Mr. Smith:

Thank you for the electronic copy of the Federal Election Commission's (Commission) preliminary audit report (PAR). The 2012 Tampa Bay Host Committee (Host Committee) has reviewed the PAR and is in agreement with the Commission's findings.

In order to proceed as quickly as possible with the procedures for the Commission to adopt the final audit report and based on the attached PAR referenced below, the Host Committee has no additional comments (beyond this response) and agrees to waive the 60 day period referenced in the PAR and further agrees to waive a request for a hearing on the matter. Please consider this a formal response on behalf of the Host Committee and a request for the Commission to proceed with any and all additional processes to conclude and adopt the Host Committee's final audit report.

Please respond to this email to confirm receipt of this correspondence and to acknowledge that the Commission acknowledges the Host Committee's waiver the 60 day response period as well as the waiver of a hearing and that the Commission requires nothing further from the Host Committee to proceed with adoption of the final audit report.

As you know, the Host Committee is eager to proceed with the disbursement of its excess funds to various charitable organizations in our community who are in need.

Thank you Kendrick for your assistance. I hope you enjoyed your Easter Holiday.

Sincerely,

Ken Jones
