PRESIDENTIAL PRIMARY SPENDING AT \$200 MILLION MARK

WASHINGTON -- According to Federal Election Commission summaries, 1988 Presidential campaigns raised \$204 million and spent \$200 million through the month of June. The agency's continuing series of monthly statistical reports on 1988 Presidential campaign spending includes all pre-convention financial activity.

The FEC summary figures are based on monthly reports filed July 20, by all campaigns which were eligible to receive federal matching funds, as well as three additional campaigns which had significant financial activity in 1987, - eighteen candidates in all. The reports disclosed receipts and disbursements for the month of June, and summary figures for the entire campaign to date.

Comparable information is available from previous presidential election cycles.

FEC figures on the following pages have been adjusted for contribution refunds, loan repayments and offsets to operating expenditures, affording the reader a more realistic look at monies raised and spent.

State spending by each campaign is provided, along with maps to graphically depict the variations and/or spending patterns.

A set of graphs has been included to show the receipts of each campaign, by source, for each reporting period in 1987 and 1988.

FOOTNOTES

Figures listed in the preceding tables are net calculations; that is, amounts have been subtracted for contribution refunds, loan repayments, and refunds or rebates received (offsets).

Receipt categories will add up to campaign totals except for the following:

- 1/ Dole ----- Total includes \$1.15 million transferred from the Dole for Senate committee.
- 2/ Kemp ----- Total includes \$490,000 from Victory '88 (formerly Kemp Superbowl Brunch).
- 3/ Dukakis -- Total includes \$394,300 from Dukakis Gubernatorial Committee.
- 4/ Gephardt - Total includes \$138,000 transferred from Gephardt in Congress Committee.

The tables and maps on pages 5 - 11 represent state-by-state expenditures reported by the 1988 Presidential campaigns. Each FEC summary takes the figures as reported by the campaigns in the column "Total Allocation to Date". Before attempting to draw any conclusions about state-by-state spending, it is important to consider the following:

- The figures presented are preliminary, since reports are often amended due to omissions, errors, and/or changes to the data over time.
- Data for different campaigns may not be comparable. Although FEC regulations require state-by-state allocation of money spent for media, staff, equipment, etc., each campaign employs its own method for determining the distribution of those expenses. Certain expenditures may not be allocated to any state, since they more closely relate to the campaign's "national" effort.
