INCUMBENTS FACE FINAL DAYS BEFORE ELECTION WITH HUGE FINANCIAL LEAD

WASHINGTON -- In the last days of the 1990 congressional races, incumbents boasted a remaining campaign war chest advantage of \$120 million to \$6 million over their challengers, according to the Federal Election Commission.

Pre-general election campaign disclosure reports filed last week also showed that congressional campaign spending topped \$303 million through October 17. This level of activity is a decrease of two percent from spending in 1988, and an increase of only one percent over 1986.

PAC contributions to congressional campaigns totalled \$122 million, an increase of only two percent over the \$120 million given in 1988. From 1986 to 1988, PAC contributions rose 16 percent. Patterns of fundraising from major sources over the three cycles can be ascertained from an analysis of charts attached to this release.

Other highlights of the FEC report include:

- *** 67 U.S. Senate general election candidates...
 - Raised \$151 million and spent \$134 million
 - Received \$101 million from individuals
 - Received \$36 million from political action committees
 - Entered the remaining weeks before the election with campaign war chests of \$34 million
- *** 840 U.S. House general election candidates...
 - Raised \$207 million and spent \$170 million
 - Received \$96 million from individuals
 - Received \$86 million from political action committees
 - Entered the remaining weeks before the election with campaign war chests of \$96 million

Information attached to this report provides race-by-race statistics, candidate rankings and overall summary data by political party as well as by candidate status (incumbent, challenger or open seat). Some charts also detail figures which compare current activity to that in 1987-88 and 1985-86.

Summary tables on Senate candidates include financial activity since 1985. Part of the earlier figures may relate to debt retirement from prior elections and should not automatically be presumed to have been raised for a candidate's 1990 campaign. No 1989-90 special election money is included in this release except for Hawaii's 2nd congressional district.

FOOTNOTES

1. Figures in the first two Tables and the detailed listing of candidates cover from January 1, 1989, or whenever the campaign registered during the election cycle, through October 17, 1990, or the last report filed by the campaign, as indicated.
2. Net receipt and net disbursement figures are total receipts and total disbursements, as reported by the campaigns, minus any money transferred between committees of the same campaign.
3. Columns entitled "Other Committees" (also "Other Cmte's") are monies received, as reported by the campaigns, that are comprised mostly of PAC funds, but also include contributions by other candidates' committees and some unregistered entities. On the Senate listings, the column "Non Party Contributions" contains PAC contributions for 1986 and 1988, as reported by the PAC's, and "Other Committee" data for 1990.
4. Open seat races are those in which the incumbent did not seek reelection. As such, both general election candidates in Ohio's 8th district are classified as challengers. Districts where special elections have been held at times separate from the regular election calendar (AL/3, CA/15, FL/18, IN/4, MS/5, NY/14, NY/18, TX/12, TX/18, WY) have been divided into two races. **None of the activity regarding those special elections is included in these tables.** Winners of the specials appear here as incumbents, and their activity begins with the first report following the Post Special filing. The district in which a special election is being held in conjunction with the general (HI/2) is classified as open seat and has not been divided.
5. Percentage figures in Tables covering several election cycles represent the percentage of net receipts from each source and will not sum to 100, since not all sources of receipts are listed.
6. On the Senate listings, the column titles "Candidate Support" includes contributions by the candidate, as well as loans made or guaranteed by the candidate. The column titles "Trans from other auth" includes monies transferred from House committees of candidates for the Senate, as well as proceeds from joint fundraising activity among several candidates or committees. Contributions from individuals and PAC's made through these joint fundraising efforts are NOT included in the "Individual Contributions" or "Non Party Contributions" columns.
7. Detailed listings of candidates include all those participating in the November 6th general election, along with those candidates in Louisiana who received at least 50% of the vote in the primary and were therefore declared the winner of the seat.
8. Some House members who are or were running for the Senate in '90 changed their former House campaign committees into their Senate campaign committees. Financial activity related solely to their Senate campaigns cannot be isolated. (See Akaka and Saiki [HI], Craig [ID], Schneider [RI], Tauke [IA]).
9. One incumbent Senator has carried debts from previous elections which continue to be reflected in the "Debts Owed" column of the detailed listing and in Top 50 listings. See Warner [VA].
10. Marguerite Chandler [NJ/12] has reported significant roll over of debt during the 1990 campaign. Loans from banks were repayed with newly borrowed money. The reporting of this activity inflates receipts and disbursements by approximately \$420,000.
11. Figures for Senate Republican Challengers are significantly affected by the campaign of James Rapaport in Massachusetts. Loans from the Candidate totalling \$3,000,000 in this single campaign represent 63% of all candidate loans in Senate general election campaigns. Similarly, cash on hand of non-incumbent Senate campaigns is effected by the total for Harvey Gantt in North Carolina. His \$1,141,816 represents 33% of cash on hand for all Senate general election challengers.
12. Activity of House Other Party candidates primarily reflects the campaign of Bernard Sanders in Vermont.
