FEDERAL ELECTION COMMISSION

11 CFR Part 110

[Notice 1983-5]

Disclaimer Notices

AGENCY: Federal Election Commission.

ACTION: Transmittal of regulations to Congress.

SUMMARY: FEC regulations at 11 CFR 110.11 governing the inclusion of disclaimer notices in political communications and advertising have been revised and transmitted to Congress pursuant to 2 U.S.C. 438(d). The revisions clarify the Act's requirements for the use of disclaimers on solicitations and on communications expressly advocating the election or defeat of a clearly identified candidate. Further information on the precise changes made is contained in the supplementary information which follows.

EFFECTIVE DATE: Further action, including the announcement of an effective date, will be taken by the Commission after these regulations have been before the Congress 30 legislative days in accordance with 2 U.S.C. 438(d).

FOR FURTHER INFORMATION CONTACT: Ms. Susan E. Propper, Assistant General Counsel, 1325 K Street, NW., Washington, D.C. 20463, (202) 523-4143 or (800) 424-9530.

SUPPLEMENTARY INFORMATION: The revisions are based upon the Commission's experience in administering 2 U.S.C. 441d and on public comment received in response to the Commission's Notice of Proposed Rulemaking (47 FR 3796; January 27, 1982).

2 U.S.C. 438(d) requires that any rule or regulation prescribed by the Commission to implement Title 2, United States Code, be transmitted to the Speaker of the House of Representatives and the President of the Senate prior to final promulgation. If neither House of Congress disapproves of the regulations within 30 legislative days of their transmittal, the Commission may finally prescribe the regulations in question. The following regulations were transmitted to Congress on February 25, 1983.

Explanation and Justification for 11 CFR 110.11(a)

The Commission has revised subsection (a) of 11 CFR 110.11 to address several issues that have arisen concerning the current regulation. Overall, the language of this subsection has been redrafted to more closely follow 2 U.S.C. 441d.

Subsection (a)(1) has been revised to more clearly indicate that all communications that expressly advocate the election or defeat of a candidate or that solicit contributions must contain a disclaimer if they are made through a form of general public political advertising. References to posters and yard signs have been included in the list of media which trigger the notice requirement. In addition, the last sentence of this subsection now requires that the disclaimer appear on the front face of communications, such as those on billboards, that only have a front side viewed by the public.

Subsections (a)(1)(i) and (ii) generally follow 2 U.S.C. 441d(a)(1) and (2). Subsection (a)(1)(iii) has been redrafted to more closely follow 2 U.S.C. 441d(a)(3).

Subsection (a)(1)(iv) has been revised to contain two subsections. Subsection (A) now covers solicitations directed to the general public made on behalf of a political committee that is not a candidate's authorized committee. Subsection (B) exempts solicitations by a separate segregated fund from the disclaimer notice requirement when the solicitation is for contributions to the separate segregated fund. This latter provision incorporates into the regulations the Commission's opinion in Advisory Opinion 1980-71.

A new second sentence has been added to subsection (a)(2), exempting communications made using means on which inclusion of a disclaimer would be impracticable. Examples of such means are skywriting and water towers.

The Commission notes that 2 U.S.C. 435(b), which required committees to include a notice on all literature and advertising stating that a copy of the committee's reports were on file with and available from the Commission, was repealed by Congress in the 1979 Amendments to the Federal Election Campaign Act, effective January 8, 1980. Pub. L. 96-187.

PART 110—[AMENDED]

11 CFR Part 110 is amended by revising § 110.11(a) to read as follows:

§ 110.11 Communications; advertising.

