Subject: Audit Division Recommendation Memorandum on McSally for Congress
(MFC) (A15-04)

Pursuant to Commission Directive No. 70 (FEC Directive on Processing Audit Reports), the Audit staff presented the Draft Final Audit Report (DFAR) to McSally for Congress on October 18, 2017 (see attachment). In response to the DFAR, the committee provided additional comments, as noted below. McSally for Congress requested an audit hearing before the Commission; an audit hearing was held on February 8, 2018.

This memorandum provides the Audit staff's recommendation for each finding outlined in the DFAR. The Office of General Counsel has reviewed this memorandum and concurs with the recommendations.

Finding 1. Misstatement of Financial Activity

The Audit staff determined that, for 2013, MFC understated its beginning cash-on-hand balance by \$9,121 and overstated its receipts and disbursements by \$15,676 and \$8,177, respectively. In 2014, MFC understated its ending cash-on-hand balance by \$94,453. During audit fieldwork, in 2016, MFC filed amended disclosure reports for calendar years 2013 and 2014 which materially corrected the 2013 misstatements, as well, as the 2014 ending cash-on-hand misstatement. However, amended 2014 reports overstated receipts

and disbursements by \$94,528 and \$85,472, respectively. In response to the Interim Audit Report (IAR), MFC maintained that it did not misstate its receipts and disbursements and stated that "filing a Form 99 referencing activity that occurred almost three years ago will create needless confusion." In response to the DFAR, MFC expressed its continued disagreement with the misstatement of the 2014 receipts and disbursements and maintained there was no misstatement. The legal counsel for MFC (Counsel) requested an audit hearing before the Commission to restate that MFC disagreed with this finding. Counsel maintained that it was reasonable for MFC to void previously reported disbursements on Schedule B with corresponding vendor refunds on Schedule A. Counsel further maintained that credit card chargeback amounts can be reported as contribution refunds.

The Audit staff recommends that the Commission find that MFC misstated its 2014 amended financial activity as stated above.

Finding 2. Disclosure of Occupation/Name of Employer

In response to the IAR, MFC reiterated that it utilized "best efforts" to collect and report occupation/name of employer information during the entire history of MFC including the 2014 cycle. In response to the DFAR, MFC stated that it demonstrated "best efforts" from its inception, and it believes that this finding should be removed altogether from the Final Audit Report. With respect to this matter, Counsel requested an audit hearing before the Commission to restate that MFC demonstrated "best efforts" from its inception. Counsel reiterated that this finding should not be included in the audit report.

The Audit staff recommends that the Commission find that MFC failed to disclose occupation/name of employer information for contributions from individuals totaling \$687,572.

Finding 3. Receipt of Contributions in Excess of the Limit

In response to the IAR, MFC provided copies of negotiated refund checks totaling \$6,500 which untimely resolved four of the five remaining excessive contributions. In response to the DFAR, MFC provided the remaining copy of a signed redesignation letter that untimely resolved the last pending excessive contribution.

This matter was not addressed at the audit hearing.

The Audit staff recommends that the Commission find that MFC received contributions from individuals that exceeded the limit totaling \$319,212.

Finding 4. Failure to File 48-Hour Notices

In response to the IAR, MFC reiterated that the volume of contributions it received before both the primary and general elections was "overwhelming." However, MFC restated it has implemented procedures and hired an experienced FEC compliance specialist to ensure future compliance. In response to the DFAR, MFC stated that the total amount of untimely filed 48-hour notices is not material considering the overall amount of financial activity.

This matter was not addressed at the audit hearing.

The Audit staff recommends that the Commission find that MFC failed to file or filed untimely 48-hour notices totaling \$99,853.

Finding 5. Failure to Itemize Contributions from Political Committees

In response to the IAR, MFC reiterated that it has hired an experienced FEC compliance specialist to serve as treasurer to ensure such inadvertent errors do not happen in the future. In response to the DFAR, MFC provided no additional comments.

This matter was not addressed at the audit hearing.

The Audit staff recommends that the Commission find that MFC failed to itemize contributions from political committees totaling \$32,750.

If this memorandum is approved, a Proposed Final Audit Report will be prepared within 30 days of the Commission's vote.

In case of an objection, Directive No. 70 states that the Audit Division Recommendation Memorandum will be placed on the next regularly scheduled open session agenda.

