the findings in the audit report meet the criteria for referral to OGC, none of the findings will be referred to ADR.

In general, the Committees that will be referred to ADR include:

- Those where the findings breach our thresholds for inclusion in the interim audit report (IAR) and the Committee's response to the finding reduces the violation to a level that exceeds the threshold for inclusion in the report but is less than the threshold for referral to OGC.
- Those findings where in response to the audit report, the Committee filed amended reports that materially corrected the violation, but the original magnitude of the problem was large. This document includes ADR thresholds for Committees that file materially correct amended reports in response to the audit report.
- Finally, if a finding meets the criteria for referral to OGC, an evaluation of the referral should be made in conjunction with the Audit Manager to determine if the matter is better suited for the ADR program. Such cases are those where the exclusionary factors are not present, corrective action has been taken, and the case, as a whole, is not one that experience has shown would be a high priority in OGC. If the Audit Manager and the Assistant Staff Director agree, the recommended course of action will be presented to OGC for its comment. The comment period will be 14 calendar days, with OGC being able to extend the review period to a maximum of 30 days. At the end of that period, if no objection is received the referral will be processed.

Clarifications

1. **Reported Amounts as basis for Threshold Amounts** - For all thresholds, the reported amount will be used if the reported amount is materially correct. If the reported amount is materially misstated, the auditor may use the committee's database provided that it has been reconciled to the committee's bank activity.
2. **Rounding Threshold Amounts** - To determine the threshold amounts, apply the threshold percentage to the appropriate reported amount and round the result up to the nearest \$100. For example, if the reported amount of contributions from individuals is \$725,000, the threshold percentage is 3.5%, the threshold amount is \$25,400 ($\$725,000 \times .035 = \$25,375$).
3. **Best Efforts** – The regulations address best efforts to obtain contributor information (11 CFR §104.7) and to obtain records for disbursements (11 CFR §102.9(d)).

Knowing and Willful Violations of the Act

Any matter, whether or not it meets the materiality threshold for inclusion in the interim audit report or referral to the Office of General Counsel, can still be referred to OGC if the auditor suspects there is a Knowing and Willful Violation of the Act 52 USC §30109 (a)(5) and (d) (formerly 2 USC §437g (a)(5) and (d)). The auditor in conjunction with the Audit Manager and Assistant Staff Director will review the matter, confer with OGC (Compliance Advice Team), and decide if a referral will be made.

Receipt of Prohibited Contributions

Regulatory Cites

52 USC §30118, 30119, 30121 & 30122 (formerly 2 USC §§441b, c, e & f)

Applicable to the following:

- Contributions from corporations, unions, national banks, government contractors, and foreign nationals.
- Contributions in the name of another.

How the Threshold is applied:

- The dollar value of the projection of the error for UNRESOVLED apparent prohibited contributions and the UNTIMELY resolved apparent prohibited contributions are totaled and compared to the threshold below.
- The “single event threshold” may be applicable to prohibited contributions that do not meet inclusion in the interim audit report.

Criteria for Inclusion in the Audit Report:

100% Review and Dollar Unit Sample Review

The matter will be addressed in the interim audit report if:

- the dollar value of the apparent prohibited contributions is greater than [REDACTED] of the total reported amount of contributions from individuals (as reported on Line 11(a)(iii) of the Detailed Summary Page of FEC Form 3) for the audit period and the dollar value exceeds [REDACTED]
- OR**
- the dollar value of the apparent prohibited contributions is greater than [REDACTED] for the audit period.

Tolerable Sampling Error = [REDACTED] or [REDACTED] of the sample error rate, whichever is greater.

Criteria for Referral to Office of General Counsel

A referral to OGC will be made if the response to the audit report does not reduce the prohibited amount to:

- [REDACTED] or less of the total reported amount of contributions from individuals or the dollar value to [REDACTED] or less and the required refunds were not made
- OR**
- [REDACTED] or less and the required refunds were not made.

However, a referral to OGC or ADR will **NOT** be made if the response to the audit report reduces the prohibited contributions to:

- greater than [REDACTED] but less than or equal to [REDACTED] of contributions from individuals and the required refunds were made
- OR**
- [REDACTED] or less and the required refunds were made.

How a committee can reduce the apparent prohibited amount

A committee must submit evidence that a contribution was not prohibited or was timely refunded.

Criteria for Referral to Alternative Dispute Resolution

A referral to ADR will be made if the response to the audit report does not reduce the prohibited amount to:

- less than or equal to [REDACTED] of the total reported amount of contributions from individuals or the dollar value to [REDACTED] or less and the recommended refunds were made
- OR**
- [REDACTED] or less and the recommended refunds were made.

Single Event Threshold (Referral to OGC)

Consider this threshold if the threshold for inclusion in the audit report is not met.

Prohibited contributions will be referred after the exit conference response period if:

- the prohibited contribution is greater than [REDACTED]
- AND**
- the threshold for inclusion in interim audit report has not been met
- AND**
- the committee has not refunded the prohibited contribution.

Single Event Threshold (Referral to ADR)

Consider this threshold if the threshold for inclusion in the audit report is not met.

Prohibited contributions will be referred after the exit conference response period if:

- the prohibited contribution is greater than [REDACTED]
- AND**
- the threshold for inclusion in interim audit report has not been met
- AND**
- the committee has refunded the prohibited contribution (although untimely and/or subsequent to the date of the audit notification letter).

Applicable Policy

- The interim audit report must state whether the committee was in compliance with 11 CFR §103.3(b)(4). To determine compliance, the **sum** of excessive and prohibited contributions must be compared to the available cash.

- The prohibited amount should be refunded or disposed of no later than [REDACTED] days from the date of deposit (provided that there is sufficient assurance the contributions are being deposited within 2 or 3 days of receipt).
- If a contribution is referable to OGC or ADR (Single Event threshold) the contribution(s) in question will be addressed at the exit conference. The committee will have the 10-day post exit conference response period to demonstrate that the contribution was not from prohibited sources.

Applicable to the following:

- Contributions received from individuals.

- Loans in excess of the contribution limitation by any person.
- Any portion of any loan endorsed or guaranteed by any person in excess of the limitation.

How the Threshold is applied:

- Each category (Individuals; Political Committees & Loans) is tested separately and the appropriate threshold is applied separately.
- For Individuals- There are three separate characteristics: Non-Curable Excessives; Untimely Resolved Excessives and Curable Excessives.
- The dollar value of the projection of the error for “curable” and “untimely resolved” is combined and compared to the thresholds below.
- The “single event threshold” may be applicable to excessive contributions that do not meet inclusion in the interim audit report.

Criteria for Inclusion in the Audit Report:
