FEC CITES COMMITTEES FOR FAILING TO DISCLOSE CAMPAIGN INFORMATION

WASHINGTON -- A total of 443 committees of U.S. House and Senate candidates have been cited by the Federal Election Commission for failing to file 1981 Semiannual disclosure reports. Reports from 359 House and 84 Senate campaigns had not been filed by close-of-business August 13, 1981.

The reports were due July 31, 1981. If sent certified or registered mail, they should have been postmarked by that date. Campaigns involved in last year's primary and general elections (or previous elections) should have disclosed financial activity for the first six months of 1981.

The Federal Election Campaign Act requires all authorized committees of candidates in U.S. House and Senate races to file reports on a semiannual basis in a non-election year. This includes committees with debts from past campaign years and newly registered campaign committees which are raising and spending money in 1981 for future races.

All committees are notified by the FEC of potential reporting requirements approximately one month in advance of each reporting date. Committees which fail to file timely reports are again notified after the due date that their reports have not been received. By law, only authorized committees of candidates are published.

Failure to file the required reports results in publication of committee names on a list of non-filers. Further FEC action against non-filers and late filers is decided on a case-by-case basis, depending on the amount of financial activity involved, the percent of vote received and/or the lateness of the report. The election law gives the Commission broad authority to initiate enforcement actions, including civil court enforcement and the imposition of civil penalties (\$5,000 for "any violation" and \$10,000 for any "knowing and willfull violation") for infractions of the law, including failure to file required disclosure reports.