Why the Audit Was Done

Federal law permits the Commission to conduct audits and field investigations of any political committee that is required to file reports under the Federal Election Campaign Act (the Act). The Commission generally conducts such audits when a committee appears not to have met the threshold requirements for substantial compliance with the Act.¹ The audit determines whether the committee complied with the limitations, prohibitions and disclosure requirements of the Act.

Future Action

The Commission may initiate an enforcement action, at a later time, with respect to any of the matters discussed in this report.

Part I

Background

Authority for Audit

This report is based on an audit of the McSally for Congress (MFC), undertaken by the Audit Division of the Federal Election Commission (the Commission) in accordance with the Federal Election Campaign Act of 1971, as amended (the Act). The Audit Division conducted the audit pursuant to 52 U.S.C. §30111(b), which permits the Commission to conduct audits and field investigations of any political committee that is required to file a report under 52 U.S.C. §30104. Prior to conducting any audit under this subsection, the Commission must perform an internal review of reports filed by selected committees to determine if the reports filed by a particular committee meet the threshold requirements for substantial compliance with the Act. 52 U.S.C. §30111(b).

Scope of Audit

Following Commission-approved procedures, the Audit staff evaluated various risk factors and as a result, this audit examined:

1. the receipt of excessive contributions;
2. the receipt of contributions from prohibited sources;
3. the disclosure of contributions received;
4. the disclosure of individual contributors' occupation and name of employer;
5. the consistency between reported figures and bank records;
6. the completeness of records; and
7. other committee operations necessary to the review.

Summaries

Findings and Recommendations

Finding 1. Misstatement of Financial Activity

During audit fieldwork, a comparison of MFC's reported activity with its bank records identified misstatements in 2013 and 2014. In 2013, beginning cash-on-hand was understated by \$9,121, disbursements were overstated by \$8,177, and receipts were overstated by \$15,676. In 2014, ending cash-on-hand was understated by \$94,453. In 2016, MFC filed amended disclosure reports for calendar years 2013 and 2014 which materially corrected some of the misstatements, including cash on hand. However, 2014 receipts and disbursements remained misstated on the amended reports largely due to how MFC reported voided disbursements as offsets to operating expenditures.

In response to the Interim Audit Report recommendation, MFC discussed in detail the overstated receipts and disbursements on the amended 2014 reports. MFC maintained that it did not misstate its receipts and disbursements and that filing Form 99 (Miscellaneous Text) for activity that occurred almost three years ago would create "needless confusion." The Audit staff maintains that 2014 receipts and disbursements remain overstated by \$94,528 and \$85,472, respectively. (For more detail, see p. 5.)

Finding 2. Disclosure of Occupation/Name of Employer

A review of contributions from individuals requiring itemization indicated that 1,266 contributions totaling \$687,572 lacked disclosure of occupation/name of employer. During audit fieldwork, MFC demonstrated "best efforts" to obtain, maintain and submit the missing occupation/name of employer information to materially correct the disclosure errors. Since MFC's corrective action occurred after audit notification, the matter is included in this audit report.

In response to the Interim Audit Report recommendation, MFC reiterated that it utilized "best efforts" to collect and report occupation/name of employer during the entire history of MFC including the 2014 cycle. The Audit staff considers this matter resolved. (For more detail, see p. 9.)

Finding 3. Receipt of Contributions in Excess of the Limit

During audit fieldwork, the Audit staff reviewed contributions from individuals to determine if any contributions exceeded the limit. This review indicated that MFC received 153 apparent excessive contributions totaling \$319,212. These errors occurred as a result of MFC not resolving the excessive portions of contributions by forwarding presumptive redesignation and/or reattribution letters to the contributors or issuing refunds in a timely manner. MFC has untimely resolved 148 contributions totaling \$312,412. The five remaining excessive contributions totaling \$6,800 could still be resolved, albeit untimely, via a presumptive redesignation and/or reattribution letter and refunds.

In response to the Interim Audit Report recommendation, MFC provided copies of negotiated refund checks totaling \$6,500 which untimely resolved four of the above excessive contributions. As such, MFC has materially complied with the recommendation and the Audit staff considers this matter resolved. (For more detail, see p. 11.)

Finding 4. Failure to File 48-Hour Notices

During audit fieldwork, the Audit staff noted that MFC failed to file or filed untimely 48-hour notices for 33 contributions totaling \$99,853, that were received prior to primary and general elections.

In response to the Interim Audit Report recommendation, MFC reiterated that the volume of contributions it received before both the primary and general elections was "overwhelming." However, MFC restated it has implemented procedures and hired experienced FEC compliance specialists to ensure future compliance. The Audit staff maintains the 33 contributions totaling \$99,853 were not filed or were filed untimely. (For more detail, see p. 14.)

Finding 5. Failure to Itemize Contributions from Political Committees

The Audit staff reviewed contributions from political committees and determined that MFC failed to itemize 15 contributions from such entities totaling \$32,750 on Schedule A (Itemized Receipts) of its disclosure reports. During audit fieldwork, MFC filed amended reports and correctly disclosed these receipts. Since MFC's corrective action occurred after audit notification, the matter is included in this audit report.

In response to the Interim Audit Report recommendation, MFC reiterated that it has hired an experienced FEC compliance specialist to serve as treasurer to ensure such inadvertent errors do not happen in the future. The Audit staff considers this matter resolved. (For more detail, see p. 15.)

Part IV

Findings and Recommendations

Finding 1. Misstatement of Financial Activity

Summary

During audit fieldwork, a comparison of MFC's reported activity with its bank records identified misstatements in 2013 and 2014. In 2013, beginning cash-on-hand was understated by \$9,121, disbursements were overstated by \$8,177, and receipts were overstated by \$15,676. In 2014, ending cash-on-hand was understated by \$94,453. In 2016, MFC filed amended disclosure reports for calendar years 2013 and 2014 which materially corrected some of the misstatements, including cash on hand. However, 2014 receipts and disbursements remained misstated on the amended reports largely due to how MFC reported voided disbursements as offsets to operating expenditures.

In response to the Interim Audit Report recommendation, MFC discussed in detail the overstated receipts and disbursements on the amended 2014 reports. MFC maintained that it did not misstate its receipts and disbursements and that filing Form 99 (Miscellaneous Text) for activity that occurred almost three years ago would create "needless confusion." The Audit staff maintains that 2014 receipts and disbursements remain overstated by \$94,528 and \$85,472, respectively.

Legal Standard

A. Contents of Reports. Each report must disclose:

- The amount of cash-on-hand at the beginning and end of the reporting period;
- The total amount of receipts for the reporting period and for the election cycle;
- The total amount of disbursements for the reporting period and for the election cycle; and
- Certain transactions that require itemization on Schedule A (Itemized Receipts) or Schedule B (Itemized Disbursements). 52 U.S.C. §30104(b)(1), (2), (3), (4) and (5) and 11 CFR §104.3.

B. Formal Requirements Regarding Reports and Statements. Each treasurer of a political committee is responsible for the timely and complete filing of the report or statement and for the accuracy of any information or statement contained in it. 11 CFR §104.14(d).

Facts and Analysis

A. Facts

During audit fieldwork, the Audit staff reconciled MFC's reported activity with its bank records for calendar years 2013 and 2014. The reconciliation revealed that MFC misstated its beginning cash-on-hand, receipts, and disbursements for 2013 and its ending cash-on-hand for 2014. The following charts outline the discrepancies between MFC's 2013 and 2014 disclosure reports and its bank records. The succeeding paragraphs explain why the discrepancies occurred.

2013 Committee Activity			
	Reported	Bank Records	Discrepancy
Beginning Cash-on-Hand @ January 1, 2013	\$ 20,380	\$ 29,501	\$ 9,121 Understated
Receipts	\$740,944	\$725,268	\$15,676 Overstated
Disbursements	\$213,349	\$205,172	\$ 8,177 Overstated
Ending Cash-on-Hand @ December 31, 2013	\$547,975	\$549,597	\$ 1,622 Understated

The \$9,121 understatement of beginning cash-on-hand likely resulted from prior-period discrepancies.

The overstatement of receipts resulted from the following:

• Offset to operating expenditure not supported by bank deposit ²	\$(15,000)
• Contribution refund from individual not reported as a negative	(150)
• Reported contribution from individual not supported by bank deposit	(500)
• Unexplained difference	(26)
Overstatement of Receipts	<u>\$(15,676)</u>

The overstatement of disbursements resulted from the following:

• Reported disbursements not clearing bank	\$(8,584)
• Unreported in-kind contribution	334
• Unexplained difference	73
Overstatement of Disbursements	<u>\$(8,177)</u>

2014 Committee Activity			
	Reported	Bank Records	Discrepancy
Beginning Cash-on-Hand @ January 1, 2014	\$ 547,975	\$ 549,597	\$ 1,622 Understated
Receipts	\$4,067,069	\$4,121,244	\$54,175 Understated
Disbursements	\$4,253,328	\$4,212,352	\$40,976 Overstated
Ending Cash-on-Hand @ December 31, 2014	\$ 364,036	\$ 458,489	\$94,453 Understated

The \$94,453 understatement of the ending cash-on-hand resulted from various reporting discrepancies for receipts and disbursements.³

² This transaction relates to a 2012 media disbursement. From the documents provided, the Audit staff could not confirm whether MFC was issued a credit for the presumed payment. However, no actual refund was deposited into MFC's bank account.

³ The reported 2014 ending cash-on-hand includes a \$2,320 mathematical discrepancy.

During audit fieldwork, MFC filed comprehensive amended disclosure reports for calendar years 2013 and 2014. The Audit staff analyzed the amended reports and determined that MFC materially corrected the 2013 misstatements noted above as well as the 2014 ending cash-on-hand misstatement.⁴

However, by amending the reports, MFC overstated its 2014 receipts and disbursements by \$94,528 and \$85,472,⁵ respectively. The Audit staff discussed these misstatements at the exit conference.

B. Interim Audit Report & Audit Division Recommendation

The Audit staff discussed the misstatement of financial activity for both audited and amended reports with MFC representatives at the exit conference and provided work papers detailing the differences. The Audit staff stated that, by amending the disclosure reports, MFC materially corrected the misstatements identified in the audited reports filed prior to audit notification. However, MFC inadvertently created additional reporting discrepancies in the amended reports.

In response to the exit conference, MFC representatives stated that they undertook a comprehensive internal review of MFC's accounting and disclosure reports beginning with MFC's inception in 2012 and reconciled over \$12.3 million in financial activity. As a result, MFC amended every disclosure report filed from 2012 through the year-end 2014. The representatives further stated that MFC spent considerable time and resources to ensure that the public record was as complete and accurate as possible. With respect to the 2013 and 2014 misstatements, MFC representatives stated that they would review the Audit staff's figures and would provide a detailed response at the completion of their review.

As mentioned above, MFC's amended disclosure reports materially overstated its 2014 receipts and disbursements. The majority of the misstatements was caused by the way MFC voided previously reported payments and credit card chargebacks. With respect to the reported payments MFC subsequently voided, instead of disclosing these voids as negative amounts on Schedule B, Line 17 (Operating Expenditures), MFC incorrectly added refunds on Schedule A, Line 14 (Offsets to Operating Expenditures) to offset the voided disbursements. While such reporting will create a material agreement in the ending cash-on-hand balances per bank and reports, it will also effectively inflate both receipts and disbursements. Similarly, the credit card chargebacks should have been disclosed as negative entries on Schedule A, Line 11a (Contributions from Individuals). Instead, MFC reported these chargebacks as disbursements on Line 20a (Refunds of Contributions), which also contributed to an overstatement of receipts and disbursements.

Regarding the 2014 voided payments, MFC acknowledged that the Commission guidance provides that non-negotiated checks written by a committee should be reported as negative entries rather than as offsets to operating expenditures. However, MFC further stated that it does not believe its decision to report these amounts as offsets is inconsistent with the Commission regulations. The FEC Campaign Guide for Congressional

⁴ MFC correctly removed 33 receipt transactions totaling \$27,115.

⁵ The initial overstatement was \$93,122, however, MFC later clarified the treatment of two disbursements totaling \$7,650. ($\$85,472 = \$93,122 - \$7,650$)

Candidates and Committees, however, states otherwise and provides instructions on how to address these transactions. The Audit staff maintains that MFC's reporting of voided checks is incorrect. MFC merely reported an accurate cash-on-hand balance but such reporting is insufficient because the Act and Commission regulations also requires disclosure and accurate reporting of receipts and disbursements. As such, the Audit staff notes that 2014 receipts and disbursements remain overstated by \$94,528 and \$85,472, respectively.

The Interim Audit Report recommended that MFC file a Form 99 (Miscellaneous Text) to further explain its reporting methodology regarding the transactions as a matter of public record. The Interim Audit Report further recommended that, in the future, MFC correctly disclose voided payments as negative entries on Schedule B.

C. Committee Response to Interim Audit Report

In response to the Interim Audit Report recommendation, MFC representatives maintained that the receipts and disbursements, as amended, were not materially misstated. Their response to the Interim Audit Report, similarly as their response to the exit conference, contained the same arguments discussed in detail above. With respect to the voided payments, MFC continued to argue that its reporting of these items as receipts was to ensure that the cash on hand was accurate. MFC explained that the Detailed Summary Pages delineate between the contributions from individuals and other types of receipts and, because these "vendor refunds" did not represent contributions from individuals, MFC concluded that no overstatement occurred. The Audit staff's position remains unchanged; reporting voided disbursements and the corresponding non-existent vendor refunds did result in overstatement of total disbursements and total receipts, respectively, regardless of the fact that the subtotals for certain subcategories of receipts and disbursements, were accurate. The overstatement occurred because MFC reported items that did not clear the bank. Therefore, MFC's reconciliation of its internal records did not translate to an accurate reporting even though the cash-on-hand was in agreement with the bank balance.

MFC did not file a Form 99. The representatives stated that filing Form 99 and referencing activity that occurred almost three years ago would create "needless confusion." In addition, MFC stated that even if this could be considered a misstatement, it would "barely represent 1.5% of MFC's receipts and disbursements," a percentage MFC considers immaterial. MFC also stated that the Commission's audit was "just a sample," whereas its internal review was a complete recreation of the database.⁶

⁶ The Audit staff notes that MFC's internal review coincided with the audit's fieldwork. Also, the Audit staff notes that the bank reconciliation does not involve a sample or sampling. The bank reconciliation involves detail comparison of the reconciled bank entries with the reports MFC filed with the Commission during the audit period.

Finding 2. Disclosure of Occupation/Name of Employer

Summary

A review of contributions from individuals requiring itemization indicated that 1,266 contributions totaling \$687,572 lacked disclosure of occupation/name of employer. During audit fieldwork, MFC demonstrated "best efforts" to obtain, maintain and submit the missing occupation/name of employer information to materially correct the disclosure errors. Since MFC's corrective action occurred after audit notification, the matter is included in this audit report.

In response to the Interim Audit Report recommendation, MFC reiterated that it utilized "best efforts" to collect and report occupation/name of employer during the entire history of MFC including the 2014 cycle. The Audit staff considers this matter resolved.

Legal Standard

- A. Itemization Required for Contributions from Individuals.** An authorized candidate committee must itemize any contribution from an individual if it exceeds \$200 per election cycle, either by itself or when combined with other contributions from the same contributor. 52 U.S.C. §30104(b)(3)(A).
- B. Required Information for Contributions from Individuals.** For each itemized contribution from an individual, the committee must provide the following information:
- the contributor's full name and address (including zip code);
 - the contributor's occupation and the name of his or her employer;
 - the date of receipt (the date the committee received the contribution);
 - the amount of the contribution; and
 - the election cycle year-to-date total of all contributions from the same individual. 52 U.S.C. §30104(b)(3)(A) and 11 CFR §§100.12 and 104.3(a)(4)(i).
- C. Best Efforts Ensure Compliance.** When the treasurer of a political committee shows that the committee used best efforts (see below) to obtain, maintain, and submit the information required by the Act, the committee's reports and records will be considered in compliance with the Act. 52 U.S.C. §30102(i) and 11 CFR §104.7(a).
- D. Definition of Best Efforts.** The treasurer and the committee will be considered to have used "best efforts" if the committee satisfied all of the following criteria:
- All written solicitations for contributions included:
 - a clear request for the contributor's full name, mailing address, occupation, and name of employer; and
 - the statement that such reporting is required by Federal law.
 - Within 30 days of receipt of the contribution, the treasurer made at least one effort to obtain the missing information, in either a written request or a documented oral request.
 - The treasurer reported any contributor information that, although not initially provided by the contributor, was obtained in a follow-up communication or was

contained in the committee's records or in prior reports that the committee filed during the same two-year election cycle. 11 CFR §104.7(b).

Facts and Analysis

A. Facts

A review of itemized contributions from individuals indicated that 1,266 contributions totaling \$687,572, or 29 percent of the dollar value of individual contributions required to be itemized by MFC, lacked disclosure of occupation/name of employer. The majority of the contributor entries with missing information were either disclosed with notations of "Information Requested" or were left blank on the Schedule A (Itemized Receipts).

During audit fieldwork, the Audit staff reviewed the receipt documents provided by MFC to determine if MFC utilized "best efforts" to obtain, maintain and submit the missing information. MFC presented a variety of documents to demonstrate its efforts to obtain and maintain the documentation as follows:

- MFC provided a written statement from its former Finance Director which summarized his roles and duties with respect to the "best efforts." According to MFC, its solicitation materials and devices notified contributors of MFC's obligation under Federal Law to collect and report the name, mailing address, occupation and employer of individuals whose contributions exceeded \$200 in an election cycle. However, if the contributor did not provide the information, MFC sent a letter and asked for the information.
- The above statement was accompanied by samples of e-mail correspondence between the former Finance Director and the former Treasurer. In these, the former officials discussed the follow-up procedures for the contributors whose occupation/name of employer information was missing.
- Further, MFC provided samples of the "best effort" letters; a spreadsheet template used to create a list for the mail merge; as well as an example of the populated mail merge spreadsheet listing the dates and names of contributors whose information was requested.
- Finally, MFC described its "best efforts" procedures in the internal control questionnaire the Audit staff requested MFC to complete as follows: campaign staff would either call the contributor and explain the "best efforts" requirement to request; obtain and report the occupation/name of employer information, or, would send letters explaining the requirements and requesting the information.

Based on the contributor responses from the efforts noted above, MFC filed amended disclosure reports during audit fieldwork. The Audit staff reviewed these reports and determined that MFC materially disclosed the occupation/name of employer information.

B. Interim Audit Report and Audit Division Recommendation

The Audit staff presented this matter to MFC representatives at the exit conference and noted that MFC has materially resolved this matter and no further action was required. However, because MFC's corrective action was taken after the audit notification, the matter would be presented in the audit report. In response to the exit conference, MFC representatives reiterated that MFC utilized "best efforts" to collect and report the occupation/name of employer information during the 2014 election cycle. They further

stated that solicitation materials included a clear request for the name, address, and occupation/name of employer of individuals whose contributions aggregated \$200 during the election cycle. In instances where the contributor did not provide such information, MFC made at least one effort to obtain the information.

The Interim Audit Report recommended that MFC provide any additional comments it deemed necessary with respect to this matter.

C. Committee Response to Interim Audit Report

In response to the Interim Audit Report recommendation, MFC again stated that it utilized "best efforts" to collect and report occupation/name of employer during the entire history of the committee, including the 2014 cycle. MFC reiterated that its solicitation materials included a clear request for the required occupation/name of employer information and in instances where the information was not provided, MFC made at least one effort to obtain the information.

Finding 3. Receipt of Contributions in Excess of the Limit

Summary

During audit fieldwork, the Audit staff reviewed contributions from individuals to determine if any contributions exceeded the limit. This review indicated that MFC received 153 apparent excessive contributions totaling \$319,212. These errors occurred as a result of MFC not resolving the excessive portions of contributions by forwarding presumptive redesignation and/or reattribution letters to the contributors or issuing refunds in a timely manner. MFC has untimely resolved 148 contributions totaling \$312,412. The five remaining excessive contributions totaling \$6,800 could still be resolved, albeit untimely, via a presumptive redesignation and/or reattribution letter and refunds.

In response to the Interim Audit Report recommendation, MFC provided copies of negotiated refund checks totaling \$6,500 which untimely resolved four of the above excessive contributions. As such, MFC has materially complied with the recommendation and the Audit staff considers this matter resolved.

Legal Standard

A. Authorized Committee Limits. For the 2014 election, an authorized committee may not receive more than a total of \$2,600 per election from any one person or \$5,000 per election from a multicandidate political committee. 52 U.S.C. §§30116(a)(1)(A) and (a)(2)(A); 11 CFR §§110.1(a) and (b) and 110.9.

B. Handling Contributions That Appear Excessive. If a committee receives a contribution that appears to be excessive, the committee must either:

- Return the questionable check to the donor; or
- Deposit the check into its federal account and:
 - Keep enough money in the account to cover all potential refunds;
 - Keep a written record explaining why the contribution may be illegal;
 - Include this explanation on Schedule A if the contribution has to be itemized before its legality is established;

- Seek a reattribution or a redesignation of the excessive portion, following the instructions provided in the Commission regulations (see below for explanations of reattribution and redesignation); and
- If the committee does not receive a proper reattribution or redesignation within 60 days after receiving the excessive contribution, refund the excessive portion to the donor. 11 CFR §§103.3(b)(3), (4) and (5) and 110.1(k)(3)(ii)(B).

C. Joint Contributions. Any contribution made by more than one person (except for a contribution made by a partnership) must include the signature of each contributor on the check, money order, or other negotiable instrument or in a separate writing. A joint contribution is attributed equally to each donor unless a statement indicates that the funds should be divided differently. 11 CFR §110.1(k)(1) and (2).

D. Reattribution of Excessive Contributions. The Commission regulations permit committees to ask donors of excessive contributions (or contributions that exceed the committee's net debts outstanding) whether they had intended their contribution to be a joint contribution from more than one person and whether they would like to reattribute the excess amount to the other contributor. The committee must inform the contributor that:

- The reattribution must be signed by both contributors;
- The reattribution must be received by the committee within 60 days after the committee received the original contribution; and
- The contributor may instead request a refund of the excessive amount. 11 CFR §110.1(k)(3).

Within 60 days after receiving the excessive contribution, the committee must either receive the proper reattribution or refund the excessive portion to the donor. 11 CFR §§103.3(b)(3) and 110.1(k)(3)(ii)(B). Further, a political committee must retain written records concerning the reattribution in order for it to be effective. 11 CFR §110.1(l)(5).

Notwithstanding the above, any excessive contribution that was made on a written instrument that is imprinted with the names of more than one individual may be attributed among the individuals listed unless instructed otherwise by the contributor(s). The committee must inform each contributor:

- How the contribution was attributed; and
- The contributor may instead request a refund of the excessive amount. 11 CFR §110.1(k)(3)(ii)(B).

E. Redesignation of Excessive Contributions. When an authorized candidate committee receives an excessive contribution (or a contribution that exceeds the committee's net debts outstanding), the committee may ask the contributor to redesignate the excess portion of the contribution for use in another election. The committee must inform the contributor that:

- The redesignation must be signed by the contributor;
- The redesignation must be received by the committee within 60 days after the committee received the original contribution; and

- The contributor may instead request a refund of the excessive amount. 11 CFR §110.1(b)(5).

Within 60 days after receiving the excessive contribution, the committee must either receive the proper redesignation or refund the excessive portion to the donor. 11 CFR §§103.3(b)(3) and 110.1(b)(5)(ii)(A). Further, a political committee must retain written records concerning the redesignation in order for it to be effective. 11 CFR §110.1(l)(5).

When an individual makes an excessive contribution to a candidate's authorized committee, the campaign may presumptively redesignate the excessive portion to the general election if the contribution:

- Is made before that candidate's primary election;
- Is not designated in writing for a particular election;
- Would be excessive if treated as a primary election contribution; and
- As redesignated, does not cause the contributor to exceed any other contribution limit.
- The committee is required to notify the contributor of the redesignation within 60 days of the treasurer's receipt of the contribution, and must offer the contributor the option to receive a refund instead. 11 CFR §110.1(b)(5)(ii)(B)(1), (2), (3), (4), (5), and (6).

Facts and Analysis

A. Facts

During audit fieldwork, the Audit staff identified 117 individuals with 153 apparent excessive contributions totaling \$319,212. MFC resolved \$259,969 of the excessive contributions by sending presumptive reattribution and/or redesignation letters that were untimely. The remaining excessive contributions totaling \$59,243 were primarily credit card or single accounts check contributions requiring additional documentation. These contributions could still be resolved, albeit untimely, via reattribution and/or redesignation letters or refunds. During the campaign, MFC maintained sufficient funds in its accounts to make refunds of these apparent excessive contributions.

B. Interim Audit Report & Audit Division Recommendation

The Audit staff discussed this matter with the MFC representatives at the exit conference. The Audit staff provided schedules of the apparent excessive contributions along with a description of actions necessary to resolve them. Subsequent to the exit conference, MFC presented additional presumptive letters sent to the contributors that untimely resolved additional excessive contributions totaling \$20,550 and provided copies of negotiated refund checks that untimely resolved excessive contributions totaling \$31,893. The remaining five excessive contributions totaling \$6,800⁷ could still be resolved, albeit untimely, as follows: One excessive contribution could be resolved with a signed redesignation letter and the remaining four excessive contributions could be resolved with refunds to the contributor.

