

Experts' link on the blue navigational bar on the SAB Web site at <http://www.epa.gov/sab>. To receive full consideration, nominations should include all of the information requested.

EPA's SAB Staff Office requests: contact information about the person making the nomination; contact information about the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's curriculum vita; sources of recent grant and/or contract support; and a biographical sketch of the nominee indicating current position, educational background, research activities, and recent service on other national advisory committees or national professional organizations.

Persons having questions about the nomination procedures, or who are unable to submit nominations through the SAB Web site, should contact Mr. Edward Hanlon, DFO, as indicated above in this notice. Nominations should be submitted in time to arrive no later than August 10, 2010. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be posted in a List of Candidates on the SAB Web site at <http://www.epa.gov/sab>. Public comments on this List of Candidates will be accepted for 21 calendar days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a balanced subcommittee or review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In forming this expert *ad hoc* Hydraulic Fracturing Review Panel, the SAB Staff Office will consider public comments on the List of candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for Panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial

conflicts of interest; (d) absence of an appearance of a lack of impartiality; and (e) skills working in committees, subcommittees and advisory panels; and, for the Panel as a whole, (f) diversity of expertise and viewpoints. EPA values and welcomes diversity. In an effort to increase diversity, we seek nominations of women and men of all racial and ethnic groups.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict between that person's public responsibilities (which includes membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded from the following URL address <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>.

The approved policy under which the EPA SAB Office selects subcommittees and review panels is described in the following document: *Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board* (EPA-SAB-EC-02-010), which is posted on the SAB Web site at <http://www.epa.gov/sab/pdf/ec02010.pdf>.

Dated: July 13, 2010.

## FEDERAL ELECTION COMMISSION

[Notice 2010-13]

### Policy Statement Establishing a Pilot Program for Requesting Consideration of Legal Questions by the Commission

**AGENCY:** Federal Election Commission.

**ACTION:** Policy statement.

**SUMMARY:** The Federal Election Commission ("Commission") is adopting a new pilot program for a procedure to provide a means for persons and entities to have a legal question considered by the Commission earlier in both the report review process and the audit process.

**DATES:** Effective July 20, 2010.

**FOR FURTHER INFORMATION CONTACT:** Mr. Lawrence Calvert, Jr., Associate General Counsel, or Lorenzo Holloway, Assistant General Counsel, 999 E Street, NW., Washington, DC 20463, (202) 694-1650 or (800) 424-9530.

**SUPPLEMENTARY INFORMATION:** The Commission is adopting a new procedure to provide a means for persons and entities to have a legal question considered by the Commission earlier in both the report review process and the audit process. Specifically, when the Office of Compliance ("OC") (which includes the Report Analysis Division and the Audit Division) requests that a person or entity take corrective action during the report review or audit process, if the person or entity disagrees with the request based upon a material dispute on a question of law, the person or entity may seek Commission consideration of the issue pursuant to this procedure.

#### I. Procedures

Within 15 days of a determination by the Reports Analysis Division or Audit Division that a person or entity remains obligated to take corrective action to resolve an issue that has arisen during the report review or audit process, the person or entity may seek Commission consideration if a material dispute on a question of law exists with respect to the recommended corrective action.<sup>1</sup>

Any request for consideration by a committee during the report review process or the audit process shall be limited to questions of law on material issues, when: (1) The legal issue is novel, complex, or pertains to an unsettled question of law; (2) there has been intervening legislation, rulemaking, or litigation since the Commission last considered the issue; or (3) the request is contrary to or otherwise inconsistent with prior Commission matters dealing with the same issue. The request must specify the question of law at issue and why it is subject to Commission consideration. It should discuss, when appropriate, prior Commission matters raising the same issue, relevant court decisions, and any other analysis of the issue that may assist the Commission in its decision-making. The Commission will not consider factual disputes under this procedure, and any requests for consideration other than on questions of law on material issues will not be granted.

<sup>1</sup> Many disputes involving corrective action requests hinge on questions of fact rather than questions of law, and thus are not appropriate for this procedure.

All requests should be directed to the Commission Secretary, Federal Election Commission, 999 E Street, NW., Washington, DC 20463. Upon receipt of such a request, the Commission Secretary shall forward a copy to each Commissioner, the General Counsel, and the Staff Director. Within five business days of notification to the Commissioners, if two or more Commissioners agree that the Commission should consider the issue, the Office of General Counsel (“OGC”) will prepare a recommendation and, within 15 business days thereafter, circulate the recommendation in accordance with all applicable Commission directives. After the recommendation is circulated for a Commission vote, in the event of an objection, the matter shall be automatically placed on the next meeting agenda consistent with the Sunshine Act, 5 U.S.C. 552b(g), and applicable Commission regulations, 11 CFR part 2. However, if within 60 business days of the filing of a request for consideration, the Commission has not resolved the issue or provided guidance on how to proceed with the matter by the affirmative vote of four or more Commissioners, the OC may proceed with the matter.

This procedure is not intended to circumvent or supplant the Advisory Opinion process provided under 2 U.S.C. 437f and 11 CFR part 112. Accordingly, any legal issues that qualify for consideration under the Advisory Opinion process are not appropriate for consideration under this new procedure. Additionally, this policy statement does not supersede the procedures regarding eligibility and entitlement to public funds set forth in Commission Directive 24 and 11 CFR 9005.1, 9033.4, 9033.6, or 9033.10.

## II. Pilot Program

This agency procedure is being established as a pilot program. The pilot program will last one year from the time that this policy is approved. After one year, a vote will be scheduled on whether the program should continue. Four affirmative votes will be required to extend or make permanent the program. The program will be terminated after that vote if there are not four affirmative votes to make the program permanent or to extend it for some time period. The Commission may terminate or modify this pilot program through additional policy statements prior to the twelfth month of the pilot program by an affirmative vote of four of its members.

Dated: July 15, 2010.

On behalf of the Commission.

**Matthew S. Petersen,**

*Chairman, Federal Election Commission.*
