

Good Morning, Kendrick!

It's a great morning!!

I just want to thank you, Brenda and the rest of your team for all your help in getting us through this process. :)

I have learned much and words can't express how grateful and appreciative I am for your kindness, endless patience and help in getting these amendments to balance. You have a great team and should be very proud of their hard work! Please tell them "Thank You" from me!!

Please consider this my response declining the audit hearing.

Have a great day! I know I will!

Thanks again..