⁷ Remaining excessive contribution balance of \$6,800 = \$59,243 - \$20,550 - \$31,893.

The Interim Audit Report recommended that MFC provide documentation demonstrating that it resolved the remaining excessive contributions totaling \$6,800.

C. Committee Response to Interim Audit Report

In response to the Interim Audit Report recommendation, MFC provided copies of negotiated refund checks totaling \$6,500 which untimely resolved four of the five excessive contributions. As such, MFC has materially complied with the recommendation.

Finding 4. Failure to File 48-Hour Notices

Summary

During audit fieldwork, the Audit staff noted that MFC failed to file or filed untimely 48-hour notices for 33 contributions totaling \$99,853, that were received prior to primary and general elections.

In response to the Interim Audit Report recommendation, MFC reiterated that the volume of contributions it received before both the primary and general elections was "overwhelming." However, MFC restated it has implemented procedures and hired experienced FEC compliance specialists to ensure future compliance. The Audit staff maintains the 33 contributions totaling \$99,853 were not filed or were filed untimely.

Legal Standard

Last-Minute Contributions (48-Hour Notice). Campaign committees must file special notices regarding contributions of \$1,000 or more received less than 20 days but not more than 48 hours before any election in which the candidate is running. This rule applies to all types of contributions to any authorized committee of the candidate, including:

- contributions from the candidate;
- loans from the candidate and other non-bank sources; and
- endorsements or guarantees of loans from the banks. 11 CFR §104.5(f).

Facts and Analysis

A. Facts

During audit fieldwork, the Audit staff identified 187 contributions totaling \$442,543 that equaled or exceeded \$1,000 and were received during the 48-hour notice period for the primary and general elections. A review of these contributions indicated that MFC did not file 48-hour notices for 29 contributions totaling \$91,053 and untimely filed 48-hour notices for four contributions totaling \$8,800. These contributions are summarized as follows.

	Primary	General	Total
48-Hour Notices Not Filed	\$13,200	\$77,853	\$91,053
48-Hour Notices Filed Late	\$0	\$8,800	\$8,800
TOTALS	\$13,200	\$86,653	\$99,853

B. Interim Audit Report & Audit Division Recommendation

At the exit conference, the Audit staff discussed the filing of 48-hour notices with MFC representatives and provided schedules of the contributions for which 48-hour notices were not filed or were filed in an untimely manner. In response to the exit conference, MFC stated that the volume of contributions it received before the primary and general elections was at times overwhelming but it filed notices for almost 90 percent of the amount raised during the 48-hour time period. MFC also confirmed that it has implemented procedures and hired experienced FEC compliance specialists to ensure future compliance.

The Interim Audit Report recommended that MFC provide evidence that the 48-hour notices were not required to be filed; or were filed in a timely manner; or provide any further comments it considers relevant.

C. Committee Response to Interim Audit Report

In response to the Interim Audit Report recommendations, MFC stated that the total error amount for non-filed and untimely filed 48-hour notices differed from the amount presented at the exit conference.⁸ MFC also reiterated that the volume of contributions received before both the primary and general elections was overwhelming at times. MFC has implemented procedures and hired experienced FEC compliance specialists to ensure future compliance. The Audit staff maintains the 33 contributions totaling \$99,853 were not filed or were filed untimely.

Finding 5. Failure to Itemize Contributions from Political Committees

Summary

The Audit staff reviewed contributions from political committees and determined that MFC failed to itemize 15 contributions from such entities totaling \$32,750 on Schedule A (Itemized Receipts) of its disclosure reports. During audit fieldwork, MFC filed amended reports and correctly disclosed these receipts. Since MFC's corrective action occurred after audit notification, the matter is included in this audit report.

In response to the Interim Audit Report recommendation, MFC reiterated that it has hired an experienced FEC compliance specialist to serve as treasurer to ensure such inadvertent errors do not happen in the future. The Audit staff considers this matter resolved.

⁸ The Audit staff routinely presents *preliminary* findings at the exit conference. These preliminary findings may be subject to change or modification based on additional documentation; internal review; the legal advice, etc.