(a)(1) Except as provided at 11 CFR 110.11(a)(2), whenever any person makes an expenditure for the purpose of financing a communication that expressly advocates the election or defeat of a clearly identified candidate,

or that solicits any contribution, through any broadcasting station, newspaper, magazine, outdoor advertising facility, poster, yard sign, direct mailing or any other form of general public political advertising, a disclaimer meeting the requirements of 11 CFR 110.11(a)(1) (i), (ii), (iii) or (iv) shall appear and be presented in a clear and conspicuous manner to give the reader, observer or listener adequate notice of the identity of persons who paid for and, where required, who authorized the communication. Such person is not required to place the disclaimer on the front face or page of any such material, as long as a disclaimer appears within the communication, except on communications, such as billboards, that contain only a front face.

(i) Such communication, including any solicitation, if paid for and authorized by a candidate, an authorized committee of a candidate, or its agent, shall clearly state that the communication has been paid for by the authorized political committee; or

(ii) Such communication, including any solicitation, if authorized by a candidate, an authorized committee of a candidate or an agent thereof, but paid for by any other person, shall clearly state that the communication is paid for by such other person and, is authorized by such candidate, authorized committee or agent; or

(iii) Such communication, including any solicitation, if made on behalf of or in opposition to a candidate, but paid for by any other person and not authorized by a candidate, authorized committee of a candidate or its agent, shall clearly state that the communication has been paid for by such person and is not authorized by any candidate or candidate's committee.

(iv)(A) For solicitations directed to the general public on behalf of a political committee which is not an authorized committee of a candidate, such solicitation shall clearly state the full name of the person who paid for the communication.

(B) For purposes of this section, whenever a separate segregated fund solicits contributions to the fund from those persons it may solicit under the applicable provisions of 11 CFR Part 114, such communication shall not be considered a form of general public advertising and need not contain the disclaimer set forth in 11 CFR 110.11(a)(1)(iv)(A).

(2) The requirements of 11 CFR 110.11(a)(1) do not apply to bumper stickers, pins, buttons, pens and similar small items upon which the disclaimer cannot be conveniently printed. The requirements of 11 CFR 110.11(a)(1) do

not apply to skywriting, watertowers or other means of displaying an advertisement of such a nature that the inclusion of a disclaimer would be impracticable.

Dated: February 25, 1983.

Chairman, Federal Election Commission.

The SIP revision allows the Standard Register Company additional time to convert to high-solids paints and extends the final compliance date to December 31, 1983. EPA's action is based upon a request from the State of Ohio to approve a revision to its SIP.

DATE: This action will be effective May 2, 1983 unless notice is received within 30 days that someone wishes to submit adverse or critical comments.

SUPPLEMENTARY INFORMATION: On October 22, 1982, the Ohio Environmental Protection Agency (OEPA) submitted a revision to its ozone SIP for the Standard Register Company. The revision is in the form of a variance for an extended compliance time schedule to convert to high-solids paints for a surface coating line and spray booth for painting miscellaneous metal parts. The surface coating line and spray booth are located at the Standard Register Company in Montgomery County.

Under the existing Federally approved SIP a surface coating line and spray booth for painting miscellaneous metal parts are subject to the compliance schedule contained in Ohio Administrative Code (OAC) Rule 3745-21-04(C)(28) and emission limits contained in OAC Rule 3745-21-09(U)(1)(a)(iv). Final compliance is required by December 31, 1982.

In lieu of the requirements contained in OAC Rule 3745-21-04(C)(28) the State is requesting an extended compliance time schedule for the Standard Register Company to convert to high-solids paints. The final compliance date contained in the variance is December 31, 1983, for the surface coating line and spray booth at this facility.

The variance contains a compliance schedule which includes legally enforceable increments of progress toward compliance. To ensure reasonable progress in achieving compliance for a surface coating line and spray booth for painting miscellaneous metal parts, compliance schedules were established for the calendar year 1982 and 1983. The revised compliance schedule contains the following increments of progress: (a) submittal of a final control plan by October 22, 1982; (b) conversion of french gray color line to high-solids paints by March 31, 1983; (c) conversion of cinnamon air dry and bake enamels to high-solids paints by June 30, 1983; (d) conversion of all remaining baking enamels to high-solids paints by September 30, 1983; and (e) final compliance achieved by December 30,
